HISTORIC ADDRESS by the Honorable Elijah Muhammad to followers and visitors at Chicago's International Amphitheater warned against deceit and hypocrisy which could lead the black man down paths of destruction. The

Messenger of Allah, the only divinely inspired leader of America's 22 million black people appears here on the podium before 7,000 attentive listeners.

'We Live in the Time of a Change of Worlds'

As-Salaam-Alaikum. In the Name of Allah The Most Merciful To Whom all Holy Praise is Due; The Lord of the Worlds. The Most Merciful, The Finder and Live Giver to we the lost found member of the aboriginal black people of the earth here in North America, who have been here for now a little over 400 long years.

MANY THANKS to you who are present at this hour, which is an honor to me and my laborers, the Ministers and my followers, for you to be present. It shows respect, and I thank you. We are not here, this afternoon, to declare war on each other,

". . . someone's eyes must be opened so they can see the stones that are in the way of those who would walk in the new smooth and clear path . . . My eyes have been opened to see these stones that I may show them to my people . . . so that they may not stumble and be snared in the trap of the enemy . . ."

we are here to declare truth on each other.

There are very few people that like to hear truth.

We must know the world that we are living in. We must know the world that will be after this world. I refer to all the time as the Hereafter. Hereafter means after the rule and power of this world, called the white man's world, which is the white man's world. So, we are taught to pray that we live to see the Hereafter. Christianity teaches us to pray to go to heaven when the judgment comes, prepare yourself that God will accept you to go to heaven in His Kingdom.

Pray that you be one of those in the Kingdom of God. Or, pray that you live to see the Kingdom of Heaven approaching on the face of the earth. This is all good and should be obeyed by those who would like to see the Hereafter. But it is not so well understood by those that the Christian preachers, theologians, and scientists of scripture has taught. The real truth was not made plain enough so that the people could walk the path of light into the Hereafter without stumbling.

TODAY WE WANT the plain truth the truth that will carve out a path for us without stumbling. So, I must say to you that Almighty God Allah demands a clear path today.

He demands a path where-

in there is no stumbling stones of opposition of the old world of spiritual darkness. Especially with a people that because of the spiritual darkness of this world, have become spiritually blind.

They cannot see the stones that are laid before their feet. So someone's eyes must be opened, so that they can see the stones that are in the way of those who would walk

in the new smooth and clear path. This is he that is talking. My eyes have been opened, to see these stones, that I may show them to my spiritually blind people so that they may not stumble and be snared in the trap of the enemy. There are a lot

of things said that need to be explained.

Mere belief, we are taught in Islam counts for nothing unless carried into practice. What we are trying to get around to are two different people today, white and black and their religion their books their scriptures.

There is a lot of talk, but it is very carefully used by the wise, wicked wise, to not say one word nor to bear witness to one word of truth that will open your eyes.

HERE IS THE American so-called Negro, the Lost and Found member of his people that white America wants to keep blind. It is real sickening to see a people boldly coming out to try and hinder her once slave to go free of her.

It seems like your heart and stomach is coming up in your throat just to think

 over a people that you have served so well for 400 years who will declare war on you to keep you from going to your own people to be an independent people to yourself.  self-taught. All that I have, I have gotten from the All-wise, Knowing One.

YOU CALL HIM God — God Himself, in the Person of Master Fard Muhammad. All thoughts that have been taught to you by the white preacher of Christianity, and the black preacher, that you are a subject that must die and live again, you must die before you can go to heaven is useless. These thoughts that you will go up in the sky, have people's necks hanging today, looking up in the sky. Every time you start preaching, you look up in the sky. This is useless. This is false. There is no God in the sky stronger than we on the earth.

God is on the earth and not up in the sky. This is the home of God — not in space. He self-created Himself, in space, but the earth is the stool that He sits down on. There is no life on any planet as intelligent as we on this planet—search all you want. There is nothing above us, beneath us, around us, that we do not have power over. It is a truth that Almighty God Allah has taught me for the past 35 years in the Person of Master Fard Muhammad.

I KNOW NOTHING—only what He has taught and revealed to me. I was blind, deaf and dumb, as anyone else of my people. As the Bible teaches you, in Isalah, who was blind—any blinder than the one that I choose. I am the man he is talking about.

We must know that we live in the time of a change. Let no man fool you that you are not living in the time of a change.

A change of worlds. A change of ruling power—this is what we are living in. It is not to come, but is here now. I defy any religious theologian or scientist to try and prove to me that we are not living in the time of a change of this world.

We can go back to the very day that the grafting of this world, out of the aboriginal world took place. And, we know according to the word and teachings of Almighty God, Allah and His prophets before today, He has taught me how to understand their words that they taught the people through visions that

they were able to see and understand the coming of this day of yours and mine.

HE HAS MADE me to understand that which my people and myself did not know, the Divine. I hope you will keep patient and listen. We are challenged by the evil scientists of this world and we must fight back. This is my job — to fight with truth (the sword of truth).

You are my people. It is my people that I am after. I am not trying to convert those whom Allah and His prophets could not convert centuries and thousands of years ago. He had declared to me, that they cannot be converted nor reformed, unless they take on a new birth.

These words Jesus gave them when He said: "Nicodemus truly, truly, I say unto thee, thou must be born again. You cannot enter the kingdom of heaven, unless you are born again."

Nicodemus said: "How can these things be?" He should have said is it too late. How can these things be? Listen good, Christians. This is something you should understand. He said: I am an old man now. In such words were his answer. I am old, how can

IT SHOWS THAT he must not have had too much knowledge of himself, for

GOD-SENT LEADER of America's 22 million black people, the Honorable Elijah Muhammad, addresses hundreds of followers and visitors at Chicago's International Amphitheater. The Messenger of Allah called for a birth of black dignity and truth to oppose teachings of the "World Serpent" who is attempting to deceive the black man with a form of adulterated Christianity.

these words are not words of one who is wise to himself. The answer here is in reality physical, and not in the spiritual understanding, as Jesus wanted him to see, or as the theologian wrote it. One or the other, you must be born again. You cannot go into the Hereafter as you are, Nicodemus, because the Hereafter is for those who by nature belong there. And, by nature, you are not one of them, by nature, according to Paul's Epistles.

They take this up again under the wild olive branch or tree. This is referring to black and white. The tree is the black man. The wild olive branch is the white man. If you were grafted in and now, if they pull you out,

you cannot argue, because by nature you had no rights to be in there.

I say, Brothers and Sisters, I want to make it clear to you the white man is fighting us. The white man is fighting Islam here in North America, deceiving himself to try to teach the blackman: "Fool, you do not need to go no-place." He is saying in other words, you don't need nothing, Negro. You stay here with me. As I heard it come from the mouth of the President, while he was touring the East Coast—a week or so ago, that separation wouldn't do it.

HE WANTS YOU to stay

'I Have Risen Up to Tell You-- The Truth'

WOMEN OF ISLAM applaud the teachings of the Honorable Elijah Muhammad at Chicago's International Amphitheater. The Messenger of Allah pointed out that his people

had been brought down to their knees by the evil teachings of the white man and reminded them that it is his job to fight the World Serpent with the sword of Truth.

here, hanging onto a spider web string that he knows is too flimsy to pack power on it. You stay here, we can make a way for you. Don't you see we are building houses for you? Don't you see that we are giving you jobs in the government? Don't you see you are getting right up here beside me? Don't you see a future that one day you could be the President?

I say to you my people, do not let them deceive you. This is all the work of a great deceiver. They don't intend to carry out these kind of promises with you. They intend to deceive you. For what? To get you to go to hell with them.

I want you to know that there are two hells coming. He wants you to go to both of them. One is a hell of grief to force you into submission to the Will of Allah. The other one is fire to get rid of you from the face of the earth. That's the final hell—fire. The first fire is not literal. Its a fire of grief and regret. Both will get that—white and black. Yes, both will get it.

IT IS CLEAR in the Bible, as prophesied in Revelations, that those who followed the white man and have his mark, worship him, and his false religion.

Did I say false religion? Yes I did.

You may ask me to prove it. The fundamental principles of belief in Christianity is that you must believe in three Gods — that's false. Moses was not taught to be-

lieve in no trinity. God said to Moses, according to the Bible, "Tell them I am their God; don't set up anything beside Me. Don't bow down and worship anything other than me. The Christian Bible and its teachings have this in it, that thou shall not worship any God but one God. O ye Israel, know that your God is one God. Well, then, why would they try to teach

you now that after the death of Jesus, who also was a preacher like Moses. He never represented two Gods, but after his death, here comes Christian theologians sitting in a huddle to themselves to fashion a religion according to their wishes. And then they say that Jesus said so and so and so. There never was a time with us that we had at the head of the universe three Gods serving.

THERE ARE many Gods—Many great scientist that can do wonders, but there is One over them, and they get orders from that One. This is what God has taught me,

El' Woods Urges Teaching of Negro History

(Pan African Press)

A crusade to further the teaching of Negro history has been launched by Klient El' Woods, president of Documents of Truth, Inc. (DOT), who asserts that "black youngsters need to know of their own heroes and heroines to boost their morale and help them develop the right attitude about themselves and their association with other ethnic groups."

MR. EL' WOODS said in

spite of negative statements he has heard, he still believes there are black men and women who will agree with and support the teaching of Negro history.

"A knowledge of their history will make black youths more eager and determined to participate and compete in this society as respected human beings who also contributed as much to civilization as any other racial group and are as entitled to their fair share of recognition and opportunities as any

other citizens in this country or in the world."

He points out that one way of bringing about civil rights is to hit the power structure where it hurts the most — in its money bag.

HE SAID that if every black man in America would absent himself from work for one day, the power structure would seek some immediate solution to bring about first-class citizenship for black people who are presently second-class citizens.

FRUIT OF ISLAM members form pattern of symmetry in Chicago's International Amphitheater where they came to hear the teachings of the Honorable Elijah Muhammad. These

resolute followers of the Messenger of Allah for a corps of black manhood are unequalled in this hemisphere.

and it makes sense. If God didn't teach Adam that there were three Gods, if He did not teach Abraham that there were three Gods, if He did not teach Noah that there were three Gods, if He didn't teach Lot that there were three Gods, then why should you say three Gods?

Every prophet in the Bible, cries out to one God and orders us to worship one God. And the worst thing about Christianity is that it came after Jesus's death. How can you believe it then. If it came after his death instead of with him? If he was the founder of Christianity, he would have preached the same fundamentals that you are preaching today. He would have been the author of it. But no, you decide that and you pour it down the throats and hearts of the black people of the earth — make them become an enemy of God — not a friend, and, make them go searching for that which they cannot find, as God. They put him in space, get out there in space and search — He is out there. You will never find Him out there. You will come right back to earth looking for Him. He is here on earth I hope that is clear to you. But, I would also like to make this clear to you; when you die, you go to heaven—this is one of the worst evils of any preacher or teacher of scripture to tell people that when they die they will go to heaven or they will be awakened a thousand years from now; a hundred years from now, and take flight to heaven.

THAT KIND OF person ought to be thrown in hell fire, alive.

This is what has brought my people down to their knees, the worship of such evil teachers. They make him think that when he dies now, a physical death, he will rise up again. In what? He can't rise up into nothing but worms. The worms eat his body up, or the fire eats his body up, or the earth eats his body up. Well now what, and where, and what from will he rise? Well, the spirit?

Who is going to recognize this plain physical earth populated with spirits? Who wants to live in a spirit? If he has not a body, if he is not made from matter what good is the earth to a spirit?

He has no joy in material, because he is not himself material. So his heaven and his joy is in an immaterial world, if there is any such thing. But, there are no such things as spirits.

We are the only spirits — flesh and blood and if there is a spirit, we produce that spirit.

TAKE IT, STUDY it over, my good Brothers and Sis-

ters, for I defy any man on earth to prove to me that this is not the truth — just prove that it is not the truth. I will give you ten thousand dollars out of my Brother's vest pocket for every word that you can prove that I speak or teach here today, is a lie.

If you think that you don't need the money, if you like to stop me from teaching it further, you can get an ax and come up here and chop my head off. I'll lay it down to you. Yes. It is truth that we want to know. And, we want the one that teaches us to be sure he knows the truth.

And, he must be one that is missioned from the author of truth. That's what we want. You say "Muhammad there is no such thing as a Hereafter that we can go in after we leave or have been in the grave." The grave that the Bible and the Holy Qur-an refers to, that you will rise from is none other than your home.

Your house is your grave, that you are mentally dead in. And, it is out of your house that you will burst forth from with the knowledge of the truth and let the world know, now, that you are alive, in the knowledge of truth. I want you to remember that.

IF I ASK you to prove to me that there is a return from the grave, you can't prove it. To save your life, you can't prove it. You can't point out one that has been dead a few years, or a few centuries and tell me there

 "... we are not here to declare war on each other, we are here to declare truth on each other..."

 he is, and he will answer and say "yes, I have been dead so long and so long but I am alive now and I am out of the grave."

You can't show me Jesus. You can't show me Enoch. You can't show me Elijah that they say went to heaven body and soul. If you are referring to one in this day and time, I am with you. I will agree with you. You say that they buried Moses and you don't know where his grave is. But you don't teach people to pray to Moses. Think over that.

YOU SAY ELIJAH went to heaven body and soul — also Enoch. But you don't teach people to pray to those people, to those prophets. You have declared — You know nothing of their whereabouts and, that they must be in heaven.

But, you go and kill one, spearing him through the heart, putting him in the grave; then you say he burst out of the grave and

went upstairs, and that you saw him going up to heaven — not in a plane or in a chariot, but you made him go to heaven on nothing but the air.

Yet, he was a physical man, according to the scientists today. And according to your experience in planes, it is unbearably cold up there about 3 or 4 miles above the surface of the earth. And if you go up there and jump out of one of those planes in something like 50 degrees below zero, you certainly will go to heaven alright.

It is really ignorant to believe such stuff. If you take it apart, and analyze it you may find the truth. But not in the way that he gives it to you — that when you die, you are coming back. And the ugliest falsehood that is practiced is by the Catholic people who claim that they go and pray and after the man dies they know where his soul is. It's in purgatory to be purged and to be prepared to keep on to heaven. So he goes and prays.

I WOULD LIKE TO know who is going to pray for him? Think over it. And how does he find out where the man is? How does he know he is in purgatory? How does he know his prayers have been effective enough to take him to the false heaven that you are preaching? How do you know when he lands there? Who sends you the word back that he has arrived in heaven?

They have today the advancement of spiritual knowledge that they should be using and teaching, but they are still back there in the days when they used to worship the stars, the bull, and what not.

THE CATHOLIC church was born out of absolutely idol worship.

When I visited Lebanon and Jordan, I went out and I saw the ruins of the old Catholic temples at the time of religious war, when the general of the Muslim army laid that particular place low once and for all times. There I saw the idol worship of the Catholic people. And today they teach you idol worship and are absolutely false when it comes to God in Heaven.

These are the people mentioned in the Bible, in the Revelation, under the name dragon. These are the people who are deceivers of the people, under a religion with a prophets name that God verified — placing his name over falsehood to make you and me swallow it.

This is the truth that you must know my people. Christianity is a religion that the white people made — its an organized religion — not a religion by nature. The nat-

The majority of the remaining 134 businesses are of a service nature.

WILFORD L. WHITE, Director of the Small Business Guidance Development Center at Howard University reported that in 1965 only about 1 per cent of all nonwhite workers were self-employed managers, officials, or proprietors, compared with about 4 per cent of white workers.

ural religion of man you are not supposed to falsify.

The black man was created in the right religion. He did not have to make a religion for himself. He was that religion, when he was created.

NO I AM NOT the political man. I did not come out here to argue with you on corruption in politics. I come out here to talk to you on truth. I want to talk to you on that which you are facing, that will soon come in. Christianity, her writers, her mission-

aries, have ever tried to disport Islam and make Islam non-effective in the hearing of the people.

NOT BECAUSE it is not right, but because, by nature, they are not right themselves and were not created to be right; therefore they are opposers by nature to right. And they want to pull away in their limited time, here on earth all that goes for right or for God.

That is in their book, they teach you that. The teachers themselves are always one of that particular people that are opposed to God. There is credit given to a right God, by God. This is known. You will be rewarded for all good acts.

And you will suffer the consequence of all your evil acts. Let us stand together and reason on truth. If you have truth, let us sit down and see, whether or not Elijah Muhammad has received the truth from God or a lie. Let us talk it over, I know that God Almighty has visited me.

I CAN PROVE it by the time clock of your nation. I know again that He has revealed the truth to me, because it banishes falsehood. Again, I know that it is the truth because I see your tongue clinging to the roof of your mouth. You are not able to condemn it.

You cannot fight the truth without lying. You cannot fight the truth when it comes to you, any more than you could have fought the sunlight this morning to try to keep darkness of last night ruling. Nor can you put out the light of spiritual truth today and let falsehood reign.

Falsehood reigns so long as truth is absent, just as darkness reigned over us last night, due to the absence of sunlight.

Now today we have spiritual light and we are

going to let this spiritual light shine. And if you have any strength or power in your darkness, see which one will stand or see which one will go.

We live in a changing world — governments and people. And why today? Why are we living in a change? Because that has been is not the kind of people or government or ruling power that we can have peace with and that will keep us in unity together.

IT IS THE kind of rule that is opposed to the God of right and the God of truth. We want no more to do with it. We want to unite on the side of the God of truth and the God of power. When we were lost 400 or more years ago, we were absolutely purged by those enemies of our fathers and of ourselves of the knowledge of self. My own father just did miss slavery by one year. But, my grandparents they all lived to tell me, and to teach me. And I used to sit around my grandmother's chair and beg her to tell me all about slavery.

I did not know what I was getting that knowledge for at that time, I just wanted to know. And so I used to listen to her tell me so many evils that was put upon our poor black mothers and fathers in those days that she and I both would start swelling our eyes with tears.

But I want to say again to you that Allah brought me something to wipe my tears away.

BLACK POWER. Why is there so much talk and excitement over Black Power?

Who is the white man so concerned over that? Just because you say Black

Power, why have they gotten all upset over it.

AS LONG as you say white power, they never say anything. Let me ask white people this question: Who did they find on earth when they came to the knowledge of themselves? Did they find white people other than themselves living in other parts of the earth, or did they find black, brown and yellow people, red people?

Did they find white people in the western hemisphere when they came here from Europe? Or, did they find red people?

When they left Europe in the days of Moses, and went back into Asia, did they find white people, or black people? When they went to Africa, did they find white people, or black people? Then if they found black people there, how did these black people get there?

BLACK POWER, we are working on. If they found the brown man out in the isles of the Pacific, how did they get out there? Did they put

them out there, or did their fathers put them out there? When they found the mainland of China with hundreds of millions of yellow people out there.

WE WANT to define this power. They think you know nothing about how Africa became black populated, and how the isles of the Pacific

not put them out there, now how did they get out there? Did he come from Adam and Eve? Where did Adam and Eve give birth to their first children? You are not able to give account of the coming in and out of these peoples in foreign lands, you know nothing about them, only when you found them a few years ago. Is it not true, that you did not know there were people living in the western Hemisphere even just short of 500 years ago?

Is it not true, that you did not know what and how and where your own teacher, Moses, your emancipator that you glorify, came from? If you say that he came out of Egypt, out of a certain tribe, where did that tribe come from and where did the people of Egypt come from? Think over that.

WHILE you were living in Europe, before you ever returned to Asia, after being driven out, where did the Egyptians come from? Who is the aboriginal Egyptian? Is he a white man, or black man? Who is the aboriginal Arab?

Is he white or black? Talk back if you have anything to say. What is the birth record of the black man, if you will be wise? When was he created and by whom?

If you are wise, tell us and then the subject, black power, is finished. If you are wise, if you are the power of the universe, how did you come here? Who made you? Did you make yourself, or did we make you? Who made you?

BLACK POWER.

If you are self-created, then you are my God, or my equal, but we don't have an equal, we are self-created, from our fathers, who were self-created. That gave us by nature, self-creation.

But, we know you. We know your birth. God has revealed it. We have your history. You are not self-created. You are not from us who came with the uni-

verse, therefore you don't share in the universe with us. **BLACK POWER.**

The Holy Qur-an teaches you and me, that we created the heavens and the earth. I am not angry. But I just want to tell the truth. Your bible, as you call it "your bible" is not your bible, we made it.

According to the teachings and the Holy Qur-an, it is a book which the scriptures that Almighty God Allah, gave to His prophets and you compiled those scriptures together and added in your own.

But, nevertheless the origin of the book was from Allah and not from you. **BLACK POWER.** Think over it. That book in Genesis, says to you and me, when your birth was about to take place: Let us make man.

Who was the "us,"; was it your fathers, or my black fathers? Hiding the truth will take millions to hell.

I have been risen up to tell

you the truth. And have been given the truth from the mouth of God, as Moses and Jesus prophesied that I would be given the truth from God's Mouth.

Today, I have received it. Let us make man, The Holy Qur-an says we made man, and we know what his mind suggested to him. Not only do we understand your flesh and blood, how it came to be as it is but we know what you have in mind. That's why you won't get away with destroying the Nation of the black man today.

We knew what you were going to do before ever you had civilization.

DAKAR, Senegal — The Museum's Association of Tropical Africa sounded an alarm for the safety of African art and artifacts. Recently African art is seriously in danger of ruin from ants, insects, fungi and decay. CALLING FOR UNITY among the 22 million black people of America, the Honorable Elijah Muhammad, last Messenger of Allah, thrilled world scholars, politicians, and statesmen with his solution, the only solution, for the problems besetting the black man.

Harlem Sister Explains:

True Source Of Black Power

In the past decade many news periodicals have appeared before the public dictating religious, economic and political viewpoints of

the Negro problem in America. But in recent weeks individuals who are great civil rights workers, politicians and community leaders are speaking out for and against the newly coined phrase "Black Power."

NOT ONLY through daily papers are editors accepting or rejecting the slogan, but also radio, television and international satellite. The whole American means of communication wires are buzzing Black Power.

Why such an uproar about

power finally being in black hands? What does black power mean? Being a follower of the Honorable Elijah Muhammad, the only true leader of the black nation in America, I would like to voice my opinion of "Black Power." Black means the darkest color or hue — the opposite of white. When applied to people this means the so called Negro. Power is defined as strength, vigor, vim, energy, force, might, potency, capacity and command.
