

ANALYSIS OF EZEK

THIS is a continuation of the deadly WHEEL PLANE (The Mother Ship) that the Prophet EZEKIEL had a vision of, in the 1st Chapter of the Book in the Bible, which is entitled by the name, EZEKIEL.

IT has been over 2,000 years since the Revelation of the Book, entitled EZEKIEL. In this article we are about to go into the analyzation of EZEKIEL'S vision of a great WHEEL. (Bible)

THE Bible scholars are a little confused over an exact date of EZEKIEL'S Vision of the WHEEL. Some of the Bible scholars are actually doubtful whether or not, there was an EZEKIEL, living or not. They arrive at their various conclusions concerning the Book of EZEKIEL and whether or not he was a living prophet or whether the Book of EZEKIEL is a Vision of a Prophet, or not, because of the style of the writing, of the Book.

EZEKIEL is called a Priest in the chapter 1, verse 3 (Bible). In EZEKIEL 1:1, Ezekiel said that he was by the river Chebar, in the land of the Chaldeans. EZEKIEL refers to 'the spirit of the Lord' as "the hand of the Lord..." being upon him.

IN THE same, chap. 1:4 (Bible) EZEKIEL said that he looked, "...and behold, a whirlwind came out of the north, a great cloud, and a fire infolding itself..." This fire that EZEKIEL saw coming out of the north, infolding itself, cannot refer to anything other than the nations of the north being united together.

EZEKIEL, Chap. 1:5: And out of the midst of the fire infolding itself "...came the likeness of four living creatures." And the appearance of these four living creatures; "...they had the likeness of a man."

Since there were four living creatures, EZEKIEL, should have said that they had the likeness of 'men'. But, instead, EZEKIEL said, "they had the likeness of a man."—singling these four appearances, to be referring to one man.

EZEKIEL, Chap. 1:6: "And every one..." of the four creatures "had four faces" and then EZEKIEL said that "...every one had four wings." As we know, people actually do not grow wings, so we must give a meaning to the four wings. The four wings could be

EZEKIEL, Chap. 1:7: "And their feet were straight feet; and the sole

of their feet was like the sole of a calf's foot..." A calf has a split-foot, "...and they (feet) sparkled like the colour of burnished brass."

As, EZEKIEL, has reference to a man having a cattle-like foot, this would actually refer to the man's rate of speed of travel. A calf cannot travel very fast. And the split-hoof would show that EZEKIEL is referring to a people who have not been able to move fast, due to their travelling being impeded by an unlike-natural way.

If this has reference to a man, and the man has a calf-like or ox-like foot, this has reference to the slowness of the Black once-slave whose foot was shackled by his

EZEKIEL'S WHEEL

white slave- master, to keep the slave from running away from his master.

THE striking of stones by the feet of animals have been known to give off sparkle, and this 'sparkle like the colour of burnished brass.' This shows that the treading of the man...wherever he treaded, the man produces valuable metal, like brass ore is smelted, made and used for the building of civilizations.

EZEKIEL 1:8 And yet this man

with animal-like feet had "...the hands of a man under their wings on their four sides; and they four had their faces and their wings.

EZEKIEL 1:9: "Their wings were joined one to another;..." If it is referring to the wings of a plane, then the analyzation is clear, even to being joined one (wing) to another (wing).

THERE, EZEKIEL (1:10) plainly ekes out to us something to give a better analysis of his vision, for he said, "As for the likeness of their faces, they four had the face of a man,..."

IF EZEKIEL is talking about a man, we can get onto the straight way of giving his vision some likeness to the people, because EZEKIEL is not altogether talking about metal, wood, iron and animals.

EZEKIEL Chap. 1:10 shows we now have to go and change what

referring to other than man is really referring to man. EZEKIEL also says that they had the "...face of a lion on the right side; and they four had the face of an ox on the left; and they four also had the face of an eagle."
