MUHAMMAD SPEAKS

Accept Your Own!

By Elijah Muhammad

Messenger of Allah

Accept your own, since you have learned from the beginning of this article (last week) that you, the Black people are the Original or Ab-Original people of the earth.

THERE WERE no people before the Black Man. The Black Man is the first, self created, and the last.

Everything we see that we call heaven and earth or that we call universe was created by the Black Man.

All that we see in space that we call Sun, Moon and Stars, (or as they are called, the heavens), were created by the Black Man.

The Black Man is the maker of the white race a few years ago (six thousand years). They are not a self created people. We made them.

THE MADE MAN was made through grafting him out of us.

There is nothing we see in the way of a

created life and other than created life that the Black Man did not create. The white race has not been able to create their world without using the wisdom and the things created by the Black Man. Out of the creation of the Black Man, the white race has fashioned what we call a new world of his own. But, what he has, came from us, the Black Man.

What is wrong with you accepting your own?

DO YOU mean to say to me and to the world that after being under the enslavement and bondage of the white race for the past 400 years—and even 6,000 years—now that the God of Power and Wisdom (in the Person of Master Fard Muhammad), to Whom praises are due forever, the long looked-for Messiah, the Mahdi, Has Come to deliver the earth's rulership back to its rightful owner (the Black Man), you do not want it? Then take death and destruction. Accept your own, which is universally durable.

(TO BE CONTINUED).

The Honorable Elijah Muhammad
