

Messenger Muhammad

Explains Truth About

Christianity, Negro

You have five great nations as they are called on this planet. Namely, they are black, brown, yellow, red and white. You have three great religions that dominate these five great nations. Namely, they are Islam, Budahism, and Christianity. Christianity is the youngest of them all. Many of us will ask "why do you say Christianity is younger than any other religion. We are the very race who is the author of the youngest that we have on the planet earth. These are the facts that you must know today. I have been missioned by Almighty God Allah to give and teach these truths to you. I must do it or else, I will do it! I don't want the or else!

THERE IS A SIGN

MR. ELIJAH MUHAMMAD

Separation and some of this good earth that we can own is a must! The woman is man's field to produce his nation. If he does not keep the enemy out of his field, he won't produce a good nation. If we love our vegetable crops we will go out, turn up the leaves on that vegetable stalk, and look carefully for worms that are eating and destroying the vegetables. We will kill that worm — right?

ENEMIES OF OUR COTTON

We will go out in the cotton field and look for the enemies of our cotton and try to kill that enemy. We go and study poisons and chemicals of the earth, we will pour these chemicals on the enemies of our crops to keep the enemies from destroying our crop. We love a crop that we can produce every year, every season so well that we will kill every enemy that we find seeking to destroy it.

We will even kill one another if we find the other one out there trying to steal that crop.

WOMAN MORE VALUABLE

Is not your woman more valuable than that crop of corn, that crop of cotton, that crop of cabbage, potatoes, bean, tomatoes? How much more valuable is your woman than these crops that you should keep the enemies from destroying the crops. Yet you are not careful about your woman. You don't love them. Why? It is because you have allowed visitors to run in and out of your house; thus he has destroyed your love for your woman and your woman has not the love for you that she should.

I say that is a good sign. Until you and I learn to love and protect our woman, we will never be fit and recognized people on the earth. The white people here among you will never recognize you until you protect your woman.

NO RECOGNITION AS A NATION

The brown man will never recognize you until you protect her; The yellow man will never recognize you until you protect her; The red man will never recognize you until you protect your woman.

I say you and I may go to Harvard, we may go to York of England, go to Al Ahzar in Cairo, Egypt and get degrees from all of these great seats of learning or institutions. But we will never be recognized until we recognize our woman.

On visiting in what they call the Near East in 1959, I began in Turkey with a couple of my sons whom I have here on the stand with me now. We traveled from Turkey down to Africa to Ethiopia, the Sudan. We visited Arabia (Mecca and Medina) and we visited Pakistan. We returned home from Lahore, Pakistan on about the 6th of January 1960. We didn't ever find on that entire tour such a thing as not recognizing the black woman.

RECOGNIZED HIS WOMAN

“Everywhere we went, the Black man recognized his woman. He had great respect for her. We dined in many of the “top (you say the slang) homes.” We dined with some of the most influential people of these countries — government people. In some of their homes, we never did see any of their family — only men.

The waiter was a man or boy, not any woman. My beloved ~~brothers, in America, you have lost the respect for your woman,~~ and therefore you have lost respect for yourself. You won't protect her, therefore you can't protect yourself.

WIFE IS TEACHER

She is your first nurse. She is your teacher. Your first lesson comes from your mother. If you don't protect your mother, how do you think you look like in the eyes of your other fellow human beings?

The Japanese, before the white man went over there, were

respecting their woman. Ever since Japanese opened their gates to Perry and his friends and brothers, they have lost a portion of this respect.

CAPTURED BY WEST

Therefore, they have been captured and they have been overrun and dominated by western powers. China opened her doors to the western powers, a non-member of her family, about 150 or more years ago and what happened?

UNITING YELLOW PEOPLE

The western powers ruled China! Now today, China is shaking herself and uniting China. She is uniting yellow people, and wants to say to non-yellow people stay out. It is nothing but right. It is just the human law of justice.

JUNKPILE OF ALL

Africa, absolutely became the junk pile of them all. Everything went over to Africa and dumped on her. The spirit of Almighty God Allah is now moving in the hearts of the black African, uniting them and waking them up.

"I AM A MAN LIKE YOU!"

He began to shake his old dusty garment in the desert and in the jungle coming out to face civilization. And now says to civilization, "I am a man like you. I have been trampled under your feet for many years. Now, get out! I want to be myself." Nothing but right! If Black Africa wants to be Black Africa why don't the white man get out and leave it? The white man was not created in Africa.

The Bible says that God separated the sons of Adam. If God separated the sons of Adam, why should not you and I be separated? Remember that.

Jesus says in his prophesy, concerning the coming of the Son of Man, that, He, the Son of Man, would separate the people. All praise is due to Allah.

EACH TO, HIS OWN

Again another prophesy says "In that day, meaning the end of the rule of the present world every man will go to his own." Do you believe in that? I thank the white man for opening his doors of education to us — giving to us a taste or dose of education for a hundred years or more.

I thank him for it. He did us a favor. He is still doing us a favor in a way but he is giving us hell in a way. He is doing both. He will try and make a job for you. He will try and feed you if you don't have a job. He will not let you starve to death and fall dead in his face with all of his food warehouses stored up grain elevators filled with grain. He has plenty of food to last his people giving them three meals a day to last them 25 years. He has plenty of clothes for you all sewed up. That is fine. I thank you for doing that much for us, but I say that only is making us lazy.

WANT THINGS FOR OURSELVES

We want something for ourselves. We want to produce what we need and that which is necessary for us to become an independent nation like you, like the brown man, like the yellow man and like the red man.

We all want to become independent. You have gotten out of us everything that you could find. You have worked us. You have spotted us. You have bled us for four hundred years. You have turned us loose like cattle, but not in a pasture where we could eat grass, but out on sand in the dessert where the cow or stock had to turn around and find its way back to his master's crib. This is the way you let us go.

DIDN'T OFFER US A MULE

You didn't offer to us the mule which our fathers used to plow. You didn't offer us a acre or two of the land on which he had plowed hundreds of acres for you. You didn't give him the knowledge of himself.

You didn't even teach him after dumbing him, blinding him, turning him a fool for three hundred years, lashing his back morning and evening and put to bed with blood running down his legs. Your men patrolled the plantation, the roads at night to beat or kill any slave they found trying to run away.

That brutal punishment went on for three centuries. We took it with a smile. Our fathers and mothers became use to it. They didn't know any better. You put them on the block and auction them off like you did your own horses and like you did your other herds. You breded our fathers as you did your own cattle and hogs. You didn't marry them for three centuries. They had no husband. There was no one. They had no power or no authority over their newborn babes. You snatched them from their motheys' breast and sold them to your brother, on the next plantation. She didn't rear her children. You, the slave-master, reared them. You make fun of them now for being filthy. You make fun of them for being sexual. Alright who started them, you did that. You are the one.

MADE RACE OVER

For three hundred years you made a whole race of people as you wanted them. You didn't make them to be honored. You wanted them to be dishonored. You wanted them so that they would be unable to join on to their kind if that day ever came

around. You made it hard for us to unite with our people of intelligence.

You made us to be despised by our people of the East. You the slaymaster would not teach us the history of our people beyond the bringing in of our fathers into slavery. You would not teach them of the great kings, princess and queens that we had living in Africa and Asia in the 10th and 11th century.

BRED YOUR OWN

You would not tell them anything like that. So today they are a bred of your own. They are a people you have made and fashioned according to your own desire. And now today you are their greatest mockers. You make fun at them. You turn up your nose at them. You squinch your eyes in anger at them. You beat them on the highway. You scorn them in your laboratory. You kick them off of your transportation. You scorn to have a seal near them.

DEPRIVED OF KNOWLEDGE

Who were the teachers and trainers? It was you depriving the knowledge of letters to them for three hundred years and depriving them of any teaching of God or his prophets for three hundred years.

You, the slaymaster, chained your own bible, locked it up and chained it to a post. You would beat hell out of a slave if you found him trying to read it. All of this was for you my people who today love to integrate with the slaymaster. That is what happened.

The slaymaster also wrote a code of laws which they called the Slave Code. In these laws they made it impossible for a slave to ever redeem himself. To the so-called Negro of today — you made it impossible for him to ever redeem himself. You wrot the law, signed it and passed it through your legislature in your state law and your United States law.

In those days it was planned to prohibit the so-called Negro from ever being able to free himself from you. These laws, read like this, "... that the Negro is ever a piece of property of the American white man and he can't redeem himself nor can any one else redeem him." That's why it is written in your Bible that God himself must redeem the so-called Negro. You have made it impossible for him. You put him in your name. You put him in everything belonging to you.

Now today, after nearly a hundred years, after despising him, after scorning him, after depriving him of an equal education, after depriving him of knowledge of self, after depriving him of his own name you call him by your own name to prove to the world that this is your property.

STRUCTURE OF SLAVERY

The slavemaster knows according to the international law and Divine Law of God that as long as a slave is willing to give himself up to and be a free slave for you and is willing to destroy his own name and identity, there is no law to prevent you from doing so. I know that. Now today, you tell them, "you are free like myself. We all are citizens." When, in the hell, did you make them citizens? When? How can a slave be citizens with his slavemaster? When can a slave be the equal of his master? When can a slave, without a thing in the world but a job and a bowl of soup, be recognized as an equal citizen of the citizen who owns the country? Now, today, the time has arrived. You say today, we want to be integrated. The government also has passed a law making it an absolutely a national law that the Negro can marry whoever he choses. If it's a white person, a white person can marry a Negro. Then, that they both have equal rights in the land. Well, I would ask you this, since that you didn't do so a hundred years ago; fifty years ago, hundred years ago or three hundred years ago, what do you see now that makes you want to integrate with us?

We have a good lesson — in 1914, we were told that we were citizens. For what? To go over and shot your brother. I registered in that war. You wanted us to go and shoot dead your brother. We returned and you shot us dead. Later on around about 1941 and 1942 you said . . . "come on for the second time. Come on and kill my brother in Germany." We jumped to our feet and said, "Yes, Sir. We are citizens and we will die for Old Glory." We went on and shot your brother the second time. O.K. You conquered him that time. Now it seems to me you want to shoot each other about him now. I don't know exactly whose citizens are there now. But any way you pointed out one of our brothers. One of the brown people. That's our brother. "I don't like him. He shot at me." Come on you, Negro, of America, go shoot your brother over there on the island. We went over there and shot the hell out of 'em. After that you say here are some Koreans over here — they look like you, but kill them. They are my enemy. They went over there and killed them. Before that you said to the people on the Phillipine Islands didn't like some certain ways of yours, we went out there and killed them for you. Now here in the south of us, you say our little brown and little yellow brother there didn't like you. We went down there and shot them off San Juan Hill and put you through there. All right now, today we have not been wise enough to ask you for an island in the Pacific. We have not been wise enough to ask you for a state in the union. So now today, we have helped you

Don't Want Intergation, Give Us Separation!

to get two more big states. Right? And added to your flag 50 big states an United America. Right? But on these states or on these flags we don't see our name anywhere. Even in the revolutionary war when you were fighting one another, you put us in that war.

TODAY

We helped kill the one that you didn't like. Now today, you have made us so dumb that you even have one another trying to throw stones at the one you say you don't like. We are killing ourselves for you here in America. And yet you have offered us nothing, but a job. That is what John Hawkins brought us here for, to give us a job, an eternal job. Now today, I say to you, we don't want any more of your promises. They have never been fulfilled. We don't want any integration with you. We don't want anything but to get freedom and get some where to ourselves and own some of this earth that we can call our own. You promise the NAACP, that you would enforce the law and that they could ride on any transportation where ever they wanted to ride wherever the government had authority. Right? Any school that you wanted to go to — that passed Congress didn't it? The poor preacher of yours, you made him.

YOUR SLAVE

We didn't make him. You made him a preacher; you give him a church; you give him your religion; you segregated them; separated your churches. Black church over here and white church over here; white preacher over here and black preacher over there. You ordain your black preachers. He was your slave. You taught him what to preach and if he preached anything other than what you tell him, you tell him to sit down. You are the God who send the Black preachers to preach. You give him the license, his credentials. He didn't get them from heaven; he got it from you. Now today, you say, no, no, separation won't settle this thing. What is it you see that you don't want to be separated from the Negro? Or the Negro separated from you. What is it that you see. Do you see a lion? Do you see a bear? What is it that you see? Surely it is not Germany. You have already broken Germany's power to never rise any more. She will never be a power anymore, not a world power; you are finishing her off now. Well what is that you see? You must see something. It is the time! — that's what you see. It is time you see as (DIBI) saw.

NO INTEGRATION

You see Lazuras leaning into Abraham's bosom. You can't get there so you are inviting them to come back to hell with you. When Lazuras was in hell, he got no help from you until Abraham delivered him. I say to you my friend, it's just truth. We don't want integration; we want separation. We must be separated to survive. The white people outnumber us in America over six to one and if we would integrate into their race, how many black people would you find within the next 25 or 30 years here? Not a one, not a one. Because the one that would not integrate you would kill him. You can not swallow up 6 yourself, but six can swallow you up. I say you are the people on the earth that have a future. There are no people that have a greater future than you have. You, the people that are called "Negro - colored people" of North America, are the people that your Bible teaches you, under the symbolic lan-

guage as the "Lost Sheep," a lost piece of money the "prodigal son" the lost and found son. You are the people that the book is referring to. In fact, most of the Bible is referring to you. I say to you my beloved listeners you have a chance to become the head and not the tail.

GOING OFF

The white man's world today is going off scene. Their power is being destroyed by the Divine Will of Almighty God. I would like to give you a little knowledge of that kind of power. Before the white man, we had great civilizations that ruled, we had kingdoms that were powerful on this earth, according to Quran, just as powerful or (more) powerful than what the white man has put on the earth. We remove them. And the Holy Quran will teach you that when Allah was displeased with them. He removed them. He don't have any power against him to remain any more than those people of ancient kingdoms had against him to remain. Do you see any sign of this? He made examples for you out of this. He destroyed the civilization of Noah's people and you don't find absolutely no literature from them do you? You don't find nothing of that civilization. He destroyed the civilization of Sodom and Gomorrah. you don't find anything of it do you? All right. Ancient Babylon was destroyed — right? all made a sign for this world. As it was in the day of Noah so shall it be in the day of Son of Man. As it was in days of Sodom and Gomorrah, so shall it be in the day of the Son of Man. Right?

GOD TAUGHT

We the Nation of Islam have witnessed many civilizations, many strong and powerful people ruling on our planet. But never the less we always produced one that could remove it. And today, one have been produced to remove this civilization, and he is on scene. You say they are too powerful, they are going up in heavens on the moon and they are shooting for Venus and other planets — Mars. I say to you don't be silly, no one can live on the Moon. That planet is absolutely waterless, airless. That planet is so dry and so full of magnetic power that if you light on the surface of it— so God has taught me, your eyes pop out of your head the first thing. Your scientist say, we can dig into her surface, and find water. They won't tell you that it is a part of the earth, but it is a part of our earth. So God has taught me — that was taken from this part 66 trillion years ago. Not 66 million and 66 billion, but 66 trillion years ago, and a black scientist did that. That was 66 trillion years ago before ever there was one white man on the earth. It was a black man that did that.
