"What Allah, In The Person of Master Fard Muhammad
Has Revealed To Me"

By Elijah Muhammad

WE MUST remember the god of this world (the devil) cannot be taken as a guide for health and life, because he is not such a guide.

We must remember the Bible prophecy of a God coming to us. Whose aim and purpose is to teach the way of life and the prolongation of life, and He accomplishes these things through the food that we eat (both physically and mentally) and the set times this food should be taken.

THE BIBLE prophesies of His great work of giving to us longer life and the eternal happiness of life without being troubled with the enemy of life and the enemy's effect on life.

The god of this world (the devil) had to try to build a world and teach the people something different from what they had been accustomed to. This is why you see so much change in the way of good to the way of evil.

WE MUST BEAR in mind that the god of this world was made of the essence of weakness, taught wickedness and trained by a wicked-minded god to destroy the life of the righteous and to change the natural religion of the righteous (the very nature of the righteous), so they would not follow the right course, but follow the wrong course.

He introduced the eating of swine flesh, snakes, reptiles, and all kinds of sea food that can be considered nothing but scavengers of water, like the hog is a scavenger of the earth. Shrimp, crabfish, oysters, catfish, eels (water snakes), and many other species of the water; all types of beans, peas, and nuts were not produced by nature for us to try to use as a diet for our delicate stomachs to digest—not to think of the pig.

THE ENEMY OF the righteous has gone to the extreme in everything to shorten, waste, and change the way of right. In trying to make a different world and people from the right world of the Original people (Black people), he made a hell for us all.

The foods that the God of righteousness prescribes for are the best foods. Let us accept our own (the way Master Fard Muhammad—to whom praise is due forever—has taught us).
