MUHAMMAD SPEAKS

KILLING A MUSLIM

By Elijah Muhammad
(Messenger of Allah)

Murdering and killing the Lost Found Muslim gets you in immediate hell. Regardless to who kills a Muslim, he must be killed, according to the Holy Qur-an (Chapter 4). This, the Bible teaches also.

IT IS THE MUSLIMS that the Jesus referred to that if you offend one of the least (killing the least one of these) it would have been better that you had been in the depths of the sea with a millstone about your neck (Bible—Matthew 18:6).

It is mentioned in the Old Testament that the blood of His saints is precious in His Eyes.

He (Allah) threatened to burn me and my whole family if I just carelessly misplaced a letter wherein one of the Lost Found is writing in on his acceptance of Islam.

Master Fard Muhammad, to Whom praises are due forever, Said to me in these words, if the devil kills one of my least ones (followers) He would kill ten of the devils best ones. And this is evident.

The Lost Found Muslims have been lost here in the West (U.S.A.) for over 400 years, mistreated and as the Bible (Psalms) teaches, we are killed daily; we walk in the shadow of death in the government of America. This is really true without any question. The blood of us, the Lost Found, is precious in the sight of Allah, and He will retaliate against the murderer.

The white American has had freedom for 400 years to kill a so-called Negro (Lost Found) at will without any thought of punishment for this murder of his slave. But now, as the Bible teaches you on the coming of God to us, we are no more termed forsaken.

It is easy for you to think, after robbing and spoiling us of the knowledge of self and having it to your joy to murder and kill us for these centuries, that your joy is to continue this. But Allah is with us today to make reprisals against every act of unjustified evils done to those who are

trying to turn to righteousness. This is the way He makes Himself Known (By retaliating against the enemy's evil done to us).

IN DALLAS, TEXAS, last Friday, one of my followers was shot to death. He was one of the least ones, because Allah had given to him the upper hand by allowing him to disarm the officer and take his weapon, according to the reports given to me. Being born in fear of the slave-master and his children, I heard that he turned heels, which he should not have done.

This shows that he was more afraid of the enemy who was dealing death to him than he was of Allah Who Has Power over the enemy.

The Holy Qur-an forbids Muslims to turn heels on an enemy, for it teaches us if we run from death, death will overtake us one day anyway. And if we die for a good cause it is better than to die a coward. So, in this case, the Brother was shot down after having weapons in his hand to try to defend himself, but we do not take officers' weapons from them so long as they are not try-

ing to kill us. We are not to be the aggressor but if an aggressor attacks us we are to fight in the Name of Allah to defend ourselves. This is a universal law (fight with those who fight with you but never be the aggressor). But, if we run from the enemy, Allah will not grant us any help against them. But, I warn the enemy, this yet does not let you out. It is Allah's Will (Who Came in the Person of Master Fard Muhammad, to Whom praise is due forever) to take revenge on you who are living here today, for the killing of the prophets and the righteous even before this day (Bible).

YOU KNOW that we are not armed with anything but the Mercy of Allah (God) in the Person of Master Fard Muhammad, to Whom praises are due forever, but this defense is sufficient. It is up to you to continue to kill Muslims and suffer the consequences.

But, with us, we should not be cowards and turn heels. If one Muslim stands up and fights an enemy, Allah (God) will defend him against thousands. MUSLIMS YOU MUST NOT TURN HEELS!!

The Honorable Elijah Muhammad

Euro-America Grew Off 150 Million African Lives

By Rollin B. Tobie

MONROVIA—So much of the black man's history and contribution to the world has been deliberately distorted, mutilated or eliminated, that the prevailing belief today—among whites, and indeed, among some of his own kind—is that the Black man is an unwanted oddity of the species of homo sapiens who has a long way to go to prove worthy of being classed as a bona fide member of the human race.

BUT SUCH is not so, and has never been. The suppressed and deleted portions of world history loudly proclaim that if it were not for the Black man's contributions, the white nations of the world would not have been able to attain their claimed superiority.

As you have seen, the world will be a better place if the Black man

And all this is but four centuries after the inhuman slave trade had begun—in which an estimated 125 million Africans were slaughtered wantonly in the process of carting off another 25 million to live in brutal subjugation to a supposed superior people.

THE INTERESTING point to be noted here is that the conquest was made possible only upon the strength of inventions of another so-called inferior people—Asians—who produced gun powder and the compass in the 13th and 14th centuries.

Even when the white world was going through its "Dark Ages," and the subsequent 2,000 years of coalescing its tribes into nations, there were in existence such Black civilizations in Africa

THE MILLENIUM of Egyptian grandeur came briefly to an end in about 2,000 B.C., when a nomadic Semitic tribe—the Hyksos—conquered lower Egypt, and systematically exterminated the entire officialdom.

It took two centuries to uproot the invaders, but by that time, the fleeing Hyksos had gained the knowledge produced, perfected and recorded by the Black people, and were able to use it against the Blacks at a later time.

TAKE THE matter of the world's great literature, in the Latin, Cyrillic and Greek forms—attributed to the Middle Eastern Phoenicians. These characters originated from the Black-

Hamitic-Egyptian-African glyphs.

The myriads of civilizations made by the earlier nations are the basic very foundation of western civilization, and subsequent contributions by Black people have been ruthlessly suppressed by the white world to build a false sense of superiority.

However, the Black people, and were able to use it against the Blacks at a later time. more than decades to former relative prominence. The white man will once again be supreme in his greatness.
