Lower th

For a hundred years up from servitude slavery, serving the same master as a free slave, the price that he has made for us to be free he knows that we never could be free of him unless God Freed us himself, because of the price that we have to pay to exercise a full and complete freedom. He is ready to prevent us on every hand. **COME TO ME** and my followers. The success that we enjoy comes from God Almighty himself who Came in the Person of Master Fard Muhammad, to whom praise is due forever.

The once slave master does not want you and me free to go for self. It is only words but not deeds. You are well aware of that one white man in Alabama, around Pell City, who sold us land and tried to help us get started. He made enemies with his own brothers, according to the news. They threatened their own brother that sold us the land. Then after that, there came hoodlums who poisoned and killed our cattle. The whole world heard of this evil done to us headed by what they call one of God's ministers. The White man does not want you to ever have any kind of way to exercise freedom from slavery. — **THE PRICE IS TOO HIGH** — They are not punished for doing these evil deeds to us even under their law. They still go free to mistreat a Black Man. They burned down the house that we bought for our farmer to live in. Everybody knew this; there is a high sheriff living there in the county. He

knew all of what was going on, but he did not care. He is a friend of those who will do evil to the Black Man regardless to the law. They are supposed to be open whether it reads justice for the Black Man or not — it is all the same.

The American Government is with such hoodlums because they are not punishing them for openly breaking their laws that they made and claim for everyone to have protection under the law who try to obey it. It is a heavy burden trying to get freedom under the Constitution, the guide of the American jurisprudence system. **THE PRICE IS HIGH** — It must be lowered for us to be able to make any progress worthwhile. I beg him daily on the last page of our paper **MUHAMMAD SPEAKS** to let us go to ourselves in this part of the world somewhere in a territory for ourselves. He refuses to do that because he fears that God will bless you with greater success than he. The tax forced upon us by the Government is equal to what the millionaires pay — we all pay the same though we are up from slavery. We own no land, no towns and cities no nothing; but the Black American once so - called Negro must pay the same price that the free millionaire citizens of America pay. If the Black Man has a plot or a little property, they try to take it back and will take it back on a charge that you did not pay your tax bill. A slave should not owe any taxes because the

property belongs to the master, the free man. This only shows that God Has now Made manifest what he is, the real devil in person.

We need to be separated from each other — white from Black, because by nature we are not the same. The Muslims are a great asset to America. This was well - known a long time before John Hawkins ever brought us here. If Black people were moved out of America today or tomorrow, after their removal it would be impossible for the white man to exist here in America the next day for his destruction only awaits our separation. Since the anger of God (Allah) is so strong against the way the white American has mistreated us, as soon as the last one of us was out of their midst, it would be the end of the American white man. As long as Lot was in Sodom, the people were safe. As soon as he left and went out of the city, then God rained destruction upon the Sodomite people. As it was with Pharoah, as soon as Moses crossed the Red Sea with his people, that was the end of Pharoah. Yet, not either

one of these governments wanted to treat the poor people of their government with justice. We are justified after long years of slavery and still have given to our master a hundred years of free slavery, because we yet own no land or equal rights under the law of the government.

THE PRICE MUST BE LOWERED for our freedom. If God (Allah) Lowers the price, and He Will, the old price - maker will never have an opportunity to set the price again. We Need Land to grow our own bread and meat on, but the Price is Too High it needs to be lowered. We need access to cheap merchandise offered to this country at a very low price. Then this

country sells the same product to us for a terrific price. So we yet are suffering for the lack of justice in trying to live in a country that they claim we are free like they are to live as we please. We could use several ship loads of cheap - priced merchandise from out of the country. We need that cheap - priced merchandise which is made by our own people in foreign lands and sold to these people, our enemy, to keep them rich and keep us at the low level of a slave. The people in foreign lands would be glad to sell us whatever we wanted in the way of merchandise for home appliances, which we so badly need lower priced so that we can live a common and free life under the wages that we are receiving. Now the dark outlook of unemployment makes it more serious for us to exist with nothing. If we do not go to the earth to try to grow some food for ourselves and build shelter

for ourselves, we are done for as a people. If God Almighty (Allah) Who Came in the Person of Master Fard Muhammad Does Not Take a hold of this situation that is existing between Black and White in America to adjust it as it should be, for this is His purpose of Coming to us to Make the way more easier for us to handle. We go without arms, but that does not mean that the armed enemy will not shoot and kill us — they like you unarmed so that they can kill you at will. Allah Will Bless us to win without arms, because He Will Do the fighting Himself.

have a chance to survive. He is so wicked knowing that he will not treat you right, he will follow you every where you go to put people against you in order to block any success that might come to you from other sources. He will try to bid against you, knowing that he is the Government and the rich man of America, why would he try to hinder his once slave from doing something for self. Instead of **LOWERING THE PRICE** that we may survive, he raises the price to make it all but impossible for us to survive. There are no free Black people in America that he wants to see free. The foreign Black, Brown, and Yellow people we can get

along with all over the earth. A Muslim can live anywhere on the earth because he is a righteous person. He does not seek harm against anyone. They are good to Allah's creatures and everything of His creation. They do not kill insects for fun. They do not kill beasts or wild birds for fun. They are very good people. To prove that we are not aggressive people, we do not teach aggressiveness and we do not seek arms to back - up aggressive talk or use aggressiveness to seek places to live among them. But, nevertheless, he makes the price of freedom so high, that you can never enjoy freedom under it.

LOWER THE PRICE.
