

# MAN IS NOT CREATED WITHOUT AIMS AND PURPOSE!

THE above verse is taken from the Holy Quran, only I have made what is said in the Holy Quran, a little more plain for the reader, here in this newspaper, **MUHAMMAD SPEAKS.** The Maulana Muhammad Ali, translation of the Holy Quran, uses the words 'Man is not left to wander without an aim.'

**MAN'S** (the original Black Man's) life cannot be a life of hopelessness, because the original Black Man, being from the very Creator of heaven and earth, and Who Had a Creative Mind Within Self — This Creative Mind of the Creator Passed on into all intelligent life that the Creator Created.

WE, ourselves classify the higher and lower forms of life. In animal life, some of them are intelligent animals and some of them are of a very ignorant and low type. The higher and more intelligent forms of life of animal and fowls, as well as the creatures from the creator, display a certain percentage of intelligence, in them.

**HOW MUCH** more should we, the original Black Man, who are created in the highest order of intelligence, be more equal with the Creator, if we study and learn His Creation.

**THE WISDOM** of the God Who Created it all can be learned and mastered from what we see that He Has Created, for the entire universe is spread out above our eyes, like an open book, for us, the Lost and Found Members of the God's Mighty Black People. We, the Black Man, should not dare stand around and walk around like we are wandering without an **AIM OF PURPOSE.**

WE KNOW this in reading Ezekiel's Vision of the Dry Bones, (Bible) which concerns us, the Black Man in America. Ezekiel's Vision gives him a people who have lost hope in themselves. They had become as hopeless as though their lives had been created a hopeless

life from the beginning ... as though they were created without the nature, of an Aim of Purpose.

**BUT,** the Resurrection means to raise the Black Man back into the knowledge of the purpose in which, by nature, he was created, so that the Black Man may go, after a mental death, and do something for self. As we are not created in such a way that we do not know right from wrong, then it is also true, that we are not created in any such way that we should go and depend on others for the necessities of life, as though we were made by nature devoid of such blessing, as to do something for self, as I preach to you, If by nature, we did not have the nature to do something for self, then my preaching would go for nothing, but by nature the Black Man is not created such a being that he is not able to do something for self.

**YOU, WE, THE BLACK MAN** are the highest intelligent life in the universe, and the universe is something that was created — it did not just happen, by chance. Behind the creation, we discover an Intelligent Creator. The infidel may contend with you and say these things happen by chance. If the creation happened by chance, then they are their own self - ruler, and this can be proven false in no limit of time, because man, (the original Black Man) makes everything in the universe to serve him and to obey him. As the Holy Quran teaches, that he, (the original Black Man) has created everything in the heaven and in the earth and has made them subservient to us; and not we subservient to the creation. The creation was created for our service, therefore we cannot hide behind the flimsy excuse that we are created without an aim of purpose.

**THE Black Man** was captured four hundred (400) years or more ago and he was deprived of this higher intelligence of self, by his white slave - master. This brought

the Black Man into subjection, then, to man - kind (white race).

**BUT** today, the Black Man has no excuse for not accepting this great power and intelligence that was born in him — created in to him, at the very beginning of his creation. For the Black Man is the direct son of the Father of Creation, while the white race was made by one of the Sons of God — one of the Sons of the Originator (a Black Man).

**THE Black Man** was self - created and the Black Man made a white race from himself, so God in the Person of Master Fard Muhammad to Whom Praises are due forever has taught me. Allah's (God's) teachings cannot be disputed and it can be proved in no limit of time, that the white man came from the Black Man. The two, (the Black Man and the white man) did not come equally. The Black Man and the white man are not equal no matter in what way you approach the subject.

**NOTE,** again, in Ezekiel's Vision of the Dry Bones (Bible) that God Said to him, after the Resurrection of the Bones that they said that their hope was lost and they had been cut off from their part.

**THERE** are similar words in the Bible Parable of the Lost and Found son (Prodigal Son). The father had two sons and the father defended the Lost - Found son by saying that he had been lost and that he was - dead (mentally dead and ignorant). But after the Lost - Found son met the father he came alive again, and although he was brought back into the family society again, he was not respected by his elder brother because of his following and practicing the life of the stranger (wicked people).

**IN** the Bible, the Vision of Ezekiel teaches us that the spirit of God moved upon the Dry Bones, which caused them to live. This vision and symbolic picture and example of what the Resurrection

would look like, and be, is now being fulfilled. Many of the average Black Man (or so - called negro) since the knowledge of self was taken from him, by the white slave - master, have been saying, "There is nothing for the negro. He never had nothing and he never will have nothing." This is the fulfillment of Ezekiel's Vision, 'his hope was lost.' His own Black People can hardly get the Black Man to follow self and kind.

**BUT** yet, with the Almighty Supreme Wisdom of God, in the Person of Master Fard Muhammad, to Whom Praises are due forever, we are caused to begin to grow into a better knowledge and our desire now is in that which we were robbed of — the knowledge of self and an **AIM OF PURPOSE,** in life. Now, we want to do something for self. We are like a man who in waking out of sleep, when he sees the sun has risen and is shining in on him with a brilliant light, the man leaps from his bed and sets out to do his work of the day. His life is not without **AIM OF PURPOSE.**

**BLACK BROTHER,** you are not hopeless. You have hope laid at your door, to remove hopelessness. With my preaching of the Message of Life, you have directionness. You think it strange of me to call you away, out of the blindness and darkness of ignorance that the white race has you in subjection in. You think that there is no hope for you, other than to live under the guidance of the white race.

**BUT,** the Bible, condemns you in this belief. I have just reminded you of that which is written in the scripture of truth. I remind you of the parable which Jesus made of your depending upon the white slave - master forever, to keep you supplied with the necessities of life. The parable that I refer to is the Parable of the Rich Man and the Poor Man, Lazarus — 'at last the rich man died and in hell,' he lifted up his eyes as Lazarus had been doing. This does not mean that the

The Honorable Elijah Muhammad  
Messenger of Allah

rich man was physically dead. The parable concerns Abraham and also Lazarus's stupidity and ignorance and the want of the necessities of life — that Lazarus was not willing to go after the necessities of life and he desired the rich man to supply them for him. But the loss of wealth of the rich man put the rich man in the same position that the poor Lazarus was in. This made the rich man unable to supply Lazarus with the very crumbs of his wealth. Then Lazarus had to seek a way for self.

**LONG** before Jesus' above parable, Abraham was the recipient of the prophecy of God, that we would be a people who would go astray and serve another people for four hundred (400) years. This is being fulfilled so perfectly well that a fool among us can bear witness that this is our history.

**YOU, BLACK MAN, ARE NOT TO WANDER WITHOUT AN AIM AND PURPOSE,** in life.

**COME, FOLLOW ME** and let me show you that this is the day that you should **RISE UP** and **DO** something **FOR SELF!**

**YOUR BROTHER,  
ELIJAH MUHAMMAD  
MESSENGER OF ALLAH,  
TO YOU ALL.**
