The Honorable Elijah Muhammad, Messenger Of Allah

Mr. Elijah Muhammad is sometimes called a guide or leader. He is not a man learned or a trained product of the educational systems of today. This same fact was true of Moses 4,000 years ago, Jesus 2,000 years ago and Muhammad of fourteen centuries ago. Yet today, we find millions professing after these dead leaders' teachings. Mr. Muhammad of this day in America is not self-appointed or elected to office. Neither is he seeking any office by votes, persuasion or other means. He cannot be voted out of office or position. If all in America were to vote against him, he would still be The Messenger of Allah. This is the significance and outstanding factor in Mr. Muhammad's teaching to the so-called Negro. As another Muhammad of prophecy stated so today the phase holds in relation to Mr. Elijah Muhammad. "Do not exceed bounds in praising me as the Christians do in praising Jesus, the son of Mary by calling him God and The Son of God. I am only Allah's Messenger. Then call me, the Messenger of Allah." It is out of this power of being chosen the Messenger of Allah, that Mr. Muhammad Speaks !

Who Speaks For The So-Called Negro?

Muhammad Thrills New York Audience

Messenger Elijah Muhammad made his first major public address in New York City in over a year, on August 27 at which time Mr. Muhammad and his party of 30 were met and escorted by a contingent of 150 detectives of the police department and Port of New York Authority.

Police Commissioner Michael Murphy assigned so-called Negro William Defossett as special liason detective between the Muslims and the police department.

Passengers on the American Airlines jet with Mr. Muhammad, coming from Chicago, were all hurried out of the tourist exit as the huge plane rolled to a special ramp so Mr. Muhammad and his party could deplane. Police officers in blue uniforms snapped to attention as Mr. Muhammad walked down the cleared airline terminal corridor. He was hardly seen among his select followers, known as The Fruit of Islam, they formed a human wall around him.

A police escort led his 25-car mortorcade from the airport to his stopping point in Queens, Long Island. A veteran observer of many dignitaries coming from Idlewild airport to the UN, said, "I have never seen such preparations or greater care or skill used for the President.

Thousands of people began crowding the door to the Harlem Armory about 10:00 o'clock — four hours before the program was scheduled to begin.

Several of the first group in line had waited outside the armory door all night to get a front seat in the huge building. By two o'clock, more than 8,000 persons had been searched for weapons or any instrument that could cause bodily harm to anyone. National Guard officers who were acquainted with troop movements, were amazed with the Muslims' accuracy and swiftness in searching everyone. Intoxicated persons were not admitted.

A Harlem observer said: "Just think, this many come and know they are going to be searched. Think of how many who would come if they could not be searched. Yet, the Muslims fill the house without any clowning, big entertainment attractions or parading of nude women. Mr. Muhammad certainly has a tremendous appeal and drawing power!"

Min. Isaiah Karriem of Baltimore, Md., said the opening prayer; Min. Lucius Bey of Washington, D.C., told the group of Mr. Muhammad's achievements as explained in the symbols of the Bible. Min. Louis of Boston spoke on the rejuvenating spirit among our people.

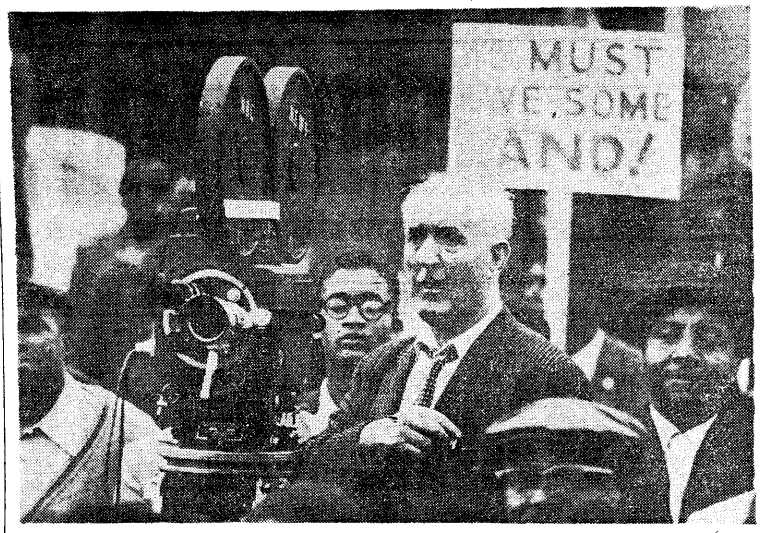
Sis. Christine, director, University of Islam, spoke on the importance of so-called Negro Children learning the knowledge of their race in their own schools. Min. Malcolm Shabazz gave a short resume of Muslim activities and introduced the Messenger.

Many New Yorkers though Mr. Muhammad would not make an appearance because of the death threats he received. Mr. Muhammad, on hearing of the threats stated: "I walk and drive in the streets of Chicago alone. I place my trust and complete confidence in Allah. He is well able to protect me, if He wills. I shall continue to do my work."

Others thought Mr. Muhammad would not appear because of a bronchial ailment. The ten thousands who rushed for seats inside were not disappointed, nor were the five thousand outside, as Mr. Muhammad delivered his speech of "Separation - Some of this Earth for Us, or Death."

At the close of Mr. Muhammad's speech, huge crowds gathered outside to see him off, and cheer him. Mr. Muhammad acknowledged their efforts by his customary bowing.

(See Page 6 for excerpts of Mr. Muhammad's address in New York).



NBC NEWS cameraman records events at overflow Muslim rally. At right is sign proclaiming, "We Must Have Some Land." This slogan is one of primary objectives of Mr. Muhammad and his followers.

16,000 Told So-Called Negro Must Have Home Of Own! In Nation's Capital

WASHINGTON, D.C. — As the issues of Huricane Carla, Berlin, nuclear atom tests and radioactive fallout clouded the issues, Mr. Elijah Muhammad, The Messenger of Allah, sounded forth the number one topic before America and therefore the world, the solution to the so-called Negro problem. Mr. Muhammad and a party of thirty-two aides flew into Washington's National airport Sunday. Mr. Muhammad spoke before a crowd of sixteen thousand in Griffith Stadium and declared that twenty million so-called Negroes should not be begging the white man to do for them what they can and must do for themselves. He continued to emphasize that the so-called Negroes must have a home of their own.

SEPARATION SOLVES

Again and again, Messenger Muhammad explained how the so-called Negroes are the people of God, how their condition is comparable to the people of Moses time and how the so-called Negroes of America problems of servitude to the slavemaster and at the same time receive affliction from the slavemaster can be solved as Moses solved the problem for his people by separating them from Pharoah. The Griffith Stadium Meeting was held by Elder Lightfoot Michaux of Washington, D.C.

DISTINGUISHED GUESTS

A platform of distinguished guests gathered on the speaker's platform to hear the great Muslim leader. Congressman and Mrs. James Coman, from California, headed the platform guests of Mr. Kermit Finstad, Director of Youth, St. Luke Lutheran Church; Rev. Clifford Ham, Wesley Seminary, Washington, D.C.; Rev. William B. Adams, Templehil Baptist Church, Bethesda, Md.; Rev. James D. West, Calvary Episcopal Church; Rev. Robert B. Louthan, United Presbyterian Church. All sat in rapt awe and amazement as Mr. Muhammad spoke strongly in behalf of the so-called American Negro. As during the past thirty years Messenger Muhammad has been teaching the Religion of up to condemn or challenge him.

MUSLIM ATTENTION

From Midway Airport in Chicago where Senator Barry Goldwater, Republican from Arizona watched among spectators to Washington's National Airport where more than two hundred District Police met and escorted Mr. Muhammad's party down Pennsylvania Avenue to The Mayflower Hotel, The Muslim group attracted attention.

The meeting in Griffith Stadium was the first outdoor meeting for Messenger Muhammad in his thirty years of teaching Islam. Mr. Muhammad's followers were permitted to search all who entered the stadium to insure Mr. Muhammad's Muslim tradition of peaceful meetings. All persons carrying weapons which could be harmful or injurious to a person were requested to check them or refused admission to the stadium. Also persons drinking or intoxicated were refused admission to the stadium. One observer stated the Muslims have the best and most successful way of holding meetings in America. He said, "The Muslims insists no weapons or persons under the influence of drugs or alcohol be permitted into meetings where Messenger Muhammad is to appear. The Baptist in their fighting and killing of each other could certainly learn a lesson from the Muslims and copy from them. The Muslims demonstrate a love for their own kind."

Rev. Thomas Brown, Washington, D.C., minister said,, "I am amazed at the swiftness and accuracy in which the Muslims come together and searched the 15,000 people who have come in here. I am certain that another 15,000 to 30,000 people stayed away because they know the Muslims will not let their leader speak in public where people are not searched. Mr. Muhammad would probably have 50,000 or more people to hear him each time he speaks if they did not search or permitted drunks to enter. One reporter pointed this fact out to an Muslim official. The Muslim Security officer said, "we are interested in the safety of The Honorable Elijah Muhammad and those who attend methods have proven to be the best to hold any type of mass meeting."

More than thirty police of Chicago met and escorted Mr. Muhammad and his party through O'Hare International Terminal as they returned to Chicago. Several White House correspondents were given interviews with Mr. Muhammad as he awaited the arrival of his plane at Washington's National Airport.

Son Of Muhammad Studies In Cairo

NEW YORK — Mr. Akbar Muhammad, youngest son of Messenger Elijah Muhammad, left Friday, September 1, from New York's International Airport for Cario, Egypt, to study at Al Azahar University, the oldest and most distinguished school of learning in the world. His wife, Harriet, accompanied him. Many of the so-called American Negroes are unaware that before Oxford, Cambridge, Harvard or Yale were schools, Al Azahar University was established by the black man.

Mr. Akbar Muhammad studied at the University of Islam, a school of higher learning concepts established by Messenger Muhammad, from kindergarten until graduation from high school in 1956. Along with the other students, Akbar learned Arabic, the language of the so-called American Negroes' forefathers before they were kidnapped and brought to America as slaves. After graduation, he studied at DePaul University, The University of Chicago and Queens College in New York. For the past year, Akbar had been in New York City where Messenger Muhammad had assigned him to teaching Arabic to five hundred so-called Negroes in New York and Newark.

In 1959, Mr. Akbar Muhammad served as his father's and brother Herbert Muhammad's interpreter during their forty-five day trip as guests to countries of the Muslim world in the Middle East.

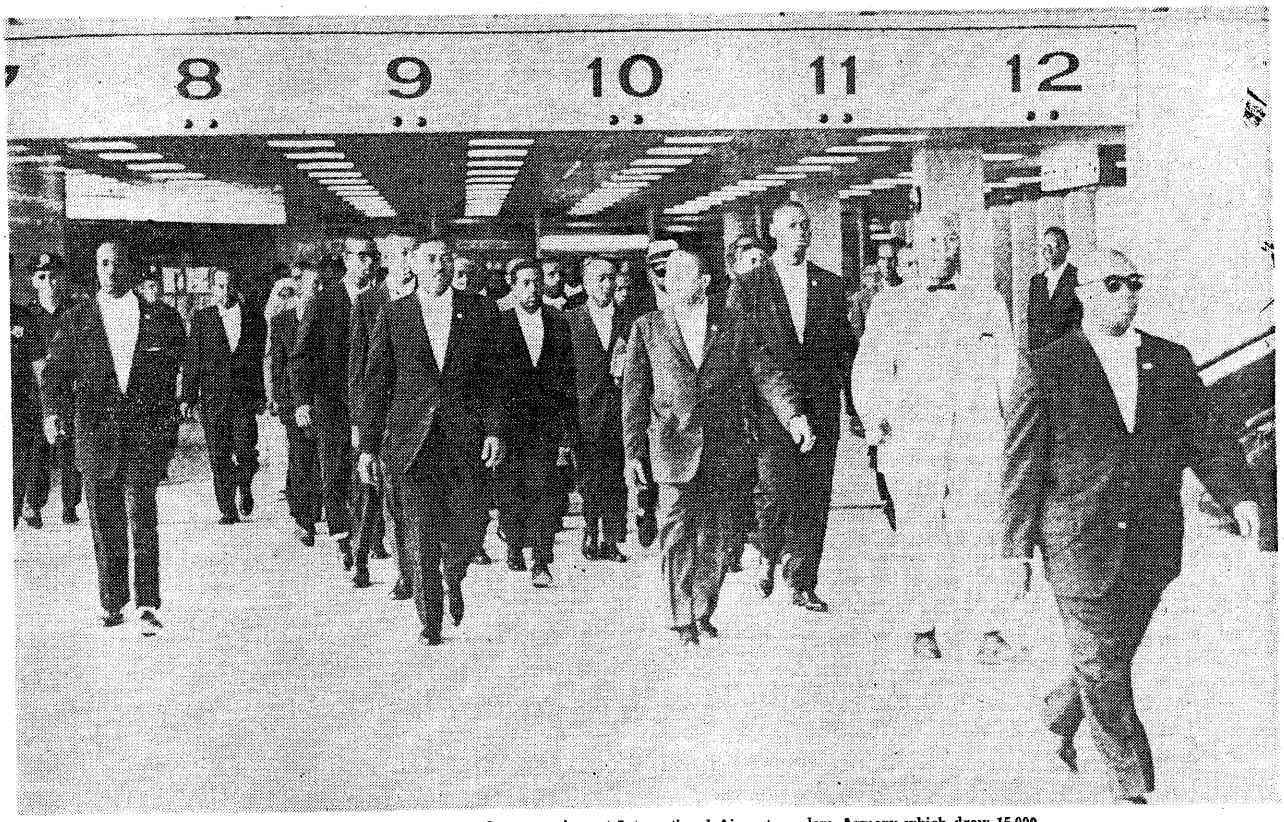
'Depend On Yourself' Muhammad Tells 'Negro'



MR. MUHAMMAD, surrounded by his faithful followers, arrives at International Airport in New York for rally at Harlem Armory which drew 15,000 persons.

Muhammad's Words In Nation's Capital

Address By Messenger Muhammad at Griffith Stadium Washington, D.C.

To the Muslim As-Salaam-Alaikum. To the Christians, I say Peace. I'm very happy and honored to be in your presence this afternoon. I'm very sorry to be so late in getting started with the subject here but I want you to know that you are bestowing upon me a very great honor to have me here in your mist to speak on a subject, a subject that you are asking me to speak on there are many writers, authors and scholars are writing many books on "Christianity versus Islam." This is not a very easy subject to take up with you. If I were to go into details, it would take all this evening to get around to the point that we would desire most to understand. But knowing you are not expecting any controversy to start out here this afternoon as my beloved brother and worker in the work of God Elder Michaux whom I just met for the first time this week at my home in Chicago. I think he is a very wonderful man. I have heard of him and read of him for a long time. And I do want Elder Michaux to know that I am really happy and honored for him to invite me to speak to his followers this afternoon.

UNDERSTAND TRUTH

We don't like to go into a man's house and then try to tell him how to run his own home. We, the Muslims, are people of peace. We are people who don't talk peace. We practice peace! We are a people of Islam, namely, Muslim, which means one who has submitted to do the will of God whom we call Allah. We are happy to be here this afternoon, but to be frank, we are not too happy about going into this subject with you. It is a subject that if everything were said that should be said, probably some of you might misunderstand. If you misunderstand the truth, then it is just as bad as if you had never heard the truth. In fact, it would be worse!

REASONABLE

We should go at the root of these two great religions and cover their principles of belief and practice in order that we might get it over to you without using too much time. I said that I'm not too happy to take up this kind of subject with you. It appears that you are inviting me to challenge your own religion. I don't want you to think that I'm here only for the purpose of challenging people's religion. I'm here trying to unite you on the right road and to try to make you see each other as brothers and sisters.

It is ignorant for us to permit anything like division among us because of religion. There is a way for you and me to come to some reasonable understanding.

We were welcomed here by the police department. We are thankful to Allah that we are in a city where there is an efficient force of this kind in the country. We feel ashamed to have them waiting around two or 3 hours for us to do a little job that we could have done in about 15 minutes. We hope the department will forgive us.

CHRISTIANITY YOUNGEST

To say anything about these two religions, we should go first to the founder of earth. Without the knowledge of the founder of a religion, you cannot say whether it is a good religion or a bad religion. Christianity is what the scholars call the youngest of the three. Namely, Islam, Budahism and Christianity.

I hope you take the truth with a s m i l e. If you didn't want the truth, you should have not invited me. The thing that we want to know is which is the "true religion?" Who is the founder of the true religion? According to the scripture of the prophets, God, himself, is the Author of the True religion. Not a prophet. Prophets are not sent to establish or set up a religion for the people according to their wishes. Prophets are only sent to call people who have gone astray, back to the right religion. They do not bring a new religion but call the people back to the religion which they had been originally been taught by the former prophets.

LAW OF PROPHETS

According to Jesus' own words, according to the Bible — the words were put into his mouth — as saying that he was sent. If he were sent, he didn't come with anything new. He came with a message that someone gave him. He said that he didn't come to do his will, but the will of Him who sent him. I want to get after the founder of Christianity first. You call Jesus the founder. You should know that he was not the founder. Jesus said, "I did not come to destroy the law of the prophets." The law of the prophets refers to the religion that was taught by the prophets before him. Moses is the major prophet before him. Jesus and Moses, according to the Holy Qur-an, taught the same religion. According to the Holy Quran, Islam is the religion of every prophet whom God sent or raised in any part of the world among any people. Islam was the religion of every prophet.

SUBMIT TO GOD

Islam means peace. When you tell me you are a Muslim, you are telling me you are one who has submitted to do the Will of God. When we say that we are Christian, it means, according to the definition of it, that you are one who have submitted to follow Christ and try and be like Christ. You believe God or His message sent to you through Christ and that you are a Christian or crystalized into one. You are a people of one. That is what Christian means — crystalized or you are one, and, one in Christ.

JESUS NOT CHRIST

You may differ with me, but I must tell you the truth! Jesus was not the Christ! I want you to hear that clear and distinct! The Christ was yet to come. The Christ, or the Messiah or the Mahadiah or Mahdi, is the one coming at the end of the world. His very name means one that have been annointed to destroy the wicked from the face of the earth. Therefore, Jesus could not have been Jesus and Christ too! Jesus did not do the work of Christ.

Christ is God in Person in the last day or the manifestation of God. He's just making His appearance among us, you and me,

America Aids Her Enemies And Ignores Her Slaves

The U.S. government gives aid to her Communist enemies yet she still misuses her slaves, the so-called American Negroes, who have faithfully served her with their blood, sweat and lives, 310 years in physical slavery and the past 90 years in mental bondage the so-called Negroes have received nothing but a chance to lie at foot of whiteman and beg.

America gives aid to:

Yugoslavia, Communist and white; Poland, Communist and white; Czechoslovakia, Communist and white, and Spain, Facist and white.

The United States continues to seek the friendship of everyone. But what about the so-called Negro?

America has given to Hindu, Buddha, and Facist dictators, but still overlooks and mistreats her slaves in America. In 1957, she even opened her doors to Communist freedom fighters from Hungary, providing jobs, full citizenship — without one civil rights bill being passed.

These Communists were received by their white brothers with wide-open white arms.

It is time for the so-called Negro to wake up and stop letting our Uncle Tom leaders make fools of our people.

White Man Destroyed Initiative

It is a known fact, the so-called American Negro was brought to America for the expressed purpose of working. It is a known fact, the so-called Negro worked 310 years as a physical slave for the white man without a pay day. This is against the very natural law of compensation. Now, 100 years up from the time the white man has declared the so-called American Negro is free the facts and evidence show the so-called Negro is still seeking to work for the white man. The ability within the so-called Negro in America to go for self has been destroyed.

With automation, the influx of white refugees from Europe and Africa and Asia, a problem among white people who have been and are the Negro's employers and supporters has been created.

Many jobs which were once considered Negro jobs are being taken over and given to white people. You now see white men washing windows, carrying bags, shining shoes, sweeping. Everywhere, the Negro is heading and filling the unemployment lines.

America's economic planners are in agreement that unemployment is a problem which will remain and plague America.

You can go into any of the urban areas or industrial cities, and you see thousands of so-called Negroes walking the streets, idle, doing nothing but talking. Our people are filling the employment agencies, compensation lines and relief lines seeking means of support from the white man.

The slang expression, "last hired, first fired" has become for the so-called Negro, "Not hired and first fired!"

NEGROES HARDEST HIT

The national affairs section of Time Magazine, Feb. 17, 1961, stated "Unemployment is becoming more chronic, more wide spread. Long term unemployment is on the rise. Gone are the days when another job was just around the corner. Hardest hit are the Negroes . . . Negroes comprise 10 percent of the population — account for more than 20 percent of employed."

Messenger Muhammad teaches that by being united, the Negroes will have jobs. The white man did not worry about a job when he came to America to do things for himself. He had a job building a civilization from what he took from the Indians.

UNEMPLOYMENT SOLVED

The white man knows his unemployment problem is solved, if he can get the so-called Negroes off his job. The white man knows his taxes can be reduced if he does not have to support large relief programs. It is a known fact, the so-called Negroes make up the highest percentage on the relief and support programs. A controversy rages in Newburgh, N.Y., because of the Negro numbers on welfare.

It would seem the white man would support Mr. Muhammad in his program since Mr. Muhammad has said that he would make his people self-independent and not beggars to the white man.

It is better to sit alone than in company with the bad; and it is better to sit with the good than alone. And it is better to speak words to a seeker of knowledge than to remain silent; and silence is better than bad words

TYPICAL OF MOST unemployment lines in major cities across the nation, this group of jobless persons in Chicago is largely Negro. Negroes have suffered the hardest in the unemployment problem and as automation advances, the situation becomes more chronic for Negroes who are often denied or given limited opportunities to enter training programs for higher skilled jobs. We must make our own jobs.

THESE UNEMPLOYED persons try to smile bravely as they wait to be called for interview. So-called Negroes are hardest hit by unemployment all over the United States. We must make our own jobs.

Muhammad Sparks U.S. Muslim Movement

ATLANTA, Ga. — It has been pointed out that the Muslim movement is growing by leaps and bounds in the United States. All must admit that Messenger Elijah Muhammad has proven himself a real leader in bringing a new vision and concept to his people.

This movement has become popular among our young people and our women. Mr. Muhammad inspires his followers to search for truth, respect their women and fear only Allah.

There is another thing he teaches his followers that has much to do with the growth of Islam in America. The Messenger teaches Love of our own people and this bond of love is so strong that nothing can divide him and his people or set them against each other.

One only has to note the warmth of the greeting and handshake as two Muslims meet each other. Their very attitude bespeaks the deep love and admiration they have for each other. The Messenger points out the importance of the so-called Negro taking a more friendly attitude toward each other when he says "My people (the so-called Negroes) lack love, unity and self-respect among themselves, which makes it even more difficult for them to gain recognition and respect from other nations of the world.

"My people, give up your differences and unite as one nation (Islam). Love your black, brown, yellow and red brother as yourself. Do good unto each other. Never think of shedding the blood of your own kind. You are a righteous people, so treat all human beings right."

This fundamental concept of human behaviour and relations is most vital to our unity and progress as a race of people.

Mr. Elijah Muhammad is not a man blind to the faults of the so-called Negro and he has the courage to point them out and offer plans for correction.

He has taught his people to love each other. There is vital need to remove the hatred Negroes have for one another before they can become a people with love for all mankind.

Mr. Elijah Muhammad is not man who teaches hate. Instead, he teaches love by his people one for another. He only teaches truth and because he makes no attempt to misrepresent and hide the truth, his enemies have attempted to paint him in a most unfavorable light.

The voice of Mr. Muhammad is being heard by progressive thinking young men and women of his race and they are rallying to his call. His is a message of truth and knowledge and great understanding.

His followers have seen the light and are enjoying freedom, justice and equality. On the horizon one sees the moon and the stars, if one has the faith and belief that comes to those who follow his leadership and teach-

Your Name On Book Of Life

Ask the so-called American Negro any question about anything other than himself and he will probably give you an answer. He will and can tell you all about the lineage of the queen of England, the age of a read wood tree, the sporadic brith rate of the fire-fly. But he can't tell you one blasted thing about himself! He does not know his own people's name, language or nationality. It is time to join on to your own kind.

The Truth About Pork (The Pig)

Pork or pig, all its parts and by-products, has been a chief food for the so-called American Negro since the days of his physical bondage. The pig was not made for human consumption. The pig is the chief cause of many of the ills and mental deficiencies occuring among the so-called American Negroes and any other people who eat it.

The pig is a mass of worms. Each mouthful you eat is not a nutritious food but a mass of small worms the naked eye cannot detect. Worms thrive in the hog. When these worms are digested into your system, they cause a high birth rate to hundreds of new worms called larvae which travel the blood stream of your system and lodge in your muscles. These worms even enter your brain, lungs or your spinal fluid. They cause muscular aches, fever and many other symptoms of sickness. The worm has an amazing ability to go undetected in your system for many years.

The scientific name for the ill-causing worm found in all pork is Trichinella spiralis which causes trichinosis.

Despite what veterinarians public health officials, the Agricultural Department or your doctor say, the best defense against the pig is DO NOT EAT IT. When you do eat it, you do not hurt God, His Messenger, the Muslim or anyone else. You hurt yourself.

Thorough and slow cooking of pork does not remove the danger of disease from the worms in all pork, corn fed or garbage fed. Cooking of pork by minutes to the pound does not remove the danger of the worms found in all pork. Additional cooking of pork purchased in the summer or processed pork products does not make the worm-infested pork safe for eating.

Inspection and governmental seals on pork do not remove the danger of the worms yet in the pork to make it safe for you to eat.

Some say never taste raw sausage or any raw pork. It is best not to eat pork — raw, processed, cooked, smoked, cured, or seasoned.

You are what you eat, so why not eat the best and be the best. Do not allow this rotten, diseased meat to be sold in your neighborhoods or brought into your homes.

Pork is often referred to as "cured." The word "cured" is the past tense of the verb "cure." If a meat has to be cured before we eat it, we should not even take the chance to eat it.

In the Bible and the Holy Quran, it is the Divine will of God that the pig should not be eaten and God has never changed this instruction, despite the white man's setting up governmental bureaus to grade and approve the selling of pork.

The so-called Negroes should ban this meat from their communities and all those who sell and eat it!

BE YOURSELF!

Have you ever noticed the Muslim's appearance? Have you observed that they are generally small and not overweight? For more than 30 years, Messenger Muhammad has been teaching the so-called Negroes of America on the proper foods to eat to improve their mental power, physical appearance, for prevention of illness, curing of ailments and prolonging life.

Before it became a fad, Messenger Muhammad advocated eating whole wheat and staying away from bleached, white enriched flour. He has taught and maintained fats should be reduced and eliminated from the diet. He has warned about the dangers of eating from cans and wax cartons. He has cautioned the so-called Negroes to take better care in selecting food to eat.

Mr. Muhammad has stated the so-called Negroes should eat the young, fresh green vegetables. He has stated the lima bean, black eye peas, and other field beans do not have food values good for the body and that they are very hard and damaging to the digestive tract.

BAKE FOODS

For more than 30 years, the Muslim home has stressed the baking of foods and not frying. He has cautioned his followers to be conscious of weight. Penalities are exacted from Muslims found over weight.

All of Messenger Muhammad's teaching on foods and weight have been studied by white scientists, doctors and dieticians. Finally, in October of 1959, actuaries released new average weight charts for men and women. It was no mere coincidence that their findings coincide with what Messenger Muhammad had been teaching. It was practically a verbatim transcript of the papers they confiscated when the federal government arrested him in 1942.

FEATURE STORY

This was followed up with a featured story on weight in the U.S. News & World Report, Nov. 2, 1959, which was condensed in Reader's digest Feb., 1960. Their story, too, followed what Messenger Muhammad had been teaching for 30 years, that is, except the portions which advise eating pork. Coronet magazine, also in Feb., 1960, published an article on weight and new weight charts, according to the plan of Mr. Muhammad. And, in the April 11, 1960 edition, The U.S. News & World Report again reported a detailed account on the foods to eat. As one Muslim said, they really listened to Mr. Muhammad, but they mixed it up and added to it." Every so-called Negro would do well to listen to Mr. Muhammad speak on the proper foods to eat. His advice adds to your life.

Mr. Muhammad Addresses 15,000 In New York

Separation, Some Of This Earth For Us Or Death

Speech Delivered In New York August 27, 1961

We are here, not to make enemies, but to make friends! We are here, not to criticize, but to tell the truth! We are not here to drive you away but to call you back from going astray!

We are thankful to Almighty God Allah who has made His appearance among us fulfilling the prophesy of His coming by His prophets of old and of the modern times that you and I are now living in. We are living in the time of a change. We are living in a time of the separation and the withdrawal of a world. We are living in a time of the absolutely disappearance of a world coming in. We are not ahead of time. We are on time. We are here this afternoon to acquaint ourselves with the revelation received from Allah given for the purpose and the sole purpose of calling back that particular member of the Asiatic Nation who went astray 400 years ago to return to its own. We are not here to disunite you, but here to unite you. I'm not asking you about your religious belief this afternoon, but I'm asking you, Do you believe in self? I'm asking you do you love self? I'm asking you, Do you want to unite with self? I'm asking you, do you like to live with self? That is why I'm here.

TRUTH MUST BE TOLD

Some of us, that we don't like to be separated. I'm not arguing with you about what you don't like. Some of us say that separation causes lots of misunderstanding, lots of grievious, lots of trouble to teach this disunited people to be separated. They say the thing that should be done is to join up with the white people, integrate with them, destroy ourselves and them too. I'm not trying to change your belief or your way of doing things. I'm only here to tell you the truth and the consequences of such idea. Separation or Death is my subject and some of this earth that we can call our own.

LOST KNOWLEDGE OF TIME

There are many people who are very lost in the knowledge of the time we are living in and what we should teach in such time. Some of us are speaking the language that people were speaking a thousand or two thousand years ago. Some of us are even speaking the language some people spoke 4,000 years ago. We are not speaking in the language of those people over 2,000 years ago. We are speaking in the

Messenger Muhammad

language of the people here today at the end of 6,000 years. We are here to speak in the number "seven." We have passed out of the number "six." We are living in the "seven." We are living in the symbolic teaching of the Bible "in the Lord's Day," meaning the seven thousandth year since the creation of the Caucasian race or end of time of this world.

OPPOSERS TO SEPARATION

There are opposers today in being separated. I want to sum up a little of the work of separation to you of the past. I want to show you how that in the very beginning that you were separated. I want to show you, according to history, that in the end you shall be separated. I want to sow you how separation took place 6,000 years ago. We are the people by the guidance of Almighty and All Wise Allah to whom praises be forever have taught us the truth. We don't wonder about whether or not He has taught us the truth. We know he has taught us the truth. I'm not going to the library or to the college or university of America or Europe to find out whether or not God taught me the truth. I don't have to get any witness out of their educational system to bear me witness whether or not that God has spoke the truth. I know that He has spoken the truth! I'm not an educated man. I have no degrees from your colleges and universities.

TEACHINGS OF GOD

I have only the teachings of Almighty God Allah. I have only been a student under Him. I am not boasting that I'm your equal in education. I do boast that I have the word of God to deliver to you. For the first time since you and I have been in the Western Hemisphere, the knowledge of ourselves have come to us. It never came to us before today; of ourself, of our people, our religion of our God and of the people who have ruled over us for the past 400 years in the Western Hemisphere. Now is the first time that we have learned truthfully their history. It is the first time that we have to learned truthfully the beginning and the end. We have not taken it from scriptures that have been added in and added out. The knowledge came directly from His mouth.

ATOM OF LIFE SEPARATED

If you doubt that you will not be successful if you are separated, take a look at this. Ever since Almighty God, Allah, created the universe, there has been separation going on in it. When He created the universe, the very germ, the atom of life also was a double section and there was separation in it. In our own brain - every cell is separated. My friend I want to talk to you who don't like to be separated. According to the creation of the present civilization today, they also were separated in the beginning of their time.

PROOF OF SEPARATION

We, today, the black people the blackman, have been made to think that we were an inferior people or person because we have laid down and slept for the past 6,000 years to allow the white race to rule. You think that the black man is a fool because he has been sound asleep and has allowed others to rule him. No! No! He is not yet fooled. The black man's head may look hard and knotty, but that is all right. That head is from a father who created the universe. That head is from the father that made everything as it is and then divided them into separate states to themselves and given them their own wisdom and knowledge to rule in their own respective spheres. I have the proof of that and you have it.

6,000 YEARS AGO

Let us look at what happen 6,000 years ago. We are the Nation of Islam. We are the Nation of the Original inhabitors of the earth; We are the Nation of the Creators or the Creator ourselves. Our Nation held a power within us that was dominate. We had not tried it out at all. We the Nation of Islam brought it out into the light and clothed it with wisdom, knowledge and understanding. (All praise is due to Allah). If you can bear the truth - I say bear it! If you can't - I say leave! What I say is nothing but truth. I don't know nothing else!

I'm after you the black man. I'm not trying to convert the white man! I'm after converting you. You are the man that is asleep. The white man is wide awake. He is not a dummy, by any means. He has built a world. His knowledge and wisdom is now reaching out through space — reaching out to planets or other inhabitors to learn their wisdom. I'm not trying to teach a man like that. No! Not by any means. I'm not trying to teach a man that was not given to me as a student, No! I'm after the man that, that man have made blind, deaf and dumb.

We the black man of the earth, have no birth record. There is no books, no rocks on the earth or in the earth to tell you our birth record. Go and search the earth! Search the rocks for signs to show our beginning. You won't find it. Go and search for our birth in the planets which rotate around the sun. You won't find it. Then stare at the Sun and stary canopy. See if you can find our birth record. You won't be able to find it. Digging up the earth, looking for bones and traces of markings on stones in Asia, will never reveal to you our birth record. Why? Because from us everything came! This is the truth that you should know. The so-called Negro want today to hang on to their slave masters' children. They try to be like them. They want to be white. Why? Because the white man have been in power ever since he has been on earth and he has ruled you. He has ruled us - myself. He has ruled all of our people, except about one tenth of them! He has ruled most of the earth except one tenth of it! I give the white man credit. I also give my other black man kind credit. You scholars and scientists, go home, turn over your dusty books, ledgers and pages. Find whether Elijah is lying or telling the truth. Come back and condemn me. I will give you $10,000 out of my brother's pocket, and I will pay with my life for lying.

(To Be Continued)

SAYINGS OF MUHAMMAD

Must you always quote a white man for that clever or wise thing to say? When have you heard a white man quote a black man in his outlook on life? Begin now by quoting a man from among your own people.

Here are some sayings of Prophet Muhammad of 14 centuries ago on education. They compare with the sayings of Messenger Muhammad today.

"The acquisition of knowledge is a duty incumbent on every Muslim, male and female.

"He who leaveth home in search of knowledge walketh in the path of Allah.

SPECIAL BUSES stretch for blocks near Harlem armory in New York City, where 15,000 persons heard Messenger Elijah Muhammad at Aug. 27 mass rally. Hundreds of Chicago area Muslims made the journey to New York for the meeting.

Muhammad Cites Three Basic Muslim Freedoms

Mr. Elijah Muhammad, Messenger of Allah, is the powerful leader of the many Muslims in America. He lays much stress in his teachings on many of the hopes, dreams and aspirations of the Negroes in this country. He tells them that Islam means freedom, justice and equality. These are three of the fundamental rights that Negroes have fought for and sought, ever since they were brought in shackles to this country, and sold into bondage.

Mr. Muhammad also tells them that Allah reveals the truth which "destroys superstition and removes the veil of falsehood." He tells them that "Islam removes fear and makes one fearless." The lack of fear among the Muslims is evident to anyone who talks with them or knows of their activities. His implication here is that one of the greatest handicaps the Negro has suffered in America is his deep rooted fear. Fear of himself, fear of other Negroes and an overpowering fear of those who would oppress him.

The Muslims are vitally concerned over the eating and behaviour habits of their people. A Muslim is cautioned on these matters in a most persistent and impressionable manner.

WHAT ISLAM OFFERS

Mr. Muhammad warns that "people eating swine flesh, committing acts of adultery, robbing, murdering and lying shall not be recognized as servants of God." He teaches a practical and everyday religion, as decreed by Allah. He sums it up in these words, "Islam offers its members on earth, what Christianity offers beyond the grave." He warns Negroes to "stop believing in something coming to you after you are physically dead. That is untrue and no one can show you any proof of such a belief."

Mr. Muhammad, in speaking of race relations, points out that the "white man in the South is fighting to keep Negroes from even voting for one of their own (white people) to rule them (the Negroes). Whites fight their own laws to prevent Negroes from sitting in classrooms with their children."

While the enemies and critics of the Muslim leader try to belable him as a hate monger, there is nothing in his record or teaching to substantiate this charge. While Mr. Muhammad could be justly labeled a truth seeker and sometimes his frank and unrestrained revelations of conditions under which his people suffer in America, may give the impression of a hate campaign, he only admits to telling the truth. The truth is sometimes stranger than fiction and often shocks the sensibilities of those who are guilty of wrong doing but the only defense against wrong — is to do right.

SENSE OF DIGNITY

Mr. Muhammad wants his people to have a sense of dignity and contends that only Islam offers this cherished heritage; for when Negroes have freedom, justice and equality, they will then have dignity of the human being. That he claims is what Islam offers and that he teaches and contends is what the Negro in America is seeking and needs.

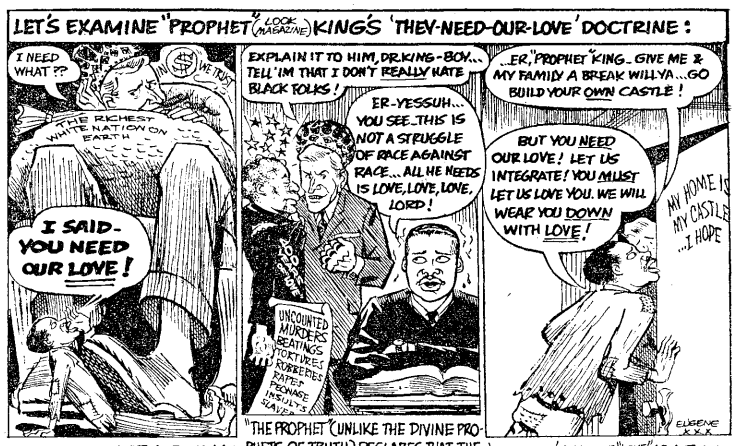
Mr. Muhammad has none of the fanfare and pageantry in his movement of a Marcus Garvey or the blind devotion of the Father Divine followers but he has the unshakable confidence of his followers and the respect of the ever increasing number of Negro youths who are joining the Muslim movement in this country. The Muslim youth movement in America is sensational and substantiates the belief of these people, that our youth will respond to reason quicker than to emotion; that they still submit to strict discipline, (there is no juvenile delinquency among the Muslims) and that they know the truth when they hear it and will readily respond to its teachings.

Unity

All Muslims are as one body. If a man complains of a pain in his head, his whole body complains. Believers are in relation to one another as parts of a structure, one part of which strengthens the other. The so-called Negro has been a lost, dead, divided body. It is now time for the head bone to connect to the shoulder bone and so on and get some earth for a home of ou rown. Unite behind Messenger Muhammad and we'll have a home of our own!

The short declarative sentence, "Mr. Muhammad Speaks," is becoming well known, having impact and effect on events in America and the world today. It is certain that when Mr. Muhammad speaks, quite a few listen.

Mr. Robert Colby Nelson, Staff correspondent for The Christian Science Monitor, May 16, 1960 stated "out of this guidance (Mr. Muhammad's) appears to have come an environment which . . . has made . . . a degree of respectability for many Negroes whose lives before had been crude at best." (Ed's Note: He neglects to say the white man made life for the so-called Negro in America and that the white man is responsible for the so-called Negro's condition).



AS IF WE HAVE NOT ALREADY GIVEN THEM OUR LOVE (LIVES, BLOOD & TOIL.) FOR FOUR HUNDRED YEARS, AND MADE THEM THE RICHEST NATION ON EARTH!! HOW MUCH MORE 'LOVE' CAN THEY STAND!?

"THE PROPHET" (UNLIKE THE DIVINE PROPHETS OF TRUTH) DECLARES THAT THE STRUGGLE OF GOOD AND EVIL IS DEVOID OF RACE (OR NATIONS OF MEN) ...AS IF GOOD AND EVIL EXISTS OF ITSELF (IN SPOOKS & SPIRITS) RATHER THAN IN MEN, RACES & NATIONS! EVE, CAIN, PHARAOH, EGYPT, SODOM & GOMORRAH, BABYLON!

'EDUCATED' TOMS USE "LOVE" AS A TRICK-WORD TO INVADE THE RICH MAN'S HOUSEHOLD...HIS OWN BIBLE SHOWS HIM HOW FOOLISH & FRUITLESS SUCH "LOVE" IS!! HURRY...JOIN ONTO YOUR OWN KIND!

30 Minutes To Armageddon?

For thirty years, Messenger Elijah Muhammad has been teaching so-called Negroes of America to accept Islam and survive "the war of Armageddon." — Many whites in secret counsel and in their conferences have warned their people of the last war as did General Douglas MacArthur when he was Commander-in-chief of U.S. Forces in Pacific.

Now Ex-President Eisenhower in a somber speech in Chicago, Sept. 16, 1961, warns America of this same great destruction that hangs over this world. The following is a reprint from New York Herald Tribune quoting passages from Eisenhower's address. The Tribune caption. "30 Minutes To Armageddon."

"We know that living today in Chicago is akin to living today in Berlin. Every free people, on every continent, are in effect the people of Berlin. Like them, we are faced to face with threat of Communist domination. We share the responsibility of preserving, a g a i n s t the threat, all that we hold dear in this world.

"Looming in the background is a grim reality. Nuclear-tipped missiles place all of us — even Chicago— but thirty minutes from Armageddon — tonight, every night, every hour of every day. There is no spot on earth assured of safety from obliteration. The maximum warning time is measured in minutes.

"Friend and foe possess, for the first time in history, the capability of mutual annihilation. In such a period each one of us — and this includes our leaders — is being tested on the firmness of his faith, the stoutness of his heart, the steadfastness of his courage.

"Americans have always been confident that, in time of international crisis, their leadership would hold to principle, would never yield to threat or take a backward step — a leadership always ready to defend the rights, uphold the ideas, and meet the responsibilities of this free republic. In this confidence we Americans are determined that where the commander-in-chief stands, there we must and shall stand.

"Yet we know this is not a time to measure lightly either our own present, or our children's tomorrow. In such a time silence is not necessarily either golden or prudent."

—President Eisenhower in a Chicago speech Sept. 16, 1961.

(Note: A reminder — in Revelations 16:16 of the New Testament, St. John the Divine, told of his vision of seven angels ordered to pour out the wrath of God upon the earth. John said: "And he (the angels) gathered them (the people) into a place called in the Hebrew tongue Armageddon." The chapter goes on to relate how, thunder, lightning, an earthquake and hailstones fell upon the earth).

For displaying a sign asking "who will survive war of Armageddon?" in the Mosque of Islam in Monroe, La., poor innocent believers in Islam, the religion of God were set upon by white savage, brutal police officers and falsely charged with assault on police officers, desecration of flag and anarchy. All this because Messenger Muhammad directed them to be concerned about their future. It is time for the black man of America to awaken.

Wisdom

It is not righteousness that you turn your faces towards the East and The West; but righteous is the one who believes in Allah, and the Last Day, and the Angels, and the Book, And The prophets and gives away wealth out of love for Him to the near of kin and the orphans and the needy and the wayfarer and to those who ask and to set slaves free and keeps up prayer and pays the poor-rate and the performers of their promise when they make a promise, and the patient in distress and the affliction and in the time of conflict. These are they who are truthful; and these are they who keep their duty.

THE WOMAN OF ISLAM

The Picture Page this month is devoted to showing how Islam has uplifted our women to a level of charm and grace equal to any woman in the world. This achievement is a tribute to the dynamic leadership of Messenger Elijah Muhammad.

Our Platform

We, the followers of Messenger Muhammad have maintained a program of our own, producing our own supplying our own, reading and writing our own.

In February, 1957, a new era was brought about in the field of journalism among the so-called American Negroes. Mr. Elijah Muhammad, the Messenger of Allah, began writing a weekly column in the Pittsburgh Courier. Prior to that time, The Courier, along with other Negro newspapers, was experiencing decreases in circulation among our people (who have been trained to buy and rely on the white dailies and magazines for their news).

With Messenger Muhammad writing in the Courier, his followers began circulating the paper in every village, town and city where the so-called Negro lived. It became a common sight to see the young clean-cut Muslim men during the week selling the Negro newspapers. It was a hard task since most of the so-called Negroes did not want to be identified with reading a paper of their own. Doors of our people were slammed shut. Our own people did not want to read Negro newspapers. They told this to our brothers. Yet Messenger Muhammad's followers continued to sell.

Clean cut and courteous familiar figures, they became in the community. Other newspapers seeing the Courier's success and the tremendous promotion the Muslims were giving the distribution of papers, began to print different articles on the Messenger. They would then inquire of the Mosque how many copies would be needed as they knew a line of favorable type on Mr. Muhammad would bring increased sales.

On several occasions, the Muslims would sell 10,000 New York Amsterdam News newspapers after they got off work in an hour. Mr. Muhammad's followers sold many Ebony subscriptions for Johnson publications.

The Courier began to print Mr. Muhammad's column with error and reprinted any article carried in the white press concerning Mr. Muhammad without checking with him to get his side or to see if the statements were true. Because of this lack of communication between the Courier, the column, "Mr. Muhammad Speaks" was discontinued in that publication — at a time when the Muhammad's Mosque was selling 1,256,555 copies yearly. Soon other so-called Negro publications got on the band wagon. Print a line or two on the Muslims and Mr. Muhammad's followers, out of devotion and eagerness to get all of their people in the righteous life of the Muslim, would buy and sell the publications.

Now comes the time to put forth the effort we have given others to our own! This we will do with each issue of Muhammad Speaks.

Who Speaks For Negro?

We take exception to Negroes who have led our people to paths of continued slavery under the slavemaster. Many leaders have been set up for the so-called Negro.

It is the white man who decides who will be judge, congressman, borough president, U.S. district attorney of his courts, leaders of congress, towns, cities and districts, and he should as they belong to him.

But we do resent his picking our leaders. It is time for the so-called Negro to throw away Uncle Tom leadership. Let the leaders the white man picks serve him, as they certainly cannot serve the interests of the blackman.

Who speaks for the black man? Certainly not Arthur Springarn, white president of NAACP or Henry Steeger, white president of the Urban League; James Farmer, director of CORE, married to a white woman; Harry Belafonte, singer who divorced a black woman and married a white dancer; George Schyuler, writer married to a white woman; Adam Clayton Powell, congressman, who divorced a black woman and married a white woman; Edwin Berry, Urban League worker, married to a white woman; Sammy Davis, Jr., song and dance man, who divorced a black woman and married a white woman; Dorothy Dandridge, who divorced a black man and married a white man; Dihann Carrol, singer, married to a white man; Lorraine Hansberry, married to a white man; Nina Simone, singer, married to a white man; Eartha Kitt, married to a white man.

A chief trick of Communists is the dangling their white women in our direction. Do us a favor and keep your white women in your beds and stay out of ours, and our neighborhoods and homes.

If the so-called Negro leaders have part of the enemy or opposition in their families, who we are trying to get separated from, how can they be leaders for our people?

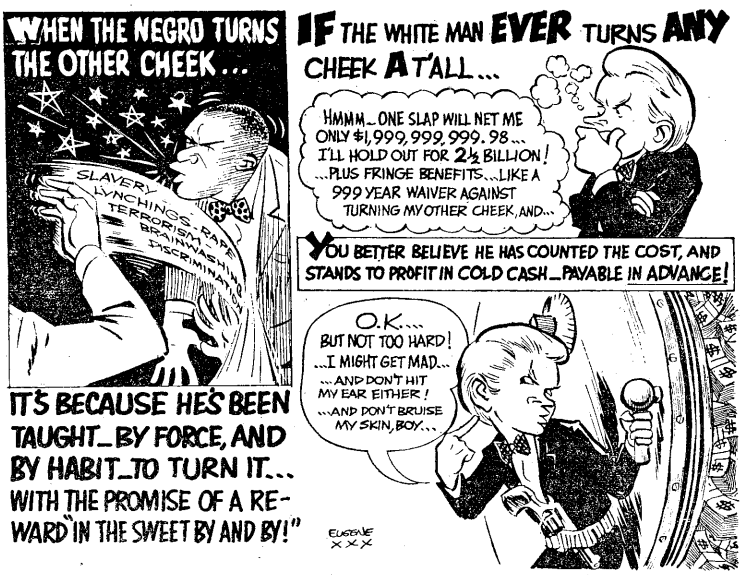
The so-called Negro leaders certainly can't go along with separation for our people when they are married to the ones we should be separated from.

Let us look at the inside of our house. We want for our leaders people who can be for all of us; not so-called Negroes who are part for us and part for the opposition. This way, we never get anywhere. Naturally, we will not get anywhere as it would harm these leader's cause. The NAACP is guided and controled by whites. We must learn to seek unity among ourselves first. Our own people around the earth will never respect us as long as we follow along the white man's way of life.

Be yourself and be as Moses' people. Have a leader from among you, chosen by God. We have Messenger Muhammad in America today.

ACCURATE NEWS OF SO-CALLED NEGRO

The chances for your story being printed are better if it is received typed, double spaced containing information on who, what, where, when, why and how. Get the facts and send in to MUHAMMAD SPEAKS, 5335 So. Greenwood Avenue, Chicago 15, Illinois.



What Does The So-Called Negro Deserve?

It would be simple to answer the question, "Does the Negro deserve a place to himself, a separate state or territory," by saying, 'yes.' However, let us check the record, the history. The history of all our studies is most attractive and rewards all research as it displays the strings and motives of actions of human conscience that acts most powerfully on human minds.

The American so-called Negro did not come here on Pilgrim ships or the Mayflower. They were brought here in chains to serve as slaves. They were the personal property of the white man. We were his chattel. We were an item of commodity in the building of the great economy, the riches and wealth of this country. We were bartered, sold and exchanged.

We remained in physical slavery of chains to the delight of our master. Abraham Lincoln was the President of an imperiled nation and declared that his primary purpose was to save the union. Though he emancipated the slaves (that is from their chains), that was a secondary consideration .

Freedom means a return to own or the opportunity to practice in a place a cause or culture of your own.

This freedom was not given to the black man of America. Our 310 years in bondage as a slave for the white slave masters of America are a sufficient price for a home for each and every one of the black slaves and their children. Such was not given to the Negro at the time of his so-called emancipation.

The slave was turned out into the woods, the mud and the world without anything. He was hungry, naked and outdoors. Without relief, with nothing to show for our labor and with nothing to make a start towards caring for self, we had to return to the house of our white slave master.

The slave master who boasts today of the great return Americans receive for their labor, did not see fit to pay for our fathers slaves' labor which had been taken to build America into the richest and most powerful government that the white race ever had and ever will have on this earth. Even today, as the great debate of Capitalism versus Communism and the worker gaining more benefits, pay, and reward for labor in one system over the other, after 100 years of so-called freedom, the American Negro is still without a home and the slave masters have not offered him one — not even in the worst part of this country, though our labor and our poor fathers' labor before us helped make America what it is.

Again, we have spent 300 years as servitude slaves and nearly 100 years as free slaves (or as they say to make us feel better "second-class citizens.") We still get about as much justice as a herd of sheep among a pack of hungry wolves !

Some of you may say well I have a home or I am buying a home. Remember we are born here but not wanted as residents in the white man's neighborhood. To show how much they hate and dislike us, the so-called Negro, as soon as we move in, they move out, that is, if their law enforcement agents will not let them brickbat and shoot us out. In which white community in America has the white man remained after the Negro moved in?

We are kicked around, dogged at, called all kinds of evil, nasty, disgraceful names, even after calling us by the white man's own names.

Any type of freedom has a economic system which requires land from which to extract raw materials.

Is there any precedent for the so-called American Negro wanting land, a nation and provisions to provide and do for himself? There is Moses, and his people; there is Lazarus begging the rich man. And in this modern day the Jewish state of Israel was carved up from among the Arab land not even one score ago. All historians and economists agree that without land there is not freedom. Messenger Muhammad says so-called Negro must have a home of our own !

Mr. Muhammad Speaks

By ELIJAH MUHAMMAD
(Messenger of Allah)

Why should not we demand territory if we have to stay on this soil which we sweated and died for? We have no justice and no home on it that we can call our own. Why should not we wake up and unite and demand some earth for ourselves as other nations are doing?

Messenger Muhammad

There are small nations of only three or four million — that are demanding homes for their people. Here you are six times their number and you are not asking for any earth whatsoever. All we are asking for is that you treat us like you treat yourselves, give us a place at your table and in your home, and allow us to marry your daughters as you marry ours.

What do you look like asking the white people to swallow you up. They have already said that you don't like yourselves. That's why you want them to come and mix their blood with yours because they are already haters of your blood. Why should we hate ours when we were the first in the sun. Why should we hate ours when we are the God and owner of the universe? Why should we hate ourselves when we have no beginning or ending. It's a shame.

DON'T EAT PORK

Here we are going around saying the Jews are all right. Do you think that the Jews and the white people are not brothers? They are all brothers. The only difference is that one tried to do more like the prophets told him to do than the other. The Jews have lived next door to the Muslim world for many centuries and they have tried to live more like the Islamic people. They won't eat pork and they are not excessive drinkers. They will make you drunk and get rich off your getting drink; but they are not great drinkers themselves.

MOSES

The Jews believe in the teachings of Moses. They are not so instrumental in trying to lynch and kill you. They have more respect for the religious laws taught them than the Christian people. That is the only difference. But they are all white people. I mean they are all members of the same race of devils.

Let's get justice for ourselves with the help of God. Let's unite and let's protect our wives, children and homes with our life's blood. Let us do that.

LOOK TO EACH OTHER

Let's look to each other as being a burden bearer of the same person and as brothers and not as enemies of strangers. Let us unite in the great universal brotherhood of Islam where men will die for each other.

I have quite a number of thousands of people following me in America; and I have a great number who are being converted to follow me in Central America and across the water of the Atlantic and the Pacific. I have converts everywhere.

STRANGERS NOT FRIENDS

My teachings are universal. Everywhere in this civilized world, people are coming to Elijah.

I have converts in Puerto Rico, the West Indies, Ghana, Tunisia, and Algeria. I have converts as far as the Republic of South Africa. I have brotherhood and friendship with all of the world of Islam, regardless of their whereabouts. I have their friendship. The only way that you can get that kind of friendship is to get it from people like yourselves.

Don't look for strange people, members of another race who are not members of your nation for friendship. They are not your friends. You will be greatly disappointed.

UNITE

I say, my friends, let's unite with all of the dark people of the earth — but first with ourselves, then with all of our kind. Unite with them for friendship, brotherly love and protection. Be like white people. They are in unity with all of their kind. We must be in unity with all of our kind. Then we will be like civilized people.

ACCEPT ALLAH

Don't let the white people classify you as enemies of our own people to their own like. They like for you to be divided. As long as they have you and I divided, they know that they can rule. A united people is hard to rule. Let us accept Almighty God Allah and Islam and place our names among the nations of righteous and universal brotherhood for justice and protection.

DON'T FEAR

Don't fear that if you join the Muslims the government might not give you a job. Let the government fire you. That job you may get fired from, but membership in a nation that will forever live never fire you. Remember that old parable in the Bible in which Jacob robbed his brother Essau of his birthright? Don't let them rob you of your salvation with the threat of firing you off a temporary job. Come on to Elijah Muhammad! I'll get you a better job than the one they give you.

We want justice. That's all we want. I want to say to the government of America that I am not trying to petition the people against you; to force you to give them justice; I am only asking them to unite and get justice for themselves.

Remember, as intelligent people, that you must get independent names. The names that you are going in are slavemasters' names. As long as you go in the white man's name, you will forever be his slave, and you will get no protection under such names. Give him his name back. Give him his religion back. It will keep you a slave.

There is no such thing as what you have been taught that God is the father of Jesus, anymore than He was the father of you and me. If God wasn't married, He is not the father of the physical body of Jesus any more than you and me. So, remember, God didn't get a wife and He didn't have a son. If you say he did get a son, then you are charging God with an act of fornication.

So, I say to you my beloved brothers and sisters I am happy that Almighty God Allah has permitted us to be here in the city of Washington, D.C., the capital of America, face-to-face to hear what I have to say on the solution to the so-called American Negro's problem.

Remember the solution No. 1: Separation from the white people.

No. 2: A home — some good earth that you and I can call our own home.

No. 3: Support for you and me on earth until we are able to go for ourselves.

No. 4: Complete unity between you and me from this day on and forever.

May the peace and blessing of your God and my God Whose proper name is Allah go with you from now and henceforth forever more, as I say unto you peace in the Arabic language — As - salaam - alaikum.

Muhammad's Followers Go To Mecca And Cairo

NEW YORK — Brother William 10X and Sister Daisy X landed at Idlewild International Airport in New York aboard TWA Jet on a return flight from the United Arab Republic and Arabia.

Brother William 10X, follower of Messenger Elijah Muhammad, stated after clearing customs, "My greatest desire when I was a Christian was to visit the cities of Europe. After reclaiming the religion of my fathers, the prophets and God, my desire became, as all Muslims, to make the pilgrimage to the Holy Cities of Mecca and Medina. I am thankful to Allah for The Honorable Elijah Muhammad teaching me the true knowledge of myself."

Sister Daisy, the wife of Bro. William, and also a follower of Messenger Muhammad, said, "Yes, I was glad to be received among my own people with welcome arms when they learned we were Muslims and not practicing the whiteman's religion of Christianity. The people of Africa do not like you if you are a so-called American Negro practicing Christianity. They know that Christianity has been the great tool and weapon in colonializing (they call it enslaving) their people and taking their lands."

Brother William 10X and Sister Daisy X left the United States on July 20 and remained overseas for 35 days in Egypt and Arabia on the continent of Africa. Brother William stated their itenerary called for stopovers in Paris, Rome, Greece and white European cities and governments, but he and his wife chose to go on to Cario, Jedda, Mecca and Medina, along the fertile Nile, home and civilization of the blackman before the whiteman came out of the caves and hills of Europe.

Brother William said, "The white press and Negro press, who copy their enslaver really lie in reporting of Messenger Muhammad's work. The press states the Muslims followers of Mr. Muhammad are not recognized among our brothers and sisters in Africa and Asia. This is a bare face, slave-making lie of the devils, white people, who want to continue to trick our people. It was the fact that we were Muslims that opened the doors of our people to us. We have our passport and visa stamps as proof of being received in the Holy Cities of Mecca and Medina which are forbidden cities to white people. In fact, the closes the white man can get to Mecca is at Jedda where the U.S. maintains an American embassy. It is the whiteman who is not recognized among the Muslim world; not Mr. Muhammad or his followers. It is a creed among the Muslims that a Muslim is a brother to a Muslim."

Mr. Elijah Muhammad and two of his sons made a forty-five day tour of the Muslim world in November 1959. Mr. Muhammad did not make his tour as a tourist or visitor but as guest of the Muslim governments. This fact is well known. Mr. Muhammad and his two sons who accompanied him also made the pilgrimage to Medina and Mecca in December 1959. This fact is also concealed by the whiteman in his effort to trick the so-called American Negro into thinking that the Muslims of America are different from other Muslims. This is a favorite trick of the whiteman to call our people by different names, rename their countries, religion to make our people think they are different from the other. This keeps them divided and enables him as a minority people to rule among the black nations of earth which include black, brown, red and yellow.

In July 1959, Minister Malcolm of Muhammad's Mosque in New York, also visited The United Arab Republic, Arabia and other countries with Muslim governments or large Muslim populations.

Bragging So-Called Negro Leaders

It has been noted that Negro newspapers and so-called Negro leaders brag about appointments of our people to positions by the white man. However, we must do something for ourselves.

Why brag about being made the white man's judge, U.S. district attorney, housing administrator, assistant White House press officer, special White House counsel, assistant secretary of labor, assistant sceretary of state for public information?

According to the Cook County Bar Association News, in the August 9, 1961, edition, there are 8,180 federal and state judges. Why brag because they made one black judge work for the white man? Aside from the 58 judges they have made of our people, they still have 8,122 white judges.

Because of the great brainwashing system that was used on our people by the white man during slavery, we now take great pride and thrill in being the first mail carrier for the white man, first baby-sitter, first cook, first in this or that school. We then abound ourselves in zeal and pride at banquets, speaking as leaders on the so-called Negro problem.

Let us stop accepting leaders the white man picks for us according to their usefulness to white people. What other people have allowed others to make as their leaders a ball player, a song and dance man, a folk singer or torch singer?

Monroe Case Nov. & Dec.

MONROE, La. — The case of justice for the black man was delayed again in this small city of North America as the case of religious persecution of the Muslims was fixed for trial November 6 and December 8.

The case is the result of a vicious armed attack by the Chief of police and other white men upon Muslims who sought to practice the religion of their forefathers, the prophets and God. For this act of seeking to Worship the One True God, the Muslims were set upon by Police Chief Kelly and other white officers in an attempt to blot out the religion of Islam. This incident took place in broad day light before witnesses who watched as the big burly white so-called police officers armed with tear gas, riot rifles and night sticks sought to beat a pregnant Muslim woman with other Muslim women, their children and men.

This community is a strong Christian stronghold which contains many slave plantations and boasts of keeping the so-called Negro in his place.

The unity demonstrated by followers of Messenger Muhammad in following the principles of the religion of Islam in Monroe has been an item of particular concern to Police Chief Kelly who has continue to harrass and hound the Muslims in an effort to break their spirit and belief in Allah.

Messenger Muhammad directed The Nation of Islam to retain and defend the interest of the defenseless Muslims who are being denied justice in this section of America and others. More than twenty thousand cash dollars have been put up by the Muslims to secure their brothers' release. (Ed's note: This is more bond money than for all the so-called Freedom ride cases in Jackson, Mississippi). Every black man in America should aid in getting justice for these defenseless people by sending or wiring at least one dollar to:

Verily, each of you is a mirror to his brother; then if he seeth a vice in his brother he must tell him to get rid of it.

the so-called American Negroes, today. You and I are just now coming to Christ, Jesus was not the Christ. Jesus was just Jesus, as your Bible teaches you and me, a prophet. Like Moses and the other prophets, he was not anything other than a prophet. Jesus didn't come to bring us a new religion, he came at the end of two thousand years after Moses to show the Israelites that Moses did not give them a religion that they couldn't obey nor had they been given a law that they couldn't obey.

IMPOSSIBLE TO CONVERT

It was impossible. After working with Israel and studying Israel, Jesus, himself, came to the conclusion or rather he learned from reading in the Quran the history of Israel and the future of Israel, it was absolutely impossible to do his job. He could not convert them. It was impossible. He could not make Israel Muslim. He gave up. Jesus said, "for the truth that I have taught, I will die for that truth so my name may live until the coming of the Mahdi. You have it is the coming of the Messiah or the coming of God. That is God in person.

There is a lot in this subject. There is much that you have never been taught. There is much you probably will not recognize to be facts, but, it is facts, it is time that you should know facts.

You must remember that Jesus could not have been the founder of Christianity when it came after his death! No prophet can be the founder of a religion unless he preached that religion while he lived! In fact about it Jesus did not bring a new religion! He said in words that he did not come to bring anything new, but just to call the people back to that which Moses had already taught them. Again Jesus taught love, mercy, peace and war. He taught peace and he taught war. He taught both! In one place he said "think not that I come to bring peace but the sword." Again you must remember that Jesus says, in another place, "love your brother or love one another." That has been the most impossible thing for you as a Christian to do. It is (love) which is lacking among the people. Love for one another. In Islam we say, "You are not a Muslim until you love for your brother what you love for yourself."

JESUS WAS A SIGN

Christianity was not born in the country or state where Jesus did all of his work. You must remember that! Christianity was not preached in Palestine in Jesus' day and time! His disciples did not preach it! According to the Holy Qur-an, of which you and I may be able to agree, that Jesus' birth and He and his mother was used as a sign. His whole ministry, his birth and his death was a sign for something to come. You and I will soon witness of what it was a sign.

Islam Is A Religion Based On Reason

By T. BEY

Probably one of the reasons that Mr. Muhammad is such a puzzle to the Negro preacher is the fact that he teaches his followers to think and not be the victims of emotion. Most of our Negro churches have been places where the pent up emotions of the worshippers are released under the strain of spiritual salvation. This has been the basic force in these services and has been successful down through the years.

Islam is not a religion of emotion but of reason. A Muslim, while tremendously loyal and dedicated to Allah, is not forced to follow blindly His teachings. Mr. Muhammad never fails to let his followers know that above all else he wants them to think. As a result, the Muslim can intelligently trace the history of his faith and defend it against all comers.

This reasonable and sensible approach to Islam is what has won for the Messenger so many followers among the young Negroes in America. A highly emotional religion was acceptable to the old folk of ante bellum days, but in this day when our youths are being educated in the best schools of the country, they want more than their parents received from our ministers.

Mr. Muhammad is also a realist. He does not dwell in the realm of make believe but he exposes the falsehoods and deceptions that have handicapped his people in the past and substitutes common sense and logic in their stead. His followers have found out that his advice and guidance are sound and productive of good results. In this way, he has won their respect and confidence, so essential to any leader.

In the first place, one has to have an open mind to understand the Messenger. The average Negro, the victim of years of brain washing, is too timid and stupid to follow the advice and teachings of Mr. Muhammad. Our young people fortunately have escaped the brain washing of the elders and are willing and eager to accept the truth. That is all the Messenger asks anyone to do.

Mr. Muhammad teaches respect for education and intelligence. This is quite different from the hostility that has arisen in the minds of our masses and our trained people. It has always been to the advantage of a despot who wanted to keep the people in subjection to stir them up against the trained and educated in their ranks. In this way he can control ignorance and not be crushed by intelligence and knowledge. It has been to the white man's advantage to arouse the Negro masses against the classes and through this division keep control.

The Muslim leader has studied the situation and knows the reason for these things. He is training his followers to overcome the handicaps that have kept them in subjection down through the years and to gain new knowledge and vision that will enable them to become united and strong.

DEVOUT MUSLIM women listen intently during mass rally. | Mr. Muhammad stresses discipline and orderly behavior at all times. These women are typical of the thousands of Muslim women who follow the teachings of Messenger Muhammad.

The Muslim Goes To Universities In U.S.A.

As usual, the white man always expresses a great interest in what the so-called American Negro does. The white man makes it a habit to watch and study the habits, traits, ways and characteristics of the black man. This enables him to keep up-to-date on our activities and to master us.

The white man realizes that for his survival, he must get to know all he can about nature. This is why he hides cameras and himself in the brush so he may catch animals and plants growing in their natural state. This is why he records how grass grows or rain falls, etc., so he may know more about the ways of nature and rule it.

To this extent the white man has also studied the religion of the blackman, Islam. He knows this religion advocates peace and qualities of a good nature. The white man knew about Islam before he came to America and has tried to keep it surpressed and away from the so-called American Negro.

America has gone to great lengths to keep the religion of Islam a secret. Islam has been called Mohammednism. Moslem, Moslemism, Muslem, and many other names with the changing of vowels and consonants. This great deception is carried on to the extent that the national headquarters of Messenger Muhammad is flooded with requests for speakers to leading universities and colleges, service clubs, forums, and debates. On occasions where these requests have indicated that some of our people would be present, Messenger Muhammad has sent a representative to speak.

Representatives, for example, have been sent to Harvard university, Yale university, Hunter college, New York college, City College of New York, Brown university, University of Calif., Clark University, Morehouse college, Wilson college and Columbia University.

Of course, the schools of the white man led the way, as has been the case among the so-called Negro. First, go through what the white man has and the doors of the so-called Negroes open to you. It is time for our own people to set examples.

If your school, university or club desires a representative, send your request to the Speaker's Bureau of Muhammad's Mosqué No. 2.

THOUSANDS GATHER at mass rally in New York City to hear outstanding Muslim speakers. Under the dynamic leadership of the Honorable Elijah Muhammad, thousands of so-called Negroes are flocking to embrace Islam.

Self Help Or Oblivion For The Negro

By SISTER CHRISTINE
Director, University of Islam
(First of a Series)

"In the holy name of Allah, the Beneficient, the Merciful Saviour to whom we thank for giving us His Divine Apostle, Our great leader and teacher, the Honorable Elijah Muhammad the Messenger of Allah."

Today, in America, as in no other country of the world, the so-called Negro is facing a cross-road, a cross-road that points to self-help or oblivion. There is no longer a middle-of-the-road. Either we decide to get off the merry-go-round of the Devil and stand behind Messenger Elijah Muhammad, or ride into the devastating eternity that awaits America.

There is, and has been, in America a national conspiracy to indoctrinate our children with "white supremacy" propaganda. This conspiracy operates quite openly; it is condoned by most parent organizations, officially approved by school boards and subsidized by Federal, state and local governments. It reaches every school child in the country with its insidious "white supremist" literature. I refer to the textbooks used in our schools for our children.

WHITE SUPREMACY

From the time our children grow old enough to look at a picture book he begins his indoctrination into the world of the "white supremist" and for the rest of his life he lives in the image of his slavemaster.

In particular, the social sciences and history books used in our schools are "primers in white supremacy," and the longer the child continues in school the more his mind is patterned after his slavemaster, and by the time he completes training for his bachelor's, or master's or Ph.D degrees, he is a complete replica of his master and has no desire or incentive to change. Therefore, if we are to ever break away from our masters and the spell they've cast upon us, we must act now and start teaching our pre-school and early school age children ourselves.

Let them see black, brown, cream and yellow faces when they open their books. Let them become accustomed early in life to the idea, that he has something to strive for. Let them realize early that they have a history with meaning, and not a meaningless, nebulous something about "Negro history and how much progress we have made since slavery." Tell them, with conviction and assurance on your part, about their history "all the way back to Africa, when the white man lived in caves and was a savage, then we won't have to waste time trying to re-educate fools with degrees."

MISUNDERSTANDING FROM BOOKS

The way I see it, there is something basic in what the small child reads or is taught, whether in school or at home and a principal source of continuing racial misunderstandings and prejudices can be gained from the books children read and have read to them.

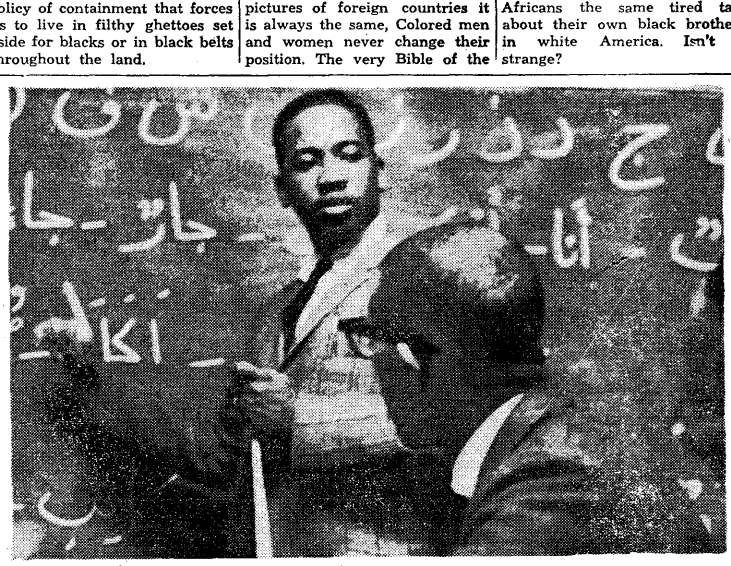
For in them are all of the elements contributing to beliefs in racial superiority or inferiority. Since most textbooks and other books are written by white authors and from a white view point, it is rare that one finds a book on anything that does not extoll the virtues of being white, or subconsciously convey the idea that the white races are on this earth to lead all others.

For one thing, the books, television, radio and other mass media will not let us forget that we once were slaves and inferior. We see at every hand the evidence of our inferiority by the economic position we occupy, by the way we are treated by law enforcement authorities, by being denied the vote while at the same time, we are told that we are first class citizens, by the policy of containment that forces us to live in filthy ghettoes set aside for blacks or in black belts throughout the land.

WHITE HISTORIES

The histories we study in school are white histories about white Europeans. The fiction and movies we see and read are about white heroes and heroines and when a Negro character does appear, it is almost always as a menial, criminal, clown or someone being segregated or discriminated against because of color. On TV, the child sees whites killing Red Indians, Blacks waiting on white men and women or running errands for them. In pictures of foreign countries it is always the same, Colored men and women never change their position. The very Bible of the Christian religion is read about white people known as Jews, who worship a white God and His Son, a white Jesus Christ.

Hatred and contempt for so-called Negroes is traced to the homes of white children, whose parents continue teaching their young that black people are strange creatures, mainly animals, no morals, shiftless, dangerous, seeking to force themselves on white people. And since the advent of the newly freed African nations, they tell black Africans the same tired tale about their own black brothers in white America. Isn't it strange?



AKBAR MUHAMMAD, the youngest son of Messenger Elijah Muhammad, instructed more than five hundred students in the proper knowledge of the Arabic Language at The University of Islam in Chicago. He also taught adult classes at Muhammad's Mosque of Islam in Newark, N.J., and New York City. Akbar Muhammad and his wife, Harriet, left from New York's Idlewild Airport September 1 for Cairo, Egypt where they will study government

Invitation To Black Woman

By TYNNETTA DEANAR

When Messenger Muhammad invites us to come to Islam, he is not inviting us to join an organization comparable to any religious, political, social, cultural or civic organization you have known or heard about. The invitation is for us to come and build a nation and civilization using the mental and physical power of the so-called Negroes of North America as the actual foundation of that new world civilization.

However, it is imperative that we realize that regardless of our technological skills and educational achievements, we will be the inferior race to all other races until we acquire the knowledge of ourselves. We appear, by our behavior, to lack the ability to unite with our own kind. We cannot even promote harmony or love in our small families and community life, not to mention national unity and brotherhood.

Let us understand the seriousness of our error, as we have failed for 400 years to be represented as the equal to any people on earth. Even the African, who is considered by the so-called intellectuals of our people as savage and inferior in cultural and educational advancement, does not recognize the black man and woman of this country as his equal. It is because we, as a people, are not representing self-attainment but rather the attainment of another man's culture and values of national pride.

MENTALLY DEAD

A Negro is one who can speak well but doesn't know what he is talking about; he is a dead man (mentally or spiritually dead) and doesn't know it. The only reason the world knows we exist is because we can move, walk and show physical signs of life, but mentally, we are dead. We are like that person in the poem entitled, "Breathes There The Man With Soul So Dead," by a caucasian writer, Walter Scott.

Whether Mr. Scott intended to depict any particular people or race in his descriptive poem, he seemingly pictures the spiritually dead condition of our people in America. He defines a man or a people who never have the desire to return to their native land and family as a man who is dead. He goes on to say that the dead man is also one, who regardless to high titles, name, position and wealth is never honored among recognized nations who have experienced Freedom, Justice, Equality, Unity and Security in their own country, among their own people.

At the conclusion of this poem, which I again repeat seems to have been naturally written with the so-called Negro of America in mind, he states that if such a dead man breathes on the earth, who never loves his own kind and native land, when he dies, he shall have suffered two deaths. The first death is that of spiritual blindness, while alive . . . The second is the physical death which comes to all in the end, at our appointed times.

OUT-DATED ANALYSIS

Today, all praise is due to Allah, The Honorable Elijah Muhammad is making the words of such people, as Walter Scott and others make an about face and to be recorded, very soon, as an out-dated analysis of our people's condition. The so-called Negroes of America are today rising from the dead. They are being given the opportunity to return to their native land and people and be represented among the civilized nations of earth. The serious-minded women should study this poem and other words written by the literary people of both races so that they will be able to see that Muhammad's words are true.

The Light of Islam is seen in all writings today. Messenger Muhammad has the total solution to our rebirth and spiritual rejuvenation.
