

TRUTH HAS ALWAYS TRIUMPHED

Sport and play is condemned

By Elijah Muhammad
Messenger of Allah

And say: The Truth has come and falsehood vanished. Surely falsehood is a vanishing thing. Holy Quran 17:81

He has created the heavens and the earth with the truth. Holy Quran 39:5

And We did not create the heavens and the earth and what is between them in sport. Holy Quran 44:38

THE DEVIL was given time to set up a world in opposition to the Divine Law of Righteousness. If you will notice that wherever Divine Law says thou shall do this or obey the Lord, the enemy says thou shall do just the opposite. Remember the Jesus of the Bible, wherein the Satan tries to force the woman to disbelieve in the Law of Righteousness, where she and her husband (Adam) were placed. And, throughout the Bible to Revelation, we find this same serpent deceiving the people in the way of knowledge of God. We live in a world called the World of Christianity, which is opposed to Freedom, Justice, and Equality for the Black Man. But, yet they call themselves the beloved of a Righteous prophet, Jesus. He, himself, predicted their doom and condemned them as not having a place in them for the Truth and by nature they could not believe in the Truth (Bible: John 8:44).

IT IS JUST useless to try to force their convictions, converting them into Truth, as it is to try to force us into falsehood. I am delivering the Truth from the

Mouth of God, in the Person of Master Fard Muhammad, to Whom Praises are due forever, to you and you have no way to condemn it in being something other than Truth. But, as you see and understand as I do, you will see that the enemy of Truth wants to occupy your mind and heart, day and night, with sport and play, other than the Truth, and with the doings of evils of every imaginable degree of thought. He (the devil) finances bowling alleys night and day in full force, gambling, and games of chance; nothing but sport and play. When the doom of a people came, according to the history of them, they were negligent of the time of their doom, though warners in the way of divine prophets had warned them of their approaching doom. But, they were heedless of it, and it had taken them in a time that they were not aware of.

THE RICH AMERICAN is capable of financing sport and play 24 hours per day, just for the purpose of deceiving the Black Man, to keep him from going to Heaven, that God has now come and offered to us in this life. And, it is so strange to see a people with eyes, ears, and a heart accepting other than Truth when it is in our own favour.

SPORT AND PLAY will get you the Hell Fire, and I advise you to cut it out. I have been and am still giving you the Truth, and the falsehood of this world vanished before it. I have offered ten thousand dollars (\$10,000.00) if you think that you have something with which you can condemn me. Seemingly, you have not found anything that you could rely upon as being sufficient to argue and

fight back with in the behalf of the falsehood that you were born and nursed in. And, now it is made manifest to you and me that we were misled.

WE DO NOT have to wait for the Judgment to come. We are in it now. The coming of God, in the Person of Master Fard Muhammad, to Whom Praises are due forever, meant the end of the world that you are not secure from the arch deceiver, who has been here 6,000 years, practicing falsehood on the world of man. He (the devil) has made you to practice the public filth. You did not dream that you ever would be bold enough to walk around in the street without being properly dressed. But, Truth is a self witness bearer.

WASTE NOT your money in financing sport and play. Put your money in with me and my followers in purchasing some of this earth that you can call your own, to grow crops on to feed yourselves against hunger. Remember, sport and play was the thing that the ancient people were caught doing in the day of their doom. I warn you that this world has already approached her doom. And, the American white man is only trying to deceive you against accepting your own Salvation by offering you promises that he does not intend to fulfill. And, you are foolish to sit down at his door, begging for bread that if you would take a little pride in Self you could go out and get for Self.

JOIN UP with us, the Muslims, and let us do something for self and save our families and our children from the approaching doom of this world.
