# NEWS IN BRIEF

## Detroit's two - faced justice

PUBLIC PROTEST has a way of being more effective when the victim of police brutality is white. This was proved again in Detroit when the protests of progressive Blacks and whites forced Wayne County Prosecutor William Calahan to issue a second - degree murder warrant for Detroit patrolman Michael Reggish. Reggish killed an 18 - year - old white, Charles Smith, who was attempting to defend his mother after the patrolman had begun to beat her following an auto accident. Reggish is out on \$5,000 bond.

Detroit cops have killed 11 Black citizens in the last eight months, but prosecutor Calahan has found the police in each case not guilty by "justifiable homicide." Both Blacks and whites had demanded that Reggish be charged with first - degree murder.

## Muskie exposed as racist

THE VALUE of a Soviet Jewish family willing to take part in the Zionist publicity campaign on behalf of US economic interests is \$35,000, said Sen. Edward Muskie recently. The Maine Democrat supported a suggestion that US taxpayers' money be used to meet this cost to shift more white Jews who oppose socialism to Israel where they will be in position to participate in a civil war against the majority Black Jews and neighboring Arabs who oppose Zionism.

Black citizens in the U.S. immediately denounced Muskie's callous racism, noting that he is making no such suggestion that U.S. Blacks be compensated for enduring oppression far worse than any Soviet Jew has experienced. Muskie won "fame" by saying the US was so racist that a Black man could not win a national election. But in the Soviet Union many Jews hold national and local political offices. Obviously, while pretending to be motivated by "democratic principles" and "humanitarian sympathy," the hypocritical politician is interested only in the campaign contributions which rich US Zionists can add to his headquarters — so much so that he would take the tax dollars of US Blacks, whom he admits are oppressed, and give them to families of citizens of another country.

## Trouble along the Nile

PRESIDENT ANWAR SADAT'S months of tough talking and threats of war are coming home to roost in the Arab Republic of Egypt now. Students, some of them naive and others aware that Sadat's rhetoric was uttered against a background of official policies weakening the youth, trade union and other progressive movements, demanded that Sadat "put up or shut up" in his unwise threats of "holy war" against Israel. When the students demonstrated, they were met by police trained by the British-US interests whose handiwork is being seen and felt throughout Africa. Many students have considered Sadat a puppet of rightwing forces ever since his role supporting the recent reactionary terror of the Sudanese government headed by Gen. Numeiri and his "crackdown" on Palestinian freedom fighters.

## 'Not a dime's worth...'

THE ANTAGONISMS between Rev. Jesse Jackson's Operation PUSH and Rev. Abernathy's SCLC unfortunately seem more personal than principled.

Many Blacks had hoped that SCLC would offset PUSH's elitist concept of the Black struggle. This concept produces a structure which places a group of hustling Black bureaucrats as "middle men" representing both the white rulers and the rank-and-file Blacks whom the whites exploit but must "keep in line" with reforms devised by the elite Blacks.

But Rev. Abernathy is mainly interested in re-staffing Breadbasket operations with men who have represented the same sort of elitism. Rev. C.T. Vivian, who will direct the Chicago SCLC chapter, recently filed to run as a Republican in an approaching election, rather than as a progressive Black alternative. And Noah Robinson, Rev. Jackson's half-brother, who may head up Breadbasket, is a full-brother of the "Country Preacher" when it comes to applying Nixon's trickle down theories to the Black community. Both think money should go to the 5% "top" Blacks.

"FOR SOME REASON, THIS BEAUTIFUL COUNTRY OF SOUTH AFRICA REMINDS ME OF HOME."

# Middle East Report

By Ali Baghdadi

Last week's Egyptian police attack on thousands of Egyptian students demanding concrete and immediate measures to liberate occupied Arab land and liquidate US imperialism, may indicate that the new "war government" is more concerned with crushing popular uprising than with confronting the aggressive forces of the US and Israel.

THE STUDENTS were protesting President Anwar Es - Sadat's appeasement of the United States and his unfulfilled pledge that 1971 would be the "year of decision" for peace or war.

The resolutions which were adopted by the students declare that fighting is the only solution for Egypt against racist, expansionist Israel.

They have also called for economic reprisals which could bring an end to US exploitation of the Arab people.

The students rejected the "proximity" talk to be conducted by U.S. diplomat Joseph Sisco for Israel's partial withdrawal from Sinai, the Roger's plan which was drawn up by Henry Kissinger and the intermediary role of Gunnar Jarring even though Jarring was frustrated by Israel's lack of commitment to withdrawal in return for peace.

The students demanded nationalization of the two U.S. oil companies operating in Egypt. These are Amoco -

Egypt and Phillips. They called for the closure of all universities for two months and initiation of military and civil defense training to enable students to participate in the battle of destiny.

Moreover, the students insisted on an end to the truce along the Suez Canal and greater sacrifices from the country's higher income classes.

The clashes between the Egyptian students and police erupted after policemen invaded Cairo University and arrested over 1,500 students holding a campus sit - in in demand for "revolutionary action" against the US and Israeli aggressors.

Security forces sealed off Cairo and Ein Shams University, and used tear gas to disperse tens of thousands of demonstrators. The students hurled unexploded tear gas bombs and rocks at the police.

They also stormed American University and smashed cameras of several foreign and local newsmen. Thousands more confronted police at Tahreer (liberation) Square in downtown Cairo. The Egyptian Press Association has expressed support of the student's week long demonstration.

The Egyptian students, as well as the entire Arab nation, are convinced that the so - called US peace initiative is aimed at undermining the unity of the Arab people. The US proposals to achieve "peace" are a plot to make the Arab people lay down their

arms and abandon their struggle against Zionism and imperialism, many Arabs believe.

The Arab people are faced with a pattern of Israeli aggression, occupation of land, exiling of Arab inhabitants, annexation of Arab territories, recognition of a fait accompli and then more US arms and more Israeli preparation for new aggression.

Washington's unlimited support of Israeli militarism and expansionism is not motivated by the desire to guarantee the Jews right to live, but to preserve and expand the exploitation of the entire Arab world — which cannot be achieved except by bringing the Arabs to their knees.

The Arabs refuse to surrender. The honor and dignity of people have priority over hunger and pain. Moreover, there is no pain as intolerable to a people as the pain emanating from an attack on their national existence.

Allah's Last Messenger answers questions you have always wanted to ask!

# Muhammad meets the press!

CHICAGO — (This is Part Two of M.S.'s exclusive presentation of Messenger Muhammad's January 14, 1972, Press Conference.)

Question: Mr. Muhammad, is it true that you are planning to build a new home for your family, I think right adjacent to your present home?

It is true those houses are my homes.

The press has evaluated the new homes at a half a million dollars.

I wish I had gotten off with that cheap price, but it is twice that much that these buildings are costing. All four of the homes cost a million dollars—a little over a million dollars; about \$1,223,000.00.

I was referring to a new home for yourself and your wife, Mr. Muhammad, that that home, sometimes referred to as a mansion, the cost has been estimated to cost one half million dollars.

I think they are costing a little more for the house here on the corner.

There are reports that you are in the process of purchasing a large tract of land to build low income houses.

We have some information from the authorities that they could supply us with area now for about a hundred thousand, I

do not know exactly. I have not gone into any serious questioning about it.

Federal government or local government?

Local government, the city.

How soon do you expect those to be built?

I do not know. I have not went into seriously, these offers, but I hope to do so soon because we need them. My greatest desire on the Southside is to build better homes for the Black Man on the Southside in Chicago. Again, my greatest desire is to put him up a hospital, which he sorely needs; he really needs a hospital. Again, the third, I would say, it is an educational center to teach him the knowledge of self.

The city has not approached me yet to sell me and my followers these houses. But, they have indirectly indicated this would be easy to do, if I wanted to get them for such purposes.

Do you have a date in mind when you would like to begin construction of these one hundred single family homes?

We would like to go into that as soon as possible with the proper authorities.

Will you also try similar enterprises in other cities?

Yes, everywhere we are. This group in Baton Rouge,

claiming to be Muslims, is there a known leader?

No, we do not say things that we are not too sure of. We just cannot say they had a known leader with them.

Do you know how many Muslims have been killed in the last few years, either by police or internal strife? Do you keep such a record?

We try, but I am not saying how many we have on record, today.

You spoke earlier about police brutality. Were you suggesting that this was some kind of police plot? Or are you sure it was a splinter group?

Yes, we have been attacked and still are being attacked by the police department and there are some few of my followers who have been killed by the police department.

Do you feel that the police might have been responsible for what happened at Baton Rouge or on the West Coast?

I am not eager to say pro or con on this matter, because I do not have too much knowledge of it. But I do know, according to what has passed, that the police department down there could give you better knowledge than me.

REPORTERS and photographers from the Associated Press, United Press, Los Angeles Times, Jet, Chicago Tribune, Chicago Daily Defender, Chicago Sun Times, and Chicago Daily News met with the Honorable Elijah Muhammad at his first major press conference in seven years.

## Wallace to be 'polled'

ORGANIZED LABOR LEADERS' silence in the face of George Wallace's attempts to pull "blue collar whites" behind him will be opposed in a demonstration on January 29 outside the Palmer House hotel in Chicago, Black trade unionist Rayfield Mooty announced to the press. Mooty, head of a Black caucus in the steel union and co-chairman

of Trade Unionists for Action and Democracy, said "labor's lack of appreciation for Wallace's anti-union, racist program and activities" have angered progressive, rank-and-file members who "remember how Hitler got started." Wallace will be the guest at a Saturday "Appreciation Dinner," Mooty said.

## Prisons closed in Zanzibar

ZANZIBAR ISLAND, Tanzania (AWA) -- Tanzania First Vice President Abedi Amani Karume, also President of Zanzibar, announced the elimination of prisons in Zanzibar as of January 12 on which date all prisoners were set free. Hence forth, those who commit criminal offences will be admitted into institutes of science, which will be established, instead of being jailed.

KARUME POINTED out that there is no need for keeping jails as the number of different criminal offenders has dropped considerably. After a personal meeting with Zanzibar prisoners, Vice President Karume said the prisoners agreed not to repeat their mistakes and were ready to face severer punishments if ever they repeat the offences.

They have agreed to accept the assistance which will be given to them by the government.

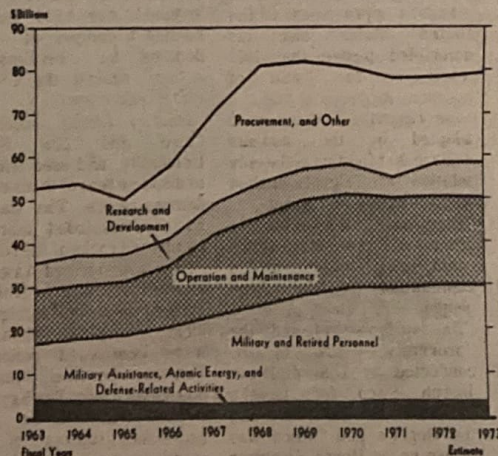

DOUBLE EFFIGY: Philippines President Ferdinand Marcos and 'Uncle Sam' are held aloft by crowd at Plaza Miranda in downtown Manila. Demonstrators were protesting against planned price increases in gasoline and oil products by US companies pirateering in the Philippines.

BLOOD LUST shines in eye of one of Baton Rouge policemen who shot down unarmed Blacks (and even some of their fellow police officers) in violent outbreak this month. Savage white assault proves wisdom of Messenger Muhammad's teachings that Blacks should not irrationally provoke armed whites who are seeking slightest excuse to indulge in mass killings of Blacks.

## NATIONAL DEFENSE

National Defense Outlays

STATE OF UNION of military-industrial complex is shown in above chart. More than \$80 billion will be spent on 'national' defense in fiscal 1973. Proposed defense budget has strong backing of military-industrial complex whose managers have most to gain from such a steep waste of taxpayer's money. Defense is hardly 'national' in purpose, it is a confidence racket to enrich a few who are willing to destroy country to increase own bank accounts.

Continued:

# Messenger of Allah meets the press

You indicate that the numbers of the Nation are increasing. How do you feel about the fidelity that is coming from the individuals who are joining up with the Nation? Do you feel people are becoming more deeply involved or more deeply a part of the Nation of Islam, or do you think the numbers tend to spread things thin?

I think for the last year or so that we have increased in the registry of our people, with very good people. Their morals are good and they are trying now to increase themselves into better morals. Our natural Black people all over the country are trying to do that.

Have you designated a successor for yourself?

I do not do that. I cannot do that. I did not choose myself. God chose me and if He Wants a successor, He Will Choose that one.

By what means would someone come up?

I have nothing to do with that. I do not know that, because I do not believe there is one coming up. The work that I am doing, I don't think God needs one, because when man and God have come face to face, as the old saying goes, then that is

the end of it. When we are face to face with God, that is the end of it and so what would another one do? There is nothing for him to do.

After you are gone, Mr. Muhammad, the Nation of Islam will continue to exist but how?

It will be a New Islam to what the old Orthodox Islam is, today. It will be altogether a New One.

You mean your successor will preside over a New Islam?

There will be no successor. There is no need for a successor when a man has got the Divine truth and has brought you face to face with God.

How will your resources be administered?

That will be carried on by the Nation. After setting up the Nation on the right way, or right path, to take care of themselves, they do not need any more instruction on that. They will follow it as the Constitution of America has been followed.

Will it be run by local Mosques?

No, No, No. After this, the whole entire Nation of Black people will be governed Divinely and the government

will be a Divine government and not something that is governed locally, like we have today. We will have a Divine government set up for us, and it will stand forever. We will not need any change.

What did you mean, "new, different from Orthodox?"

I meant just that. We have a New Islam coming up. The Old Islam was led by white people, white Muslims, but this one will not be. This Islam will be established and led by Black Muslims, only.

Will there be a Saviour's Day affair as it has been in the Coliseum in February?

I do not think so (in the Coliseum); we have not made preparations there.

Where will you have it, Sir?

We hope to have it in the Armory over on 52nd and Cottage.

Will you address the gathering, Mr. Muhammad?

That depends on the Will of God. If He Pleases, I will be there.

Has that changed your plans, Baton Rouge, has it changed your security arrangements?

No, because I have One Security and that is God, Himself.

How is your health?

My health? Well, I do very well, I think, if it Pleases Allah. And, all of the afflictions of the former Messengers, to classify Elijah that is coming just before the Great and Dreadful day of God, he must have a taste of all of it.

Why did you appoint a press conference, today?

They appointed themselves, and I am willing to go along with them, in that I set up a press conference.

When was the last press conference, do you recall?

I have not had an actual press conference in quite a few years. I think it was in L.A. I had something like questions on certain things, on one thing, about when the Malcolm death took place. That was not, say, really a press conference. We have not had a press conference since quite a few years ago, out in Los Angeles.

Would you tell us the present status of Muhammad Ali (Cassius Clay)?

Cassius Clay is a good Believer. I would say the young man is full of sport and he goes along with sport, too,

but I think in his heart he wants to be good.

Will he be returned into full membership into the Nation of Islam?

There is nothing one would do that cannot be forgiven, if he repents.

Have you set a date for when he comes back into full membership?

No, he is actually still a good Believer. As far as certain duties or posts as he used to hold, as teaching the Ministry, I do not know when that will take place.

## GM's hiring step - up masks big lay - offs

DETROIT — General Motors, in league with the Nixon administration, is trying to convince the public that the economy is improving.

GM SAYS it is "hiring" 3,800 people in a work step - up move. But Detroit columnist William Allan notes in his "Autotown Alley," "What they (GM) don't say is that they are shutting down the Fisher B 23 plant in Detroit, throwing 1,400 out of work permanently.

"They also omit mention of the layoff of 30,000 people in the last year throughout their plants or how many GM workers didn't get back after the 1970 GM strike."

## Bahamian official angered by search

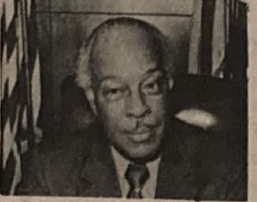

MIAMI — When Bahama's finance and education minister, Carlton Francis, arrived at customs in Miami, he was just "another nigger" to U.S. Customs officials.

THE OFFICIALS checked Washington, D.C. officials on how to treat Francis, and got an "ok" to strip - search him. Apparently this can happen to any Black foreign official if he does not notify U.S. officials in advance that he is visiting the U.S., said a State Department spokesman.

Francis returned to the Bahamas and ordered all U.S. citizens barred from entering that country. Several hundred tourists were forced to sit in the Nassau Airport for three hours before the ban was lifted.

DEPOSED GHANAIAN Prime Minister, Kofi Busia, now safely tucked away in London parlors of his imperialist masters, blasts military coup that recently toppled his government at London press conference. Busia's arch-conservative government, much hailed in Western press as one of Africa's few "democracies" manipulated its way into power through control over election procedures in the wake of CIA-sponsored coup that ended the progressive government of Kwame Nkrumah. Busia has advocated 'dialog' with South Africa.

FIRST BLACK judge in Birmingham, Ala. is Peter Hall, who recently began his duties as a Recorder's Court judge. Hall was appointed by the City Council to fill a vacancy caused by death.

'BREAKING THE CHAINS' is Chicago mural sponsored by Latin American Defense Organization and other groups in Latin community. It was painted by artist John Weber and young resident - artists of community.

## Danger in meat

WASHINGTON — Widespread use of antibiotics in animal feed is potentially hazardous to humans a recent reports points out.

According to 16 - man team of Food and Drug Administration (FDA) scientist, human beings could be effected in two or more ways as a result of antibiotic use in the feed.

The FDA task force concluded that people allergic to a particular antibiotic could be affected unknowingly by eating it in the animal's meat.

Another more devastating effect of the antibiotic could be caused by the production of disease organisms resistant to the most effective antibiotics such as penicillin and tetracycline.

The task force pointed out that the constant exposure to such antibiotics could breed resistant organisms.

Therefore the FDA recommended that drug firms, prove scientifically that a particular antibiotic did not breed such an organism. If it could not be proven within a specific time period that such an antibiotic did not breed resistant organism the antibiotic would have to be banned from the feed.

Birds of a feather...

# Israel grants sanctuary to white Jewish crooks

By Samuel I7X

CHICAGO — According to syndicated columnist Jack Anderson, Israel is winning herself a place right alongside the U.S. as a haven for every thief, murderer, liar, prostitute and gambler who is able to fall into the category of big-time racketeer.

A PRIME EXAMPLE of the type criminal given refuge in Israel is Mafia "banker" Meyer Lansky, whom Anderson calls the "most notorious of the lot."

Along with Lansky such criminals as Harry Stromberg, alias "Nig" Rosen, Joe (Doc) Stacher, Morris Schmertzler, alias Max Courtney, Gamblers Al Mones, Claude Lipsky, Hyman (Hymie) Segal and Frank Ritter, (Red Reed), are mentioned.

Stromberg is an ex-Philadelphia gangster identified in Senate hearings as "one of the biggest dope peddlers in the country."

Stacher was convicted for income tax evasion before migrating to Israel.

Schmertzler is a former bigtime gambler, and Lipsky is wanted in France for involvement in a real estate scandal.

The vehicle which the racketeers use to gain Israeli refuge is the 1948 "law of return," which was passed to guarantee that any so-called homeless Jew, as long as he or she is white, would be able to migrate to Israel at will —

under the pretense that he or she is "returning home."

The Israeli government is doing all it can to drive away a group of American Blacks who migrated to Israel under claims that they too are Jews (Black), or Hebrews. The Zionist government claims that the Blacks must go because they have no means of support. However, the Blacks know that the government's action is based on racial discrimination. Apparently, Jews of any color can adopt Judaism, but Zionism is reserved for whites.

Although it is the violation of the "noble return law" which bothers Anderson, it is the unethical, criminal nature of the return law itself which disturbs the non-Zionist residents of the land on which the Israeli government has been established.

THEY BELIEVE that neither the criminals nor the law is good for the area. One reason for their belief that the law is no good is that it discriminates against non-Jews migrating to the land, not to mention the Arabs who have lived there for centuries.

According to Anderson the criminals are able to transfer their loot to Israel by funnelling it through Swiss banks. He claims that he and his associate, Les Whitten, have obtained the names of four Swiss banks "with excellent worldwide reputations, which allegedly have served as conduits for underworld cash."

(Continued on page 6)

CRIME IS NO STRANGER to Israeli authorities. In Israel — hailed as a 'democracy' by every white and Black presidential candidates of Republican and Democratic parties — police close down Arab businesses if owners exercise right to close shop during day chosen by Arabs as peaceful protest - strike 'holiday.' (See photo above, showing soldiers and police emptying store in Jerusalem.) Even under limited democracy in U.S., the 'authorities' would not dare to attack a small businessman who chose to exercise this peaceful right.

## White over Black is game NATO plays

By Winston Berry  
UNITED NATIONS — It was

demonstrated here on December 30, 1971 that democracy is a sometime thing, and most of the time a white thing, to the white powers forming the North Atlantic Treaty Organization (NATO).

IN VOTING on a draft resolution submitted to the Security Council on the Question of Southern Rhodesia (Zimbabwe) Belgium, France, Italy, Japan, the United States and Great Britain could not support the principles which form the cornerstone of United Nations policy.

British Ambassador Sir Colin Crowe cast a negative vote, thus vetoing the draft. Britain's NATO partners (Belgium, France, Italy and the United States) abstained. Japan, though not a NATO member, is closely associated with the group, also abstained. The vote was 9 in favor, one against, with 5 abstentions.

Ambassador Abdulrahim Abby Farah of Somalia, who was credited with having prepared the draft resolution, wanted each country's representatives to make clear their position and asked that three of its operative paragraphs be voted on separately.

Paragraph three would have asked Britain not to recognize

Southern Rhodesia as an independent state except on the basis of majority rule.

Paragraph four would have called on Britain to determine the will of the people of Southern Rhodesia by "secret referendum on the basis of one-man-one-vote without regard to race or color or to educational, property or income considerations.

Paragraph five would have asked for United Nations participation as observers during "any exercise to ascertain the wishes of the people as to their political future."

The United States representative, Ambassador W. Tapley Bennett, voted for paragraph three but abstained on paragraphs four and five. Britain abstained on all three paragraphs and then voted against the draft as a whole.

AMBASSADOR Bennett "explained" his abstention by saying the resolution "makes a judgement opposing the proposals for settlement between the United Kingdom and Southern Rhodesia before the people of Southern Rhodesia have been consulted."

ONCE THE MOROCCAN Quarter of Jerusalem (some 800 Black residents) stood in this open square. Their neighborhood was bulldozed one week after aggressive Israeli war. But Black and white political hirelings in the US maintain that Israel is 'free' and 'a democracy,' even though some of them admit that this genocidal bulldozing is lawless and racist in the US Area above is now called Wailing Wall Plaza; it is frequently mentioned by US travel bureau hucksters who whip up tourist trade for Israel.

### Israel grants sanctuary

However, Anderson declines to name the banks because, after talking to bank officers, "we have decided there is not enough proof to justify naming them."

He said Whitten spent three weeks tracing "ill-gotten" U.S. dollars "from Swiss to Israeli banks." He has also spoken with top bankers in Switzerland and the U.S.

Called the "Kosher Nostra," by the Israelis, the transplanted criminals are beginning to pose a dilemma for the Israeli authorities because many people are beginning to see as Anderson partially does that the "noble law, intended to guarantee a place for any homeless Jew, is being used by racketeers to create a criminal sanctuary."

Anderson either fails to recognize or to admit that the "return" law is itself criminal as is the foundation of the present state of Israel.

### Jews to be kicked out of 'Jewish homeland'

DIMONA, Israel — The 300 or more Blacks who attempted to settle in Israel because, as Jews, they are supposedly given the right to settle there, may be kicked out of this white's only homeland soon.

THE FINAL excuse for kicking the Blacks out reveals the racist insanity of Israel's lily white ruling element.

Apparently, some of the Black Jews, most of whom originate from Chicago, were caught stealing, passing bad checks and one even murdered one of his fellow Blacks, Cornel Kirkpatrick, 27, a former Chicagoan.

But all groups in Israel have members who have robbed, cheated and killed. This has not been used as an excuse to kick out the whole group as retaliation against the crimes of a few of its members.

But when the group is Black the Israelis apply special rules. Israeli authorities apparently have decided that all of the U.S. Blacks must be criminals simply because several have committed crimes.

THEIR STATED CAUSE is said to be aimed at the drug problem in the Army, but their unstated goal is to turn country into a fascist, police state. The above Army officers and enlisted men say that they are so concerned that they have hired a Black man (a former drug addict) to teach them how to train other so-called anti-drug workers. But the very men seated here, or men who are giving them their orders, are the very cause of nearly a century of

drug horror that has afflicted Black America. The military service is faced with a terrific drug problem, however, like the many other problems that face the U.S., the drug problem will continue until the white multi-millionaire druglords are brought to justice. Vigilante, militaristic 'drug fighters' will most likely be used to terrorize progressive Blacks. U.S. has trained other killers to masquerade as crime fighters in several countries.

### Rizzo blows a fuse

Mayor Rizzo Wants "Our Own Constitutional Convention in Electric Chair" For Philly the summer of 1970.

PHILADELPHIA (LNS) — Frank Rizzo, Philadelphia's new mayor, thinks there should be a local option on capital punishment. Or "our own electric chair."

RIZZO RAN for mayor this past November on a super "Law'n Order" platform. This campaign was the culmination of his infamous career as Philly's most repressive and lawless Police Commissioner.

He built his reputation with the use of tear gas and dogs in the Black community and made national headlines with his brutal handling of the Black Panther sponsored

Besides stripping the arrested Blacks in the street, calling them "yellow dogs," Rizzo made fashion news when he wore a billy club with his tuxedo.

Mayor Rizzo explained his call for a city electric chair: "I don't know if it will stop violent crime by taking the life of the person who commits the vicious crime, but I am certain of one thing — that he won't be around to commit another murder. "Nor will he be around to bring crooked politicians and police to trial, Rizzo might have added.

'WHILE NAMIBIA is rich in minerals, its children die of hunger and some die before the age of two. Such is the consequence of the South African "civilization" in Namibia.' So reads caption of this photo from 'The Namibian Documentation,' a publication of the South West African People's Organization (SWAPO) where recent strikes by Black workers are uniting Africans against white oppressors.

# Hawkins of Black Caucus rips President's talk

By Lonnie Kashif  
(M.S. Washington Bureau)

WASHINGTON, D.C. — "The entire message, in our view, was evangelistic meandering," Rep. Augustus F. Hawkins said in describing President Nixon's State of the Union speech recently delivered to Congress. Expressing the official view of the Black Congressional Caucus, Hawkins denounced the Chief Executive's boast of his "90 proposals", while flatly refusing "to even mention any of more than 60 proposals presented to him by the congressional Black Caucus."

**HAWKINS, VICE CHAIRMAN** of the Caucus, said that there was nothing in the speech "encouraging or helpful for the situation of Black people in the United States." Civil rights, he complained, was virtually omitted.

Hawkins noted also that "The

President failed to note the plight of the 10.7 per cent Black unemployment which is increasing at a rate faster than the national average of 6.1 per cent." This, coupled with the fact that there is no comprehensive job-producing program now pending in Congress, he contended, contradicts the President's pious references to "Full employment."

The programs mentioned in the address, the California congressman pointed out were "anticipatory, without an foundation in fact" in terms of achieving full employment.

The Caucus, Hawkins said, soon plans to introduce legislation designed to bring about full employment.

Tearing into Nixon's claims of "peace", Rep. Hawkins said that "the glowing peace phrases uttered by the President were contradictory with the war mongering suggestions of increased

spending for defense." Nixon's comparing the 60's with the 70's and comparing the defense budgets over spending for human resources of the last two decades was no justification for his boast of past accomplishments or future projections, Hawkins added.

**IN CREDITING HIMSELF**

President Nixon

for "peaceful communities", the President "forgot to mention Wilmington, North Carolina, and Baton Rouge, Louisiana," (where klan-style police violence against Blacks have occurred), Hawkins said. Even in his "strongest statement" on schools, the President's promise "was too vague for us to take seriously ...," Hawkins argued. The

whole program rests upon a regressive national sales tax which would take from the poor a disproportionate share of their already meager income, he pointed out. "This appears to be the next course of this administration's action, which undermines the living standards of the poor in order to fight his so called anti-inflation war."

## Dellums urges Blacks to fight pollution

CHICAGO — In a rousing speech before a crowd of 400, US Representative Ronald Dellums, Black Democrat from California, urged Chicago Blacks to become leaders in the fight against air pollution.

DELLUMS asserted that far too little interest is shown by Blacks in saving the environment although they have been breathing "some of the funkiest air in this country for years." He said that unity is the Blacks' only hope for halting pollution and reaching other major goals. Pollution poses one of the most serious threats to Blacks as well as whites, the congressman said.

"The issues being talked about by Blacks in this country are not so revolutionary," Dellums said.

"Congressmen can have comprehensive health care (at

the taxpayers' expense) because they're congressmen," stated the militant dellums.

"But if the people ask for it, it's socialism. Congressmen can still get a shoeshine for 25 cents because the shoeshine is subsidized

When asked by a member of the audience to speculate on whether the United States will become militarily involved in Africa, Dellums replied, "My speculation is that the US already is involved militarily in Africa. That is what I'm trying to find out right now."

"I want to find out if we are involved militarily in Ethiopia and if Black people are dying at the same rate there as people were dying in the early days of the Viet Nam war."

### Redistribution of land meets opposition

DAR ES SALAAM, Tanzania - (AWA) — Dr. Wilbert Klerruu, regional commissioner of one of the mainland Tanzania's principal regions (Iringa) was shot dead on December 26 near the cooperative village settlement at Isimani.

REPORTS described the assassination as political.

It was recalled that several privately owned large farms in the Isimani area have been turned into cooperative "ujamaa" villages recently.

At the age of 37, Dr. Klerruu was an active supporter of the ruling Tanzania African

National Union (TANU) and a former publicity secretary for the party. He was educated in the United States.

He is reported to have been killed while returning home from helping villagers plant maize at the Isimani ujamaa village.

Dr. Klerruu began active service with TANU in August 1962, three months after his graduation from the University of California, Los Angeles.

ACCORDING TO the Tanzanian daily newspaper, The Standard, "With single -

minded determination, Dr. Klerruu put his life into the hands of politics and TANU".

"He died in action. Despite the fact it was Christmas Day when his fellow Christians were taking part in the festivities, he decided to tour ujamaa villages instead. It was much owing to his inspiration that now Mtwara Region is defended not just by professional soldiers, but also by the peasants and workers, the People's Militia."

Radio Tanzania announced that the motive was not immediately known.

**Magnates thwarted by Kaunda's efforts**

# How western foes of freedom were stopped at bridge by zeal of FRELIMO

By John E. Clark  
(Pan-African Press)

**DAR ES SALAAM** — In 1963, ZAMCO, a consortium of fifteen trusts directed by South African magnates, laid the groundwork in Lisbon for what they hoped would be the most powerful hydro - electric project in Africa — the Cabora Bassa Dam. As they envisioned it, this Zambezi River scheme would generate 500 billion kilowatts per year (more than France's annual output). Since Mozambique's faltering economy could not absorb even 10% of this energy, the main beneficiaries would prove the factories of Rhodesia and South Africa. **INTERNATIONAL FIN-ANCIERS** jumped at the chance to make a mint: de Beers, Kreditanstalt, the Bank of America, Barclays, Siemens and Telefunken. The French dealt with the constructional engineering and the Germans focused on

electrical requirements as additional capital poured in from Japan, Italy and Sweden to cover the 165 million cost of the enterprise. Investors felt assured of a steady stream of profits.

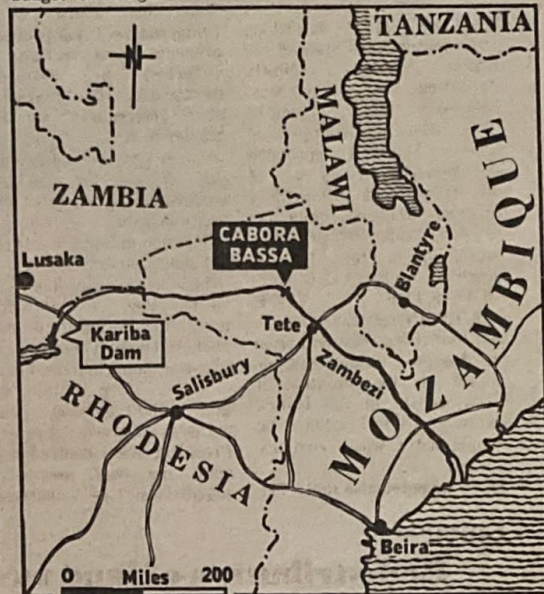

But Mozambique's freedom fighters, aided by progressive forces around the globe, launched a campaign to halt the dam. As African guerrillas laid land mines and fought Portuguese troops, President Kaunda of Zambia made a world tour, explaining to audiences that nations supporting the project were violating the U.N. decisions condemning apartheid. The O.A.U. denounced Cabora. FRELIMO expanded its opposition. Fearful of losing money, the Japanese abandoned the dam, some of the Americans got cold feet, and the Swedes withdrew. This did not stop the work, however, for South Africans rushed in to take up the slack in response

FRELIMO escalated the struggle.

Over a year ago the guerrillas (who began waging war in Mozambique in 1964 and who have liberated the areas of Cabo Delgado and Niassa) started operations in the area of the power and irrigation colossus, in Tete Province. Today, their fierce determination has forced the Portuguese to call in a new Governor-General; to place three rings of troops and helicopter commandos around the dam site; and to publicly admit that several key roads (including one linking the capitol of Rhodesia and Malawi) are dangerous.

FRELIMO really hurt the oppressors when it blew up the rail link between Malawi and Nacala port in Mozambique. This sent Banda scurrying to his white paymasters for additional support for his puppet regime.

## Corporations' attempt to speed assembly lines meets resistance

**LORDSTOWN, OHIO** — Management and union are faced with a new problem, the young worker who is determined to have a say as to how a job should be performed and who is not easily moved by management threats or union treachery.

**PRODUCTION ON** the

world's fastest assembly line here in Lordstown has been seriously disrupted by mostly young auto workers who claim they are being asked in the name of "meeting competition," to work too hard and too fast to be able to turn out quality automobiles.

Coming at a time when the

Nixon Administration is pretending that increasing "productivity" (speed up and compulsory overtime) as the way to stop inflation and the influx of foreign goods, the outcome of this labor dispute, in which the youngest local of the United Automobile Workers is confronting one of General Motors' strongest management teams, could have wide repercussions for United States industry.

The automobile industry, faced with a record number of cars that have had to be

returned because of faulty apparatus, is being accused of eliminating jobs and distributing the extra work to the remaining men, who are unable to keep up with the assembly line in the Lordstown plant.

Management has been forced to close down the assembly line repeatedly since last month after workers slowed their work and allowed cars to move down the line without performing all the operations necessary.

**THE PLANT** manager exclaimed that engine blocks have gone down the assembly line passing 40 men without them doing their work.

Gary Bryner, 29-year old president of Local 1112 said that about 700 jobs has been eliminated and much of the

extra work had been shifted to men who had no time to do it.

"This is the fastest line in the world. A man has about 40 seconds to do his job. He can't get the job done on time and a car goes by. Then the company blames us for sabotage and shoddy work," said Bryner.

"The decision by the workers to work at their old pace to protest the changes came from the rank and file and not from the union leadership. These guys have become tigers," he added.

Both union and management concede that they were surprised by the depth of the resistance that has come up among the work force whose average age on some assembly lines is about 22.

The young men and women know they are the auto producers, not management, and they are rebelling against the Nixon administration's attempts to exploit them even more in the name of "patrotism," "profits" and "productivity."

IRRIGATING his small plot of land with reserve water from High Dam at Aswan is an Egyptian farmer. Small stream of water above comes from one of several small canals which form maze through which water flows from dam to land.

FRELIMO, the Portuguese have intensified their terrorist attacks on African peasants, burning villages, spreading lies about the guerrillas maiming women and children, and threatening to slaughter any Black seen on the Zambezi.

**BORROWING AN AMERICAN** tactic used in Vietnam, the colonialists have erected aldeamentos, hamlets where the villagers are locked up at night and led out to slave under armed guards during the day. They have already dragged over 25,000 Mozambiquans into these camps and intend to round up another 83,000. Meanwhile the Caetano regime (which recently received a \$400 million boost from the US import-export bank) progresses with a crash

program to bring in more than one million white settlers to farm the land irrigated by the dammed waters.

**THE DAM-BUILDING** operation itself provides a microcosm of the world which the Portuguese and their allies want to construct throughout the continent. The white employees-Portuguese, South Africans, Germans, French, Italians and Americans—enjoy the comforts of modern prefabricated houses. In stark contrast, the 3,700 African laborers find themselves relegated to dingy, overcrowded barracks on a plateau 1,800 feet above the spot where millions of tons of concrete are being poured to fortify apartheid's position in the region.

While the freedom fighters cannot yet execute a direct

attack on the dam, they have successfully carried out multiple raids in the area, and, as even the Portuguese state, now operate as close as 20

# Penalizing poor families

## Tax bill pampers new nihilistic living codes

By Lonnie Kashif  
(M.S. Washington Bureau)

WASHINGTON, D.C. — Advocates of the "new morality" "Zero - population" growth, and legalized genocide against US minority groups have succeeded in affecting a long-range threat to penalize families who conform to traditional family structures and moral codes. This fact was uncovered here recently when a lawyer for the Securities and Exchange Commission sat down with her husband to complete their 1971 tax forms, only to discover that as a result of being married they were being "penalized" an extra \$1,000.

MRS. KATHRYN McGRATH, the Lawyer, promptly wrote Rep. Wilbur D. Mills, chairman of the House Ways and Means Committee, seeking an explanation. "The United States Congress," she

complained, has provided us, and all other taxpayers, where husband and wife work with a strong economic incentive to obtain a divorce and thereafter to live prosperously 'in sin'."

Mrs. McGrath's complaint hit right at the heart of an anti-family amendment, quietly tacked on to the Tax Act in 1969, which has all of the ominous earmarks of the beginning of the deliberate use of the US tax system to reshape moral codes, family structure, and curb population growth, particularly among the poor.

In support of her argument, Mrs. McGrath, a 1969 Graduate of Georgetown University Law Center, cited an example of a husband and wife, each with a taxable income of \$14,000. Under a joint (\$28,000) return the tax due is \$7,000; under married - but separate, it is the same, \$3,550 apiece. By contrast, an unmarried couple living together would be entitled to use the "single" rates, paying therefore \$3,210 each, a total of \$6,420 — \$680 less than the married couple.

These inequities under the newly amended rates, become

graver and more burdensome as the couple's income drops, Mrs. McGrath also discovered. "These new rates more seriously effect lower - middle and poor income families — particularly those of young Black government secretaries whose individual incomes range between \$6,000 to \$8,000 per year."

As an example, Mrs. McGrath told MUHAMMAD SPEAKS, "Assuming that both the husband and wife bring home \$8,000, tax on both a joint and married - but - separate return would be \$3,260, whereas the "single" rate would be \$1590 for each, or \$3180 total — a saving of \$80." If the incomes had been \$6,000 and \$8,000, the single rate for the couple would turn out to be \$60 less.

Mrs. McGrath did not associate the change in the tax rates with genocidal motivations directed

Lack of consideration for inmates has been chief cause of riots in most prisons with overcrowding being one of main faults. Florida prison houses over 500 more inmates than it was built to hold. Young men, like those above, learn from hardened criminals those things which will hardly make them suitable for non-prison environment when released.

## UN backs Namibia workers striking against U.S. owned copper firms

UNITED NATIONS (AWA) — Three organizations have testified here recently in support of the massive strike by 15,000 Black workers in Namibia (South West Africa) against several big Copper firms owned jointly by US,

British and South African industrialists.

THE STRIKE, which has lasted more than one month, has spread to a nationwide stoppage by Africans from the Ovambo Tribe which comprises 45% of the African population.

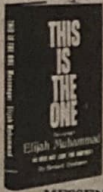

One of the focal points of the strike is the Tsumeb Mining Corporation, controlled by two US companies, American Metal Climax and Newton Mining. The strike also spread rapidly to service trades, construction, factories, railways and docks, municipal services and forms.

THE STRIKERS are demanding freedom to allow workers' families to

accompany them to their place of employment and equality of pay with white workers. (Black workers average \$12 per month compared to \$280 for European workers).

The Namibian peoples history of resistance to the slave-labor system imposed by neighboring South Africa has been in organized guerilla operations against the South African military forces in Namibia. Now the South African regime — whose rule in Namibia has been condemned by both the UN and the World Court — is afraid the militancy will spread to Black workers in South Africa, thereby crippling the entire government and economy.

# Afro-Asian group backs Bengali people

CAIRO, Egypt — The fifth conference of the Afro-Asian People's Solidarity Organization (AAPSO) adopted the following resolution on Bangladesh on January 13, 1972, in Cairo:

"THE COMMITTEE on the Indian subcontinent has studied the general situation and the new developments in the area.

"It is obvious that imperialist

machinations for domination and control of the area are intensified and the presence of the U.S. Seventh Fleet constitutes a continuing menace to the people of the area.

"The Afro-Asian People's Solidarity Organization expresses its great concern and appeals for further vigilance and consolidation of anti-imperialist forces to

face this menace. "...The committee studied the new situation that was created in Eastern Pakistan, now known as Bangladesh. It strongly condemns the genocide and atrocities committed there and expresses its sympathy for the people there for the great sufferings to which they were subjected by the former dictatorial regime.

"It believes it is the inalienable right of the people who have struggled against the dictatorial regime to preserve their right to consolidate the gains of their struggle and their future. It is the right of the people of Bangladesh to design and formulate their destiny according to their own wishes. This development will strengthen the general anti-imperialist organizations and media to further consolidation of anti-imperialist forces of the region.

"The Afro-Asian People's Solidarity Organization calls on all peoples of the area to join their efforts against the common enemy and in a spirit of brotherly cooperation and friendship to work in coordination for peace, freedom and social justice in the area."

specifically at lower income Americans, however she has become convinced that the IRS is actively on the side of promiscuity and firmly opposed to the institution of marriage. Inequities have long existed within the tax structure, she told MUHAMMAD SPEAKS, "against poor Black Americans, as a result of our history — which I must say is 'disgraceful'".

The new tax amendments are certain to encourage bolder efforts on the part of racist elements within congress to attach such proposals as taxing families, or reducing allowances for families having

more than the allowable number of children." Such programs have been drafted up at the state Department and used in such countries as Ghana and India for the alleged purposes of boosting the economy by force of tax penalties which discourage population growth. The new tax amendments are certain also to encourage the degenerate "new morality" cultist, feminists, homosexuals, and woman liberators who represent the "grassroots" for what appears to some a new fascist government on the horizon, potentially rivaling that of Nazi Germany.

# Rhodesian racists feel wrath of Zimbabwean people

UNITED NATIONS — Shouts of "No!" "No!" the crackling of flames around burning buildings, broken windows in buildings that couldn't have been fired, and derisive hoots issuing from tens of thousands of African threats, have greeted Britain's Commission of Enquiry in Southern Rhodesia (Zimbabwe).

**THE COMMISSION**, led by Lord Pearce, was sent to Zimbabwe to determine the will of the "people of Rhodesia as a whole" concerning the agreement reached between the Rhodesian racist rebels and Sir Alec Douglas-Home, British Foreign Secretary, on November 24, 1971. According to the terms of the "settlement proposals," the five million Africans in Zimbabwe would achieve parity in parliament with the 240,000 whites within 64 years.

The "settlement" agreement was immediately rejected by all Africans, inside and outside Zimbabwe. Josua Nkomo, the detained leader of the Zimbabwe African People's Union (ZAPU), and the Rev. Nabaningi Sithole, smuggled out their separate disapproving comments.

Nabaningi Sithole, smuggled out their separate disapproving comments.

Here at the United Nations, African and non-African alike, rejected the proposals

presented to the UN Security Council in a dramatic meeting on Thanksgiving Day. At the end of the debate on December 30, 1971, the fifteen - member Council voted to reject the British proposals ten to one, with four abstentions. Britain was the one against, thus casting a veto, preventing the Council from officially going on record against the sellout.

But even while the world was advising Prime Minister Edward Heath and his colonial advisers that their "package deal", aimed at rescuing their "kith and kin" in Rhodesia and bolstering British trade, was unacceptable, the British Government kept on its collision course. The Pearce Commission was named and sent to Zimbabwe, while British governmental leaders hailed the settlement as the only available means of stopping the spread of the apartheid system.

Now Ian Smith and "Big Brother" are, like the "big fool lieutenant" in the well - known anti - way song: "knee deep in the Big Muddy" of African anger stirred by attempts of white imperialists to traffic in their freedom.

Days before the Pearce Commission arrived in Zimbabwe trouble erupted during a meeting called on January 5 by the Smith regime in the town of Belingwe in a tribal trust area some 300 miles south of Salisbury, the capital. The tribal areas are supposed to be "safe" for Smith because the chiefs are paid by his regime and enjoy

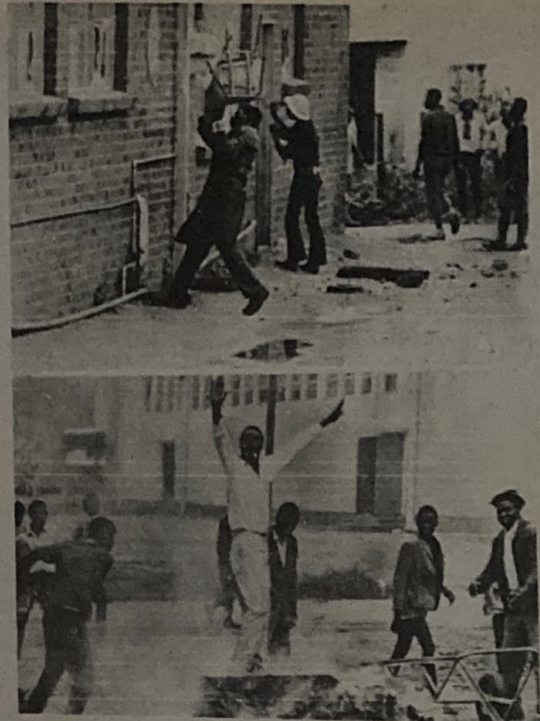

certain privileges denied to other Africans.

Some young Africans in the crowd of 1,500, including three chiefs, voiced their opposition to the proposals and for some reason the meeting broke up in disorder. Outside the meeting place, police arrested an African teacher and a student, both males. The angry crowd rescued the teacher from a police vehicle but missed saving the student. An African official who had helped arrange the meeting and two tribal chiefs were attacked, and police vehicles were stoned. According to a report by Agence France Presse, two Africans were taken to the hospital in serious condition.

**THIS HAPPENED** five days after Ian Smith, in a broadcast New Year's Day message, confidently predicted that if the British proposals were rejected by Rhodesians the world would "regard the whole episode as the best joke of the century. Economic sanctions and other measures now in force against racist - ruled Rhodesia, he said, "would be ridiculed into oblivion."

Smith was sure the Pearce Commission would succeed in putting the stamp of international legality on his pariah regime. And then came Gwelo, Rhodesia's third city, located 100 miles north of Belingwe and 200 miles south of Salisbury, ringed by smaller African townships.

The Pearce Commission was to have held a hearing there on January 18. Africans attacked public buildings, overturned cars, burned and stoned stores and other establishments. The demonstrations assumed organized form on January 17, the next day, with some 10,000 demonstrators out of a population of 41,000 forming for a march on Gwelo's downtown area.

**THE SPIRIT** of angry rebellion mirrored in actions of these Africans has swept like wildfire over five urban centers of this racist - controlled country in past week. Violent upheaval has provided forceful testimony to outside world that Zimbabwe's (Rhodesia) five million enslaved Blacks unanimously reject a sinister constitutional proposal by Britain that would accord legitimacy to brutal Nazi-styled government of Ian Smith.

The demonstrators were met midway to Gwelo by armed police, backed up by troops in full battle dress, who laid down a barrage of tear gas. The march was stopped but the youths spread out and before calm was restored six beer

halls had been destroyed, a movie theatre gutted, the city hall burned, and undetermined number of cars overturned and destroyed, among other rebellious acts.

The violence continued into (Continued on page 14)

**POLICE FIRED** tear gas to break up demonstrations by Zimbabweans. Ian Smith deported country's former white leader and his daughter, fearing their opposition to sell - out could spark joint protest actions by some Rhodesian whites.

January 18 and spread the next day to Salisbury, the capital, and to Fort Victoria, where reports say police shot two African youths. Again shouts of "No!" were accompanied by stones after Africans in Fort Victoria's black suburbs refused to listen to two members of the Pearce Commission.

More than 55 persons have been arrested, including three African leaders of the Government sponsored African National Council and former Prime Minister of Rhodesia Garfield Todd and his daughter. The Todds, originally from New Zealand, are known to have opposed apartheid and the policies of the Smith regime throughout. An undetermined number of persons have been wounded, two of them young white women who were hospitalized after being struck by stones hurled by African protesters in a black suburb of Salisbury.

The International Commission of Jurists in Geneva, Switzerland condemned the Home - Smith proposals as inadequate for the protection of Zimbabweans. Dr. Eugene Carson Blake, General Secretary of the World Council of Churches, said the arrest of the Todds by Smith was a complete 'negation' of an honest intention on the part of Smith. Denis Healy, British Labor Party foreign affairs spokesman, was "appalled" by the arrest of the Todds and speculated that this act might trigger more violence.

But it is not the arrest of the Todds that is most important in the latest developments in Zimbabwe but the British arrogance displayed in 1971-72 in its attempts to reassume the "white man's burden" in the same way it was assumed in 1884 in Berlin. Africa is saying: "NO!" emphatically.

# Number of Black students rises as budget goes down

CHICAGO — Government figures disclosed that a dramatically growing number of Blacks are attending all Black schools in the Chicago public school system.

THE REPORT disclosed that in the 1971 - 72 school year, 19 per cent of Chicago's Black public school pupils are in schools with no white enrollment at all. The Department of Health, Education and Welfare said these figures compared with those of 1968 - 69 and 1970 - 71 were considerably higher at 5.9 and 15.3 per cent respectively.

As the third most segregated large public school system in the continental United States, Chicago was surpassed only by Gary, Indiana and Compton, California.

Statistics for Chicago show that 91.6 per cent of its Black enrollment is in Black schools while Gary shows 95.7 per cent

and Compton has 92.7 per cent.

The Office of Civil Rights (OCR), which did the research for the report did not receive figures on school desegregation from the nation's largest school systems, of which there are 25, including New York, Los Angeles, Philadelphia and Baltimore, in time to include their figures in the report.

One of every 17 Black students attending schools with totally Black enrollments were in Chicago public schools. These schools are systematically denied equal budgets, tax bases and equipment to that of better white schools.

# What Islam Has Done For Me

## Top M.S. paper sellers honored in Wash., D.C.

By Sisters Johnnie X and Georgetta X

WASHINGTON — Recently, the Fruit of Islam at Muhammad's Mosque No. 4 held a very beautiful and inspiring benefit and social, The F.O.I. Muhammad Program Pushers Award to award those Brothers who worked diligently in pushing Messenger Elijah Muhammad's Programs in the form of the greatest newspaper on the planet earth, **Muhammad Speaks** newspapers, *Message To The Black Man In America*, *How To Eat To Live*, and the record album, *The Judgment of the World is Now*.

FOR THE FIRST time in the history of Muhammad's Mosque No. 4, citation awards were presented in the form of beautiful plaques with befitting inscriptions to those Brothers for their sincere, honest, and tireless dedication and work in helping to raise high the Banner of Islam as taught by Messenger Elijah Muhammad.

Brother Lt. Chris X opened the program by introducing Brother Captain Harrell X, who hosted the first half of the F.O.I. Muhammad Program Pushers Award. Brother Captain Harrell X pointed out to believers and visiting friends that, "The Honorable Elijah Muhammad has in his hands the salvation for every Black man, woman and child in the hells of North America." And as he cited the older F.O.I. Brothers, he explained to the guests in the audience that, "in Islam one gets younger not older."

Brother Captain Harrell X very eloquently stated, as he presented a beautiful ribbon to Brother Thomas 8X (1st place), for his distinguished service in the cause of Islam through tirelessly circulating **Muhammad Speaks** newspaper to our people, that it is "the number one tool that we use to help The Messenger resurrect the dead."

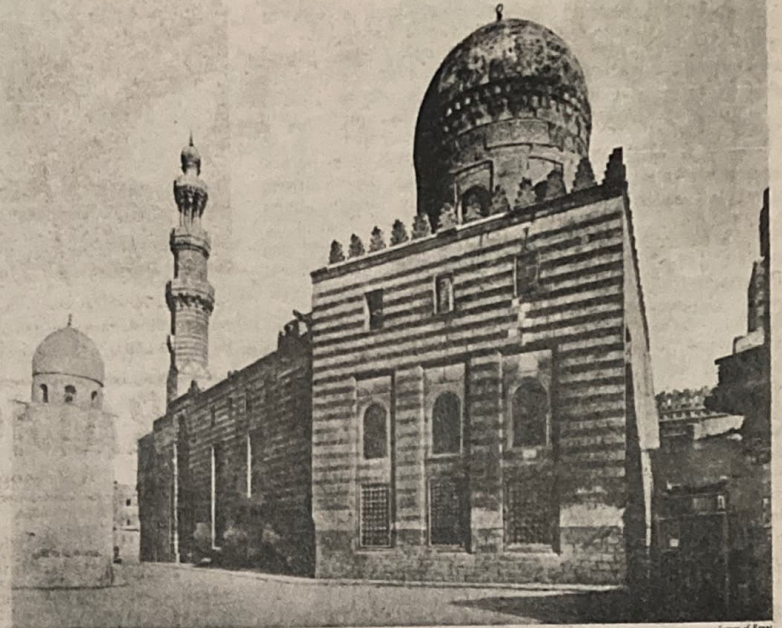

"When you see a Brother with **Muhammad Speaks**, you see a soldier. That Brother is doing the work of his Lord. Brother Thomas 8X was in the hospital on his sick bed selling **Muhammad Speaks** newspapers. All Praise is due Allah for The Honorable Elijah Muhammad."

Brother Thomas 8X, in accepting the award said, "I don't really feel that I deserve this award. I was just doing

what was in my heart for the Greatest Man on this planet earth as far as I am concerned, The Honorable Elijah Muhammad."

Awarded for being top F.O.I. were Brother Matthew X (3rd place), Brother Thomas 9X (2nd place), and Brother John X (1st place) for their distinguished service in the cause of Islam; also for being charitable with their time, energy, effort, being steadfast, and willing to do all of the things asked of them. An F.O.I. must exemplify all of the qualities that The Messenger desires of them.

## THE ENEMIES OF MUHAMMAD

By Dorothy Wedad

A Miss Bernice Buresh came to Messenger Muhammad's home at 4847 South Woodlawn Avenue, to interview him for **Newsweek Magazine** on the 20th of January, 1972. Messenger Muhammad welcomed her to interview him, all the while, knowing what he was welcoming.

HE WAS NOT "dumb" to whom he had welcomed into his home. At no time has Muhammad ever been "dumb" to them (devil reporters) and their general characteristics as well.

However, every now and then, Messenger Muhammad will allow them to come and interview him to increase our knowledge of them — let us know that they are not our friends, they are our enemies. If one should read this magazine, **Newsweek**, (January 31, 1972 Issue), he would agree with Messenger Muhammad that the characteristics of a white man is that of a snake. A snake is not heard crawling too loudly, but the sting is felt.

This lady, Miss Buresh, wrote in **Newsweek** that Messenger Muhammad sent for her. I have never known Messenger Muhammad to send for anyone to interview him. The

reporters asked him for the privilege of an interview.

Messenger Muhammad does not have this to do after all of his 40 - years of teaching. The world knows him, and he does not have to represent himself in this late day and time.

I would say, since I have spoken of the late day and time, the enemies of Messenger Muhammad wish that they could raise a dispute between the Believers and the hypocrites and disbelievers over his age. This is only to get arguments.

Messenger Muhammad is just a little over half as old as Moses. How would the reporters have felt to talk to a man a little over 100 years old? They probably would have shot him or stabbed him to death to get him out of the public, thinking he was too old.

We do not have the history of a Messenger being voted out of his service. They always live their lives by the choice of God.

We have studied the Bible and Holy Quran, and we cannot find the death of Muhammad or Elijah of the Bible. He travels throughout the Old Testament and throughout the New. But all of this is done to try to bring up friction among weak - minded people.

We even have rulers here in

the office of the Government that are the age of Messenger Muhammad. The devil and his disciples do everything to try to bring some kind of criticism on Messenger Muhammad to stop the people from looking at the great work he is doing. Messenger Muhammad is not

### 'My first experience in a Muslim school'

MY NAME is Ebony X. (Moorefield) and I am eight years old. I went to the public school for two years. This is my first year in a Muslim school. I have five brothers and two sisters. I must say that the things we learn any adult would love to learn also. The subjects we have are very easy for a young person to learn because our minds are wide open for education.

Sister Faye X. Anderson is our Principal. She does her job well and shows great concern for the children. The teachers are highly educated in their fields.

I love going to the University of Islam and when I graduate I would like to be a teacher.

As-Salaam-Alaikum

(Sis: Ebony X. (Moorefield) Pittsburgh, Pa.

in any way disturbed over what people say, because he does and cares very little about people talking against him.

If I were the boss of who should come and sit down and try to interview Messenger Muhammad, there would be very few from now on whom I would even allow to come for an interview. Because they do not come to interview him to say anything of the good works he has and is doing for his people. They interview him to try to destroy him and what he is doing for his people.

I think I am going to ask Messenger Muhammad to let me help him decide who shall interview him. Why, the very idea of them trying to change The Messenger! God never has done that. Again I must repeat — Messenger Muhammad is the last of the Messengers. Therefore, no Messenger is going to come after him. There is no God to come after the present God (Allah, Who Came in the Person of Master Fard Muhammad, to Whom Praise is due Forever). No Messenger will come after Messenger Muhammad because he teaches the world who the world is and who will build a new world. There is no doubt that Messenger Muhammad is doing a great work whether the devil like it or not.

By Elijah Muhammad  
Messenger of Allah

THIS IS the base of the teachings and work of Allah, in the Person of Master Fard Muhammad, among the dead so-called Negroes (the lost - found members of the aboriginal Black people).

To define this teaching of freedom, justice and equality, He (Allah) gave to us the sun, moon and stars to study for the roots of His works among us — the aim and purpose that He has in mind for the resurrection of us, the mentally dead. Let us take a serious look at the physical works of these three signs of His truth (the sun, moon, and stars).

THE SUN is the first of the great lights of the heavens that was made. Second came the stars and third came the moon. The sun gives us free light and heat. The light enables us to see how to travel around and over our home, the planet earth. Without light, we have no sight. Without heat, life will freeze.

This light of the sun the Creator made to be free. Therefore, He uses the good of the sun — by nature — for us. And the great light that the sun carries, gives us a light by which we may travel on our earth. It is all free, for the wicked, as well as for the righteous.

THE WHITE race does not give the Creator any credit for His wonderful works of nature. He (Allah) declared that we, the Black man, who have been deprived of freedom for a very long time, were the first in the sun. The sun was created by our Father to give its light and heat freely to life in the universe of these nine planets that she is capable of attracting with her light and heat.

With us on our earth, making our way around the sun, our earth is made to bow four times — which changes our seasons (autumn, winter, spring, and summer).

THE POOR Black man was put out of power to rule six thousand years ago. The African Black man was deprived of universal power 50,000 (fifty thousand) years ago, due to the father of our tribe, at that time, disagreeing with the other scientists on making a people, as we have been made on that continent (Africa).

Since that time, our father's disagreement has caused us to disagree with each other, but some of us remained in the light of truth and civilization. They are found in the northern section of Africa.

EGYPT HAS the ancient marks of the Black man's civilization. At times, they served various types of God during the past six thousand years.

Islam awakened Egypt to the splendor of her wisdom more than anything else. The white race spoiled Egypt with its integration and made her as a servant for the white European people for a while.

The Black man always has loved the sun and the nature of it — light and heat,

therefore, he dominates the equatorial section of our earth. And, below the equator, to the south, you will find the Black man covering the earth like a belt.

THE WHITE man was driven out of Arabia into the cold, frigid zone of what is now called Europe. The people of Russia are referred to in the Bible and Holy Quran as the Gogs. Other infidel people, such as European and American white race, are referred to by some of the scientists as being the Magogs.

However, that great sign of God's work, in the Person of Master Fard Muhammad, is to teach us the knowledge of ourselves from the beginning of the creations of the heavens and the earth, declaring us to be the members of the Creator. We must be awakened to the knowledge of ourselves as being such members.

THIS knowledge should force us to take our place in the sun and use the very nature and the law of that sun for our standard. We would have love for our government on earth as a freedom-loving people and grant freedom to all life that is in the sun as our Father created the sun to give us light and heat freely.

And in our dealings with man, we should give to him the freedom to exercise his well - being in the universe; to seek that in the universe which is necessary for his well - being — freely, without hindrance.

The white race has deprived the Black people of this — an equal chance of freedom (although the sun and its planets by nature give light freely) and an equal chance to survive and share in the earth that our Father created for us all that come onto the earth — except enemies, as the white race.

OUT OF the law of freedom, justice and equality, the white race was brought. The white race is an opposer of freedom, justice and equality. They were made, by nature, to oppose the freedom of the lives of other human beings, of beasts, fowls of the air, and fish of the sea.

They have brought much trouble between men on the face of our earth, up to today. Through the awakening of the people by the truth of Almighty God Allah, in the Person of Master Fard Muhammad, they have become so angry and dissatisfied with the white race as being an enemy to the well - being of other than white, that today a raging war

# MUHAMMAD

## FREEDOM, JUSTICE

now has begun. It will have no end until the God of freedom, justice and equality has made all men to bow to the general law of nature.

THEN, AND ONLY then, will we enjoy our people on this earth in peace and love of the brotherhood:

**SPIRITUAL SIDE:**

Since we have been reading the physical teachings of the sun, by Allah, let us now take a look at how it compares with the spiritual teachings of the message revealed to me from Allah, Who appeared in the Person of Master Fard Muhammad, To Whom praise is due forever.

THE SUN IS a great sign that we all should study to understand the wisdom of Almighty God, Allah. The entire starry canopy, called the heaven is like a book opened before our eyes, that if studied will give us the knowledge of its Creator and Maker.

In looking into this great unending mirror - like creation, we see the great works of Almighty God. Our little wisdom is far too weak in understanding to try comparing it with the wisdom of this Architect Who designed this beautiful universe that we have.

HE USED the sun to show us how the physical and spiritual freedom of the light of the sun gives life here on the earth and on other planets in their cycles.

He uses the sun to keep life and to bring forth life out of the earth and to keep the entire earth alive for you and me without us paying anything whatsoever, to the great Supreme Being Who has power over the sun and its works.

THIS IS A mighty light coming from a ball of fire that we call the sun that He taught the diameter is 853,000 miles.

There is no one able to tell us just what the fuel is that the sun uses to keep burning these billions and trillions of years. It is known, but who knows it?

Many ideas, theories and other suggestions have been made, but we do know that she is afire. We can draw fire from her and everything that is alive upon the earth that is alive upon the earth has some of her fire in it, even to

# MUHAMMAD!

## JUSTICE & EQUALITY!

ourselves. Our bodies have the fire of the sun in them.

ALL OF this, which is essential for our existence, has not served as a knowledge to the enemy, devil, that he should have used the law of freedom in his rulership of the people of earth. Freedom is essential to life itself.

What is life without freedom? Life ever cries and seeks the way to freedom. This is the nature of life. No one has been so evil to imprison life, but the enemy, devil, of ours.

HE HAS built strong prison houses everywhere under his rule to bind and cast into prison those who, by nature, are

made free and should be free.

In the Hereafter there will be no jails — for there will be no prisoners to put in jail.

FREEDOM FOR the so-called American Negro is the purpose and work of Almighty God, Who has made His appearance among us in the Person of Master Fard Muhammad, Whom praise is due forever.

His purpose is to free the so-called American Negroes and set them at liberty — on the free earth, created by our Father — from the hands and power of the enemy of freedom.

THE ENEMY even commercializes on making prisons. He makes laws that he knows the prisoner is bound to break. Even their lawmakers break the laws.

We must be freed so that we may be able to enjoy the freedom of life on this earth as other nations. They have a false

excuse to prosecute the American so-called Negro, saying that we are citizens and should go forth and fight a people he calls his enemy.

### The Filth That Produces The Filth.

Holy Quran (7:27) O children of Adam, let not the arch deceiver seduce you, as he expelled your parents from the garden, pulling off from them their clothing that he might show them their shame. He surely sees you, he as well as his hosts, from whence you see them not. Surely We have made the devils to be the friends of those who believe not.

This happened to the Black People who followed Yakub from Arabia. He pulled off, from their original Self, the clothes of Righteousness and the clothes to cover their shame; and then made them to go nude in the hills and cave-sides of Europe, until the birth of Moses. You are warned. You believe you are safe in following the invitation to evil and filth of the white race. Wait and see.

# What Islam Has Done For Me

## "THIS ELIJAH MUHAMMAD, WHOEVER HE IS, BETTER WATCH OUT"

By Min. Edwin X (Taylor)  
Peoria, Ill.

Can a Devil fool a Muslim? Not nowadays. Our Leader the Hon. ELIJAH MUHAMMAD has given we, the Muslims the knowledge we need to see through Lies, Tricks, and hard work of the ARCH-DECEIVER to put fear in We The So-Called Negroes, to divide us and cause us to fight and kill each other.

This White Devil in Baton Rouge, La. & Mr. Woodrow

Dumas, a man of high office, the Mayor of the city; said:

"This Elijah Muhammad, whoever he is, better watch out for these people," and added, "He doesn't know it yet, but this splinter group is out to kill him."

The Bible warns we the Black people in "John the Revelator" Chap. 12 verse 15: "And the Serpent cast out of his mouth water as a flood after the Woman that he might cause her to be carried away of the flood."

The Serpent in this verse is the White race. The waters as a flood: a flood of propaganda and lies. The woman is the Most Honorable Elijah Muhammad giving birth to a new Nation of Black People. The greatest desire of the White race is to mock God by deceiving you and I.

For forty years the Devil White race has been trying to kill the most Honorable Elijah Muhammad with all of his great knowledge of lies to deceive the world, (read John Chap. eight (8), verse 44), and knowledge to put a man on the Moon, to send a rocket to Mars, to go to the depths of the Oceans, having great knowledge and power to make great wonders, as John in the Revelations tells us: Chap. 13, verse 13 "And he doeth great wonders, so that he maketh fire come down from the Heavens on the Earth in the sight of men." This fire from Heaven is the atomic bomb made from the atom of the Heaven. Also the killing of Jesus, (One of the great prophets of Allah). And with the killings of their own presidents here in America, with the killing of Rulers, Kings, Presidents, Leaders, Enemies and Friends all over the Earth by the millions The white race will not be and has not been able to kill, to stop, by, trick or deceive Our Leader and Teacher, The Most Honorable Elijah Muhammad.

Now he, the White race, wants to put fear into our great Leader, The Most Honorable Elijah Muhammad, of which he The devil cannot do, and to put fear into we the Muslims and the poor Black people to keep them from this Last Messenger of Allah.

Why should The Honorable Elijah Muhammad, A Messenger, with Allah, God with him or we the Muslims and Black people here in America fear today when Allah and His Messenger loves us and will protect us from you the Devils not to think of a few poor Black Brothers of whom you have deceived and made into Hypocrites and Disbelievers.

These poor Black Brothers not with THE MOST HON. ELIJAH MUHAMMAD do not have understanding and that is why they are doing that which you, the white race like; to have Black people around the

## The Woman in Islam

By Margary Hassain

IN THE NAME OF ALLAH, MASTER FARD MUHAMMAD, to Whom Praises are due forever. The Woman In Islam Gives all Holy Praises to Allah (God) and forever Thanks Him for our Divine, Leader, Teacher and Guide, THE HONORABLE ELIJAH MUHAMMAD!

AS MESSENGER MUHAMMAD teaches us, We, the Black People, under the rule of the devil had allowed the devil (white race) to make of us a foolish, blind, deaf and dumb Black People. The white race mocked us. And in mocking us, the white race was mocking our Black God (Allah).

THOSE of our Black People, who have not accepted Islam, and who have not come under the Divine Guidance of MESSENGER MUHAMMAD, are still being mislead and held up to the world as objects of ridicule, in the eyes of the civilized nations of earth.

As a guest on last Sunday morning's Broadcast of a Black information program, one of our highly educated Black Sisters, stated that even our most highly educated Black Sisters and Black Brothers are not truly educated because in the devil's schools, colleges and universities the Black People were not taught the knowledge of self. She was only bearing witness with us who bear witness to the teachings of MESSENGER MUHAMMAD, who has opened our eyes.

BUT, it is the truth, MESSENGER MUHAMMAD teaches us that "WE MUST HAVE A THOROUGH KNOWLEDGE OF SELF" and "YOU DO NOT KNOW THE DEPTHS OF SATAN."

FOR, this Black Sister, who spoke and did not give credit to MESSENGER MUHAMMAD, for his teaching, was still without the knowledge of herself, for there she sat trying to give credit to some other would-be teacher - writer, while her hair was in the savage style which they refer to as African.

MESSENGER MUHAMMAD has come to civilize us. To bring us forward. He teaches us that we are the Original Man. We came from the Originator, so why copy the style of savage people of the past?

MESSENGER MUHAMMAD teaches us that the shaggy, wild hair that the devil white race wears today, is bearing witness to Messenger Muhammad's teaching that the white man came out of the caves. He warns us not to imitate them, for they are at the end of their wisdom and they are not effecting a style... they are really going savage and beastly out in the open! The Bible refers to the white man as a beast!

BLACK Brothers and Black Sister, come JOIN our Holy Nation of Islam, follow our civilized Black Brother MUHAMMAD and return to our rightful place on top of the civilized nations of earth. Care for and tame, your hair! Let the white man go back to his own wild uncivilized state. It is well for us to be rid of the rule of the white race.

JOIN your Praises of Allah (God) with our Praise, and Give Thanks to Allah (God), MASTER FARD MUHAMMAD, for Giving us our Divine Leader, Teacher and Guide, Our Black Brother, MESSENGER MUHAMMAD! Let us Thank Allah (God) for His Divine Message.

world killing each other as you have in Viet Nam, Korea, America and many other places. These poor Black brothers are the weak ones that you get to work against the Salvation of the Black Man, Their salvation.

Some of these poor Black Brothers have left their families for you the white man to take care of them on A.D.C. (Aid to Dependent Children). They are too weak to feed, house, or clothe their own families and too weak to follow our great Leader, The Honorable Elijah Muhammad who is teaching us to build a nation for our families.

THE HONORABLE Elijah Muhammad has never feared after Allah (God) took fear out of him. And the Honorable Elijah Muhammad, with the help of Allah has taken the fear out of we the Muslims as you and the world can see we do not carry guns or any weapons made by the white man. Our weapon as taught by The Honorable Elijah Muhammad is truth and righteousness that Jesus said in Bible would make us free. Free of You White man, our Enemy and enslaver.

I say to You Mr. Mayor Woodrow Duman of Baton Rouge La. and All White People, whoever you are. You

had better watch out. Watch out for Allah (God), to whom praises are due forever and his angels with great plagues of doom for you, Read Revelations Chapter 15 and 16.

And my BELOVED BLACK PEOPLE, FEAR NOT as the Bible in Isaiah CHAP. 41: VERSE: 10, Fear thou not; for I (ALLAH) am with thee: Be not dismayed for I (ALLAH) am thy God: I (ALLAH) will strengthen thee: yea, I (ALLAH) will help thee: yea, I (ALLAH) WILL uphold thee with the right hand of my Righteousness. (THE HON. ELIJAH MUHAMMAD) also read the 23rd PSALMS: verse 4 ISAIAH 43: 2 MATTHEW 10:31.

## ISLAMIC UNIVERSITY

### PROFILE AND PURPOSE

THE FACT THAT ISLAMIC UNIVERSITY is founded by The Honorable Elijah Muhammad, through the guidance of Allah, holds bright promise for all young black students. The great urgency and need faced upon Messenger Muhammad to build this center is due to the ignorance and lack of skill knowledge of his people and others; that he feels will go a long way towards better understanding and relations between the nations of the world.

THIS UNIVERSITY'S IDEAS AND HOPES are to see scholars and students of all nationalities. This idea of Messenger Muhammad's of a university of this type is one that all Nations and races would agree with Messenger Muhammad on the necessity of such a center for his people.

THE BASIS OF THE TEACHINGS of the University is the knowledge of all and others and will respect and respect for others.

THIS CENTER IS DESIGNED TO house 10,000 (ten thousand) students of all ages and middle aged and aged people who want to be educated. It is designed also for a hospital, technology college, and a children's hospital and nursery. This would release—says Messenger Muhammad—some of the burden of the white people's institutions of this kind for our people. But Messenger Muhammad believes that the white people should not build hospitals, to build such an institution as he and his people are poor and would not be able to do so, or anyone who has sympathy for us to do something for him, throughout the world we would accept it.

SOME OF THE COURSES of Messenger Muhammad for the University are as follows:

- CHRONOLOGIC HISTORY
- OF soil and earth
- TECHNOLOGY
- Construction Engineering
- Civil Engineering
- Electrical Engineering
- Mechanical Engineering

### ASTRONOMY LANGUAGES

So that the students of the University may be able to converse in the language of the people as the religious, educational, and institutions of other Nations have provided this means of learning other languages so that we can converse with them in their own language.

### SCIENCE

Of the beginning of education of the people of earth.

#### MATHEMATICS

The sources and origin of mathematics.

#### RELIGION

The various origins of religions and why Islam.

#### MEDICINE

Students will be under the most highly honored doctors that the institution can acquire.

#### HEALTH

We must have these such courses, and the study of drugs, as Messenger Muhammad teaches against drugs for our health, that we might learn to live according to the law of nature. For these courses, Messenger Muhammad desires the best doctors obtainable.

EVERY COURSE will be able to aid the black race in a better relationship with existing between Nation and Nation.

### FURTHER IDEAS OF MESSENGER MUHAMMAD OF AN EDUCATIONAL CENTER FOR HIS PEOPLE

This University Educational Center, is being designed, not to displace Chicago and its people, but to increase the faculty of Chicago and its people. Messenger Muhammad desires to purchase the last Highrise, where many of his people are now lodging, and then build the drop-off to these Highrises, that most people off to other buildings of this new plan of an Educational Center.

THE TALLEST BUILDING, that is his idea to build on this ground, should have all laws the Highrises. These will be an building of Messenger Muhammad's that will reach over seven stories. His greatest desire is to buy the first Highrise building, of which the estimated cost is not yet known. He has, however, heard that the owners would sell.

THIS WILL GIVE THE Islamic People one tall building beside Chicago's Highrises, so that the drop-off of other buildings will be added by both the University of Islam and the new Chicago Highrise building.

MESSENGER MUHAMMAD WANTS TO make such a beautiful site that people coming into the U.S.A., whether by land, sea, or air, would admire it. As you may know, Messenger Muhammad in his feelings never with anyone for money and puts beautiful buildings there. He hopes to do this, not only on this site but throughout the southside of Chicago. Messenger Muhammad, according to his ideas given to me, is to make this outside of Chicago a more beautiful and civilized area than ever before since the building of Chicago.

Similarly it is understood, that we will follow building codes of the city that we building upon all holders who hold in the area of Chicago.

THE MONEY TO BE RAISED for this purpose runs beyond \$50,000,000.00 (Fifty Billion Dollars). And he is trying now and hoping with the good progress of financial people of the country, to aid him in doing this work on this site in Chicago and America, which will give better relations for America and the world.

FARMING—Messenger Muhammad is now trying to contact the best agricultural teachers that he can find, that he may be able to produce the better crops, being food for people, animals, and food. One of the greatest programs of Messenger Muhammad is better housing conditions for the Southern Black farmers, which demands quite a bit of money; and to teach the Southern Black People how to respect soil and others—to re-educate the South, out of ignorance and into a civilized and decent way of life.

MESSENGER MUHAMMAD FURTHER BELIEVES that America, as wise as she is, and as rich as she is, will agree with him when a knowledge of the truth of his plans for a better people, that he needs finance to aid him. This would come back to them plentifully. All students of the University will pay a certain fee that they are able to pay (which we do not put into in writing because we have not taken a census of the students who can pay and those who cannot pay). But, in the institution, everyone must be able to pay something for their learning. The exact figure will come later for the students fees.

MESSENGER MUHAMMAD IS DEMANDING MILLIONS of dollars that only powerful, rich financial companies and governments could supply. And, the writer hopes that you will supply Messenger Muhammad with his needs. Messenger Muhammad says that no financial lacker of his work could ever last, for God himself is behind him and certainly will show the way when he will be successful in this life and the hereafter as well.

MESSENGER MUHAMMAD NEEDS LOANS of several millions of dollars to finance his city, city of Chicago and other cities wherein Islam is suffering for financial aid and throughout the South where he is trying to purchase free land to raise food for the Black Man and White. It is also teaching the Black People and White to do something for each other and begging to White Man.

SO, HE IS SEEKING FINANCIAL HELP and believes that he can pay on this kind of help under reasonable and terms of the financing.

TO GIVE MESSENGER MUHAMMAD'S AIMS in a few words: It is to better the condition and relationship of the Black Man here in America.

I THANK YOU for reading the ideas and intentions of Messenger Muhammad for an EDUCATIONAL CENTER— as he has given to me here to convey to you— on this site.

## Plea for prison reform

**DENUNCIATION DID NOT** solve the Black and white problem and it is certainly not going to solve the spiraling crime problem. The people who really want to curb crime must begin to realize that they cannot do it by just standing on the sidelines and playing policeman. Conditions cause crimes — not the criminal.

Thus, those of us who wish to actually curb crimes and not force a lid on a boiling pot, which is certain to explode; should not ignore the conditions that cause crimes. Moreover, we should look upon the criminal, as we do the sick — a person in need of cure. Killing or caging the victims of yellow fever, did not curb the disease. Objective reasoning told us to treat the patients and destroy the cause. And to the benefit of us all, it worked!

In keeping with objective reasoning, we send the physically ill to the hospitals, the mentally ill to the asylums and the criminally ill to the prison. In the best interest of society and the patient, we nurse the physically and mentally ill back to health as soon as possible and return them back into free society. But when dealing with the criminal, our emotions take over and to the detriment of everyone, we treat them differently.

We do not nurse them with the intentions of getting them back into free society as soon as possible. And we don't let them out when they rehabilitate themselves unless it is after our taste for human blood has been satisfied!

We not only disregard the facts that the best time for an inmate to return to society is whenever he can manifest a sincere desire to live within the law, but that the neglected criminals contaminate others

and are responsible for most of the serious crimes; that sadistic punishment does not

## Greek journalists call for support

**SINCE IT** has assumed power after the coup d'etat, the Athens fascist regime is marked by a violent hatred against the press and its workers.

Some of our colleagues such as Grigoris Farakos, Sinon Sorsowilis, Mrs. Rula Koukoulou, Georg Moraitis, Costas Filinis, Leonidas Kyrkos, Potis Para kevopoulos, Alekos Papalexiou and others, are still imprisoned or have been expelled.

For instance, Georgios Romeos has found out what the conception and interpretation of the law by fascist junta, judges means.

The long list of law violations by the military clique is richer by a new act of despotism. The refusal of Greek State citizenship to Mrs. Elens Vlachou, well-known newspaper publisher and journalist, who was compelled to go abroad after the fascist coup. The reason given for the refusal of State citizenship was alleged anti-national activities by Mrs. Vlachou abroad.

We appeal to Greek colleagues, the International Organization of Journalists and progressive journalists throughout the world to pillory the continuing anti-journalistic attacks by the junta and to strive for the re-establishment of the freedom of the press and the liberation of all imprisoned Greek journalists.

Union of Anti-fascist

curb crime; that there are not enough prisons to house all the criminals, and that each one of us are obliged to help treat the patients and destroy the cause of crime. We also make it rather difficult for them to get out of crime! They are the last ones hired, the first ones fired and always rejected — stigmatized for life.

Shouldn't we try to cure the criminally ill too — especially since they are going to live in our midst, and the life that we save, might be our own or that of one of our loved ones?

Although we have the highest percentage of the criminally ill, we have no more of an affinity for crime than the whites. The country is just financially unbalanced. Thus it is hoped that our leaders will speak out in our behalf and strive to balance the budget. For crime is an unhealthy disease that affects us all.

**CELEBRATING HIS 118th BIRTHDAY,** Rev. Toby Crosby of Palatka, Florida received congratulations from well-wishers while his wife, Lula, 86, looks on. The Crosbys have been married for 60 years. When U.S. government begins to respect old people and guarantees them the basic necessities of life that are required to live, thousands of old age people will not have to put their last years in the hands of unscrupulous landlords or old folk's homes that do no more than take their valuable pensions.

## Says article helped

Due to the fact that my circumstances are now moving along in a somewhat upward trend, I am sure that no doubt, the Open Letter to Mr. Nixon, printed in my behalf in **Muhammad Speaks** and perhaps investigation of our

plight, must be responsible for the blessed help we are now receiving.

Today our new furnace should be completely finished. No doubt had I not been depressed to the extent that I did chase the repairmen, material and all out, maybe more would have been accomplished. (smile).

May God Bless all of **Muhammad Speaks** staff who has so courteously let me know that a society of people really does care.

Through the months I continued to send copies of the printed articles in all directions that I thought it would do the most good.

My hat is off and my heart sincerely open to my people and all concerned, for I now feel we have something to still plan for along this road of self help.

Peace and Good Tidings Always and Forever.

Sincerely

## How many mansions has money of Blacks built for whites?

**KNOWING THE** wicked nature of the white man, I am certain that Phillip J.O'Connor and **The Philadelphia Sunday Inquirer** (Perma), Jan. 16th, 1972, in headlining and writing about the houses under construction by The Honorable Elijah Muhammad and the Nation of Islam, meant to (1) inflame the evil passions of envy, jealousy and distrust in Black people (2) discredit the dynamic leadership of Messenger Elijah Muhammad (3) alienate (divide) the Muslims from the Black masses (4) express white people's intense hatred of Black people doing something constructive for themselves.

Let me assure you that we Black people are very happy to see all of the many great and wonderful works which Messenger Elijah Muhammad and his followers are building for themselves and for all Black people in America. He has our daily prayers and support for continued success and progress. He is indeed the Blackman's only leader.

Now let me ask you a question, Mr. White man? How many mansions have Black people's money built for you?

How many factories? How many schools? How many hospitals? How much land? How many bombs? How many space explorations? How many variations? Your

"journalistic" trick is an affront to all Black people, and I think you owe Black people an apology.

## Disagrees with columnist

I WAS interested to read Ali Baghdadi's Jan. 21 column on Pakistan, because up until recently I shared his viewpoint. I felt there could be no justification for breaking up Pakistan, the biggest Muslim state in the world. I was deeply suspicious of the motives behind the Bangladesh movement and even more distrustful of India. Moreover, I lived in West Pakistan and have many West Pakistani friends.

The course of events has shown me that many of these doubts were unfounded. The Bangladesh movement was and is a genuine national-liberation movement. The fact that Sheikh Mujibur Rahman did not become the civilian Premier of a united Pakistan is due solely to the ruling clique of monopoly capitalists, feudal landlords and militarists who pushed Pakistan over the brink of destruction when they launched their military terror on March 25 last year.

True, Yahya Khan and the ruling clique called themselves

Muslims and claimed they were defending Islam; in Sept., 1970, so did King Hussein of Jordan when he began the massacre of Palestinians. This should fool no one.

Muslims should ask themselves: how can Islam be used to justify military terrorism and massacre directed against the 65 million Muslims of East Pakistan (Bangladesh)? Last year, from March to December, Yahya Khan's troops slaughtered more than 1,000,000 Bengalis, nearly all of them Muslims. Does not the Blessed Koran tell us that the Muslims should not endure persecution?

I should add that I became increasingly uncomfortable holding anti - Bangladesh views when I saw that Nixon and his whole dirty gang who are oppressing us here in the U.S. were giving complete support to Yahya Khan's attempts to butcher and crush the Bengalis.

I think that Ali Baghdadi should feel even more uncomfortable: not only is he using the same line as Nixon and Henry Kissinger, but he is trying to justify the military terrorism which was directed against the Muslims who form 90 per cent of the new state of Bangladesh.

In order to maintain this stand, Baghdadi has had to dredge the cesspool of right-wing propaganda filled by the U.S. ruling class. I cannot believe Muslims here in the U.S. or elsewhere will agree with him.

## Will Arabs muster courage to use oil power against U.S.?

CAIRO — As a result of the decision by the Pentagon to resume the sale of Phantom jet fighter - bombers to Israel, threats of Arab punitive action against United States oil companies and other American economic and strategic interests have risen.

**WARNINGS OF** a possible Arab use of oil as a political tool were given added weight by Egypt's Premier, Dr. Mahmoud Fawzi, who considers the Phantom decision as an attempt by the United States to intimidate the Egyptians while continuing to placate the sabre rattling Israelis.

Because of the strategic position the Arab countries hold in relationship to the military hot - bed in the Mediterranean Sea and Indian Ocean in respect to the South African and Indian and Pakistani conflicts, Premier Fawzi has hinted strongly at curtailing any new American

concession in their land.

Foreign Minister Mahmoud Riad disclosed a plan to bar increases in production of Arab oil which is badly needed to meet sharply rising consumption in Western Europe. Mr. Riad said a curb on production increase could easily achieve a political effect in favor of the Arabs without significant disruptions in the Arab countries' oil income. The Arab countries, he hinted, were wealthy enough from current levels of output to manage without increased income.

Oil is the major United States economic interest in the Arab world, contributing about \$2 billion to the United States balance of payments.

Mr. Mohammed Hassanein Heykal, editor of the highly regarded daily newspaper, Al Ahram, and considered one of President Anwar el-Sadat's leading advisers, stressed that the military danger from the

Phantom sale to Israel was not the cause of Egyptian ire. "More than the military effect, I am concerned over the political significance of the United States President's announcement of further supplies of aircraft to Israel," he said.

Mr. Heykal charged that the United States intended to create a sense of "despair" in Egypt and to undermine endeavors for military action against expansionist - minded Israel.

He rejected the contention that the decision to sell Phantom jets to Israel was done to persuade Israel to open the door to peace negotiations by making a commitment for eventual withdrawal from territory stolen in the 1967 war.

"Instead, the decision was intended to intimidate the Egyptians and compel them to agree to a resumption of the peace talks without an Israeli commitment to withdraw," asserted Mr. Heykal.

### Small businesses given freedom to cheat

WASHINGTON — The Federal Price Commission recently undercut a ruling imposing 'stiff' fines on merchants who raised their prices without first posting freeze - level prices, by exempting firms with less than \$200,000 in yearly revenues. Such firms constitute 87 per cent of all retail establishments but account for about one - fourth of all retail sales, which shows how wealth is concentrated in the hands of a few firms.

**THE RULING** forestalled a scheduled enforcement against firms which have not yet complied with the posting requirements. The measure has ostensibly been in force since the beginning of the year.

However, the Commission claims that no exceptions to the requirement will be made after the middle of January, and all those businesses that come under the measure must post their prices or suffer fines up to \$5,000. Also merchants who have raised prices already in violation of the ruling may be liable for consumer lawsuits. The firms exempted include the small "ghetto" businesses that charge high prices to "inner city" dwellers.

# Whites try to bar Muhammad Speaks U.N. accreditation

By Charles Simmons

**UNITED NATIONS** — The people who represent the international mass media here are still arguing whether or not the expulsion of two journalist representing the Taiwan government can be reversed. If not, they argue, "freedom of the press" is in terrible danger.

**THE LEADERS** of this last ditch battle are the Zionist, pro-Franco Spanish journalists, and Americans representing the Establishment media. They claim that their concern is the plight of the journalist from Taiwan, but they have

taken their stand on a slippery slope for there are other journalists here from Taiwan who have remained in good standing with the UN.

The difference is that they do not claim to represent the Chinese Government as do the former two.

In one meeting, a pro-Franco journalist argued that the Chinese case was similar to the case of accreditation for Muhammad Speaks which was admitted to the United Nations Correspondents Association (UNCA) as a full member last month after two days of kicking and screaming by a white US official at the UN who is in charge of accreditation of journalists to the UN Office of Public Information (OPI).

It is true that the OPI is the official UN department which accredits journalists to the UN and acts on decisions made by the General Assembly. And it is true that the UNCA is a separate body from the UN. But it is an affiliate. In order to become a member of the affiliate, one must first be accredited by the OPI.

However, there has been no action by the General Assembly to the effect that Muhammad Speaks represents a government which has been expelled. The only protest came from the American

**WHITE TRICKNOLOGY** gains easy entrance in most U.S. Black churches. Here Mayor John Lindsay of New York gets a chance to play on superstitions of Black Christians. By giving them false hope in that which none of them have seen, Lindsay, like a Black preacher, tells congregation things are going to get better if they pray and 'have faith' in system. Lindsay was speaking — preaching in Mount Carmel AME Church in Tampa, Florida.

## Angela Davis still denied rightful bail

**SAN FRANCISCO** — Judge W.T. Sweigert, Federal District Court judge for the Northern California district, denied Angela Davis' pleas for bail. Sweigert argued that 14 months of pretrial incarceration has not hurt her ability to prepare her defense.

**HE MADE** this even more absurd by saying "every reasonable expectable facility is being provided" Angela by the state. "Perhaps the judge means Angela's 6 by 8 foot cell (poorly heated and inadequately lighted), located in a jail with no library, no reading materials, no recreational facilities, no medical facilities and no area where lawyer, defendant and witnesses can converse in the privacy which the law supposedly allows them," said Franklin Alexander, co-chairman of Miss Davis' defense committee.

Defense Attorney Doris Brin Walker commented, "This delay hasn't been the fault of the defense. We have had to go before the court several times to insist the judge force the prosecution to comply with court orders — it's taken us the

better part of a year to get a look at the so-called evidence.

"But more seriously," she continued, "the improper and forced joining by the state of Ruchell Magee and Angela Davis in this prosecution hamstrung both defendants for months, preventing them from pursuing their respectively different legal strategies."

### 'Mental illness' grounds for deportation

**LONDON, (LNS)** — Britain's most racist Immigration Bill, which became law on October 28, 1971, states that Black people may be deported if they are "mentally ill."

**AS A** result, Blacks are afraid to seek psychiatric help, or even advice from their doctors.

One hundred seventy-six staff members of the Maudslay Hospital in London recently petitioned against this clause in the Immigration Bill, stating that they are worried about the vagueness with which psychiatrists themselves define mental illness.

# State finds Boston breaks federal law

BOSTON, Mass. — According to a recent announcement by the State's Education Commissioner, the Boston School Committee has flagrantly violated federal racial desegregation laws covered by the U.S. Constitution's 14th Amendment, and is in fact operating a dual school system, one for Blacks, one for non-Blacks.

**THE COMMISSIONER'S** report indicated "striking evidence that the committee made decisions which could have no other intent than to maintain racial separation."

This evidence has been passed on to the Civil Rights Division of the U.S. Department of Health, Education and Welfare; the same agency that recently found Boston in noncompliance with the 1964 Civil Rights Act.

HEW's segregation charges were based on junior high (grades 7-9) and middle school (grade 6-8) level investigations. But, the commissioner said, the agency has uncovered "only a small portion of the violations."

Details of the state's evidence were withheld but it is known that elementary school district lines have created totally segregated schools within several hundred feet of one another. There are also cases of Black children being bussed past predominantly white schools even when the white schools are in their neighborhoods.

In a letter to Boston's Superintendent of Schools, HEW's Civil Rights Officer noted that 71 per cent of the students in one sub-system were Black while 76 per cent of the students enrolled in another sub-system were non-Black.

This came as a result of official actions taken since 1965 by the Public School System to adopt and administer student assignments and grade organization policies "in such a manner as to create two separate, racially identifiable

school systems — one predominantly (non-Black) the other predominantly Black" the letter states.

The action established grades to be organized so that Black children had to attend predominantly poorly funded schools "at critical stages in the educational process." The committee's action failed to include the city's entire system and only three predominantly Black schools were converted.

HEW's letter pointed out that while white students could easily transfer to predominantly Black schools, Black students could not easily transfer to the better funded predominantly white schools. It criticized treatment of Spanish-speaking children and indicated an outrageous lack of facilities to teach non-English-speaking children not enrolled in schools because of language difficulties.

Although millions of dollars in state school aid for 1971 and 1972 are frozen until Boston files acceptable educational justice plans, there is a "complete lack of progress" on the part of the committee to end imbalance, the commissioner said.

And until the court rules whether Boston has violated the Racial Imbalance Law an estimated total of 59 million will be withheld.

Loss of the federal funds would drastically affect poor people because Title I programs (after school activities for children with learning problems or working parents) would be stopped. Loss of state funding would affect teacher and administrator salaries.

The Boston school system, the 29th largest in the nation, is the first major northern system to be cited and to have the investigation go so far.

The fact that HEW is not allowing the issue to fade away and because Southern senators are now pushing the issue, other school systems are likely to be exposed as fostering injustice.

Under pretext of looking for Arab guerrillas who allegedly ambushed a vehicle, killing a North American nurse, the troops put into practice one of Hitler's and Bull Connor's favorite means of intimidation of Black and oppressed men — the humiliating search. official in the UN who argued that Muhammad Speaks should not have permanent accreditation because it is a weekly newspaper and only daily newspapers should be accredited permanently.

On the other hand, there are white newspapers here which are weekly, and some correspondents have been given full accreditation as freelance writers on the staff of no newspaper.

No one has argued against Newsweek or Time Magazine and they are both weeklies.

During the days of the late Charles P. Howard Sr. who first represented Muhammad Speaks here, the Americans argued that Muhammad

Speaks was a religious newspaper and therefore was not eligible for accreditation.

However, the Christian Science Monitor is published by the Christian Scientists but they were easily granted permanent accreditation.

IN ADDITION, US agencies which are known to be anything other than a news-gathering institution are accredited here: the Voice of America, and Radio Free Europe, both of which have been exposed working hand in glove with the CIA.

Another argument given by the US press officer at the UN was that "too many" correspondents are representing the Black press.

However, anyone who can count on one hand can destroy that argument, since there are only two full-time correspondents here representing the Black media in the US, and one representing the Ghanaian News Agency.

# When it comes to Black residents Memphis is a shoot-to-kill town

By Nathaniel 10X

MEMPHIS, Tenn. — In less than two weeks, white Memphis policemen have killed four Black youths under highly suspicious circumstances. All of the youths were shot in the back while allegedly under suspicion for misdemeanors. Three of the shootings occurred at night one by day. Three of the victims are dead, the fourth is under intensive care at Methodist Hospital.

BETWEEN THE 8th and the 18th of January, the four incidents occurred. The murders were scattered in three different Black neighborhoods. The infractions committed by the youths were allegedly burglary, auto theft and "stealing beer from a truck."

None of the youths was armed," according to Dr. Vasco Smith a local Black physician.

Less than two years ago the most notorious killer that Memphis has ever seen was captured by the Memphis police.

**WHITE KILLERS TREATED MERCIFULLY**

George Putt was wanted by the police for the murder and rape of five women. But police

did not shoot him in the back. In fact they did not shoot him at all, but captured him without a scratch.

Putt was a white man who had already been convicted of one of the killings and had been sentenced to die in the electric chair, a local attorney told Muhammad Speaks.

"This man stabbed the women and strangled them, he also mutilated their sexual organs," Bailey pointed out. But he was taken alive, and no one shot him when he resisted.

"There is no doubt in my mind that these shootings were spawned by white racism — if they had been white teenagers it never would have happened," Bailey said. White juveniles are usually counseled about similar types of misconduct and are later sent home in the custody of their parents.

**THE VICTIMS**

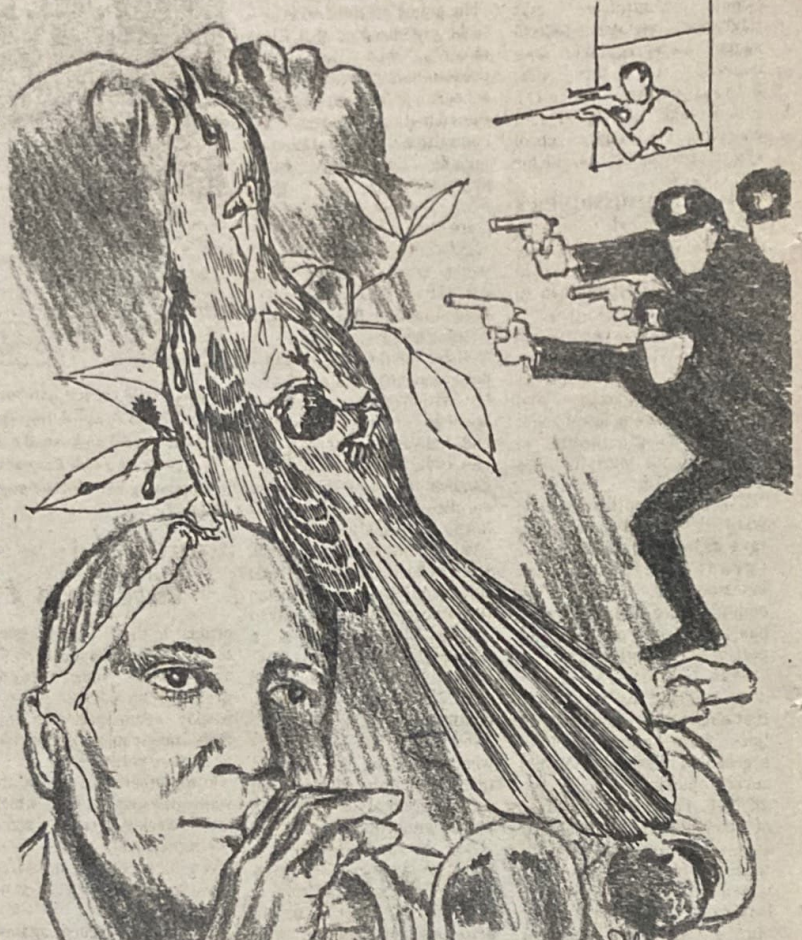

But they murdered the Black boys — shot them in the back — to "make an example" of them.

The dead and maimed are as follows:

Fred Lee Berry, 16, (killed) January 8 — "suspicion of burglary" — shot in the back several times — unarmed.

Eddie Hugh Madison, 14 (killed) January 12 — "suspicion auto theft" — shot in the back several times while "fleeing — killed in highly populated area. Several witnesses who recalled the event said the killing "was nothing but an execution."

## U.S. limits movement of U.N. Cubans

UNITED NATIONS. (AWA) — Cuban Ambassador Ricardo Alarcon has lodged a letter of protest against the US

government through the Office of the UN Secretary-General concerning "a long series of provocations, assaults, attacks and acts of harrassment against the Permanent Mission of Cuba and its personnel over the past ten years which have been carried out with the connivance, complicity of

passive support of the authorities of the U.N. host country." "These events confirm the long-standing view of my Government that the minimum guarantees necessary for the normal functioning of the U.N. do not exist in the United States.

More recently, a number of permanent diplomatic missions, including the Cuban Mission, have received anonymous phone calls in which the caller uttered insults and threatened the safety of the Mission's offices and personnel.

# 'Go down dead' Black code of Memphis

Ralf Valux, — 15 (under intensive care) shot in back — crime — "stealing beer from truck."

Raymond Steward, 22 (killed) suspected of burglary — shot more than six times. A young married couple who witnessed the killing said Steward was shot several times by both officers. The couple called the killing an "execution."

### MERCENARIES DRAW WAGES

Yet none of the guilty policemen has been taken off the payroll. The so-called "suspension" they were given did not interrupt their salary at all.

The murderous police are still free to kill another Black child, and nothing will be done about

it, not under the present administration, because in the words of Dr. Vasco Smith, "Memphis has a shoot-to-kill chief of police, who is taking orders from a shoot-to-kill mayor."

From the squalor of their own ruthlessness, Dr. Smith indicates, the white policemen, like mad dogs, wear the badge of fear. They are itchy and jittery, nervous and skitterish, they spook easily and shoot quickly and they enjoy killing a Black man.

THE IDEA of an old hate buried deep in the marrow of their bones or imbedded in the psyche of a total people did not seem possible to many Blacks here, but the vicious acts of the oppressor now leave little room to defend him.

### MEMPHIS' RECORD OF MURDER

Four young Blacks wiped out in ten days: "at this rate," Dr. Smith said, "the police will soon wipe us all out."

Memphis already bears the deep tarnished scars left by countless other murders of Black people.

This is the city where Martin Luther King Jr. was murdered, the city whose local police practically escorted King's murderer out of town.

Seventeen year old Elton Hayes was beaten to death by nearly 40 policemen a few short months ago.

Only a few arrests were made and a few of the murderous policemen were required to go down to the jail and post a

minor bond for their role in the brutal killings. And many of those implicated, especially those in the Shelby county sheriff's department, never even stopped drawing a salary.

The question, Why? has been asked time and time again, and it also has been answered, and there does not seem to be a new answer:

### ANGER BURNS IN EYES OF BLACKS

"This white man does not change, Brother," Dr. Smith told Muhammad Speaks. "His attitude is the same the world over."

After the latest outbreak of police violence the local NAACP is meeting daily, Dr. Smith pointed out; several other organizations are also meeting. The SCLC has

planned a massive economic boycott and legislation is being introduced locally to protect suspected "felons." And their is also unorganized street corner anger and bitterness because of the recent provocations.

SOMEWHERE IN the eyes of the Blacks on the corners here is a weariness. But mostly there is anger. In their strides and in their expressions, is anger — that anger that does not go away, but is so often suppressed, anger that is stored up as it was long ago in the venom - packed kitchen of our ancestors where Black slaves planned revolts. Where the force of oppression put ideas in the heads of Black people.

SURROUNDED BY youthful admirers is 'Fighting Shirley' Chisholm (right), leading Black presidential candidate, who is shown at Chicago's McCormick Place after recent talk before Catholic School Board there. If the Black congresswoman's notions of population control ever reach their ultimate realization, not many youngsters like those above will be around to greet her on future presidential campaigns, because they are the real targets of the programs she currently supports uncritically. (M.S. photo: Donald 11X)

BURGLARY AND street crime will be target of new three - year, \$160 million program which Spiro Agnew (left) and Attorney General John Mitchell (not shown) announced a meeting with mayors of eight U.S. cities including Kenneth Gibson (right) of Newark, N.J., whose run - down city is plagued by every problem and vice known to urban society.

# Convicted for death of two lawless 'storm troopers'

## Black youths sentenced in Louisville

LOUISVILLE, Ky. (LNS) — "As a matter of law, this is not a racial case — if you mention it again, I'm going to hold you in contempt," Judge John Hayes said to one of the defense lawyers. It wasn't a racial case? — two young Blacks accused of killing two white police officers, and one of them pleading justifiable homicide because of police brutality?

**THE TWO POLICEMEN** were part of Louisville's "casual dress squad" — plainclothesmen who patrol the Black community in slightly "hip" dress and drive a sleek-looking car with a big antenna.

One of the cops — Wilbur Hayes — was well known in the Black community. He had shot down an 18 year old Black youth who wasn't acting the way he wanted him to be, said local Blacks.

Hayes ran around with two double hip holsters and made some extra cash by being a pimp and a fence for stolen property. The night before he was killed he had pistol-whipped a prostitute.

The night of May 5, Hayes and his partner John Schaefer were driving around and came upon Michael, 18, and Narvel Tinsley, 22.

"Hey boy, what are you all doing in the street?" shouted

Hayes as he jumped out of the car after them.

"Hayes came down the alley armed like a storm trooper with a chip on his shoulder, hatred and male-violence for young Blacks," said Dan Taylor, Narvel's lawyer at the trial.

"Don't call me boy," the Tinsleys responded.

"Smart m-----, I'm

going to take you downtown," shot back Hayes.

Narvel and Michael, who were carrying guns paused to toss them into a ditch so they wouldn't be charged with possession of weapons.

"Get your a--- up against the car," shouted Hayes. "What are you f----- doing here?"

"We live here," responded Narvel.

With that Hayes grabbed Narvel by his left hand and the back of his neck and attempted to force him into the car. A shot rang out and Hayes crumpled and as Narvel ran off Schaefer too was shot.

The case finally came to trial at the end of October in front of Judge John Hayes, a former Kentucky prosecutor. The

courtroom was described by an observer as "an armed camp." There were guards all around and the doors were locked once everyone was inside.

ONE BLACK man who went to the trial pretty consistently said that guards acted "like a traffic patrol — whites in front and Blacks in back. Blacks sat in the last three rows under the air conditioner" which was cold and noisy. When a Black woman in one of those back three rows laughed, Hayes threw out all the Blacks in the courtroom.

The jury was lilywhite. Judge Hayes demanded that the defense submit a list of defense witnesses and when they submitted it he cut it from 26 people to three because he didn't like the others.

Hayes helped the prosecutor so much one person remarked "the judge was making objections from the bench and the prosecuting attorney was sustaining them."

Narvel testified about how after Hayes the cop (no relation to the judge) grabbed him and pulled him up against the car, "a bunch of shots" rang out and Hayes "kind of loosened up on me and I broke and ran. It was all so fast and everything."

The prosecution's main witness was David White, a Black about the same age as the Tinsleys who said he was there during the shooting.

While he didn't accuse Narvel of the killings he said he saw Michael stretch his hand out

THE TINSLEY BROTHERS come to court under police guard. The teenagers were sentenced to death on shaky (if any) evidence of slaying two white undercover police who brutalized Blacks and threatened to take Tinsleys' lives. All Blacks were thrown out of court by judge after one Black woman laughed out loud at ludicrous court proceedings. (LNS photos)

### A slice of life or death

INSTEAD OF using available food producing technology to provide malnourished women with the high protein diet they need for safe, healthy pregnancies, the Food and Drug Administration is planning to artificially enrich the iron content of bread by 150% despite this move's possible harmful effects. Many doctors and scientists say this means of boosting the iron content in the blood of anemic people can be fatal to people with certain blood disorders, including sickle cell anemia. Harvard's inhuman nutritionist, Prof. Jean ("Let them eat bread") Mayer, influential with the Nixon administration, supports the "enriched bread" plan. The big cereal monopolies also support the plan. Full production and fair distribution of meat, dairy and vegetable products would wipe our widespread anemia, but apparently this simple solution is not under consideration by the forces which control the U.S. government.

(Continued on page 28)

DAN TAYLOR, lawyer for Tinsleys, was taken away by police on contempt charges because he refused to obey judge's order not to make remarks indicating that Tinsley prosecution was 'racial.'

# Louisville lawlessness haunts Black youths

towards Hayes, heard a shot ring out and saw Hayes slump to the ground.

His story about who moved the bodies changed a couple of times; first it was he and the Tinsleys and then just him.

In cross examination, White admitted he dropped out of elementary school and couldn't write even though the prosecution had produced a written confession from him saying he witnessed what happened.

THE TINSLEY brothers sat together — the only Blacks in the front part of the room. They don't have many relatives so "they hung themselves" said one Black man working around the case. "They were into the surviving thing."

Oct. 27, the verdict came back. Both were found guilty of killing one cop. No fingerprint tests were ever made on the guns.

The judge used his right to "direct the verdict" and assigned one cop to each Tinsley (rather than what they were originally accused of — each killing both cops).

The judge informed the jury that they had evidence only to

find Michael guilty of killing Hayes and Narvel of killing Schaefer.

Even though no evidence at all was presented that Narvel killed either cop, not convicting him would leave Schaefer's body without a murderer — something not too

many white Southern juries would like.

The two were given death sentences with no regard for the complete lack of evidence against Narvel or Michael's plea of justifiable homicide.

Right after their convictions, Hayes also sentenced Narvel's

lawyer, Dan Taylor, to 54 months for 9 counts of contempt of court. Refusing to enumerate what exactly those were, Hayes said he was going "to do something that the Bar Association of this state should have done a long time ago."

Taylor, a Louisville lawyer

# How Civil Service discriminates against Blacks

By Charles Simmons

NEW YORK — Racial discrimination in the New York State Civil Service has come under fire by the Citizens Against Racism who have exposed illegal practices of the State Government in its methods of recruiting, exam-

ination preparation, promotion opportunities, and denial of educational advantages to Black employees.

THE EXPOSE became public with the suit of Dr. Max Hardeman against President of the New York State Civil Service Commission, Mrs. Ersa Poston. Dr. Hardeman is

current Chairman of the Greenwich Village - Chelsea NAACP Veterans Committee, and former employee in NY State Civil Service Bureau of Unemployment Insurance Accounts as a tax auditor.

Although Dr. Hardeman's name was 22nd on a Civil Service list among about one thousand applicants, hundreds of white civil servants with lower scores were promoted, while it is admitted that

Hardeman was not even considered for promotion.

In 1963, Dr. Hardeman noted during his three years with the Bureau of Unemployment Insurance, that many of the senior jobs went to persons holding a law degree. Hence, he requested a leave of absence in order to attend law school as was normal for his white counterparts.

In fact, Dr. Hardeman points out in his suit that 60% of the

white applicants who apply for absence - of - leave to attend law school are approved while Blacks in the same position are rarely granted such leaves.

HARDEMAN TOLD this writer that his bureau refused to act on his request for more than five years and when they finally got around to it, they turned it down on the basis that

they did not have the authority to grant it.

However, Hardeman said, "At the time there was continuous recruiting and there were 12 vacancies in New York City but they wanted me to come in for an interview when I've worked for them for three years, had a previous interview, had constant evaluation of my work which is a matter of record, and had passed the exam in 1965 for promotion with a rank of 22 out of about 1,000 applicants."

Hardeman says that there is widespread discrimination in hiring practices since there is not recruitment on Black campuses, and discrimination in allowing those Blacks already working to advance.

"For example, every time a Black auditor picks up a book to familiarize himself with a legal decision or look up a point of law, his supervisor always comes over and says: what're you looking for, boy? Anything I can do for you? He wants to answer your questions and not let you know what it is generally that impedes your progress on exams. So I would stay over and read to keep up with decisions, consequently I was able to write a good exam."

Since then, Hardeman has graduated from Wayne State University Law School receiving a Doctorate in Law and like his white counterparts, he has requested reinstatement and promotion. However, he has had to take the issue to court where it is now under appeal. The lower court decided that there was no racial discrimination, that it was too late to present the case, and that Hardeman has acted in bad faith.

**FURTHERMORE**, the case against Hardeman was argued by the New York State Attorney General's office which, Hardeman says, was illegal since they were representing an official who was not enforcing the law, that is, opposing discrimination.

The Civil Service officials have suggested that if there has been any discrimination against Dr. Hardeman it is because of his arrest in 1963 for protesting discrimination in the New York Building Trades which have systematically excluded Blacks and Puerto Ricans. That case was taken by Manhattan Burroughs President Percy Sutton. However, according to civil service law, political activities have no effect on hiring or promotion decisions.

## Test for Dems in Mississippi

JACKSON, Miss. — It appears that Black and white Mississippi Democratic Party members are bound for a head on collision at the party's national convention this year as rival delegate selection processes get underway here with no compromise in sight.

**THE TWO** antagonist are the party "regulars" composed mainly of diehard racist politicians who are now in control of the state's political machinery and political offices, from which they militantly exclude all but token Blacks.

Challenging the supremacist arrogance of this group is the largely Black "loyalists" group which has one factor in its favor — that is the national Democratic Party credentials bestowed on them in punishment of the "regulars" refusal to endorse national party candidates.

The question of who shall prevail as the state's delegation to the National Democratic Convention this summer will therefore fall in the hands of a predominantly white credentials committee, which past history has demonstrated is likely to seek to close rank with party regulars, as a surer source of strength rather than deal with

the higher concerns and uncertain support of Blacks.

Reports are rife that national party leaders are anxiously urging a compromise between the two widely divergent groups. To the Blacks this is disquieting and hints that they may be sold out again by the Democrats.

# OAU broadens base of attack

UNITED NATIONS, (AWA-) The Security Council is scheduled to meet in Addis Ababa, Ethiopia at the request of the Organization of African Unity beginning on Friday, 28 January and ending not later than Friday, February, 4, devoted to the "Consideration of questions relating to Africa which the Security Council is currently examining."

The Addis Ababa meeting has been welcomed by the Afro-Asian bloc countries, Panama suggested to the Council that meetings also be held in Latin America next year and offered to act as a host.

**GUINEAN AMBASSADOR, TOURE** said, "For our part, we think that now, more than at any other time, the Security Council, in meeting in Africa, is assuming before history a responsibility whose importance and significance are clear.

**IN SPITE** of the recent "goodwill" trip to Africa" by Mrs. Patricia Nixon, the US has led the opposition to the African-held Security Council Meeting although Ambassador Bush said he agreed with the idea "in principal."

The US, however, opposed the holding of Council meetings in a particular region to "bring pressure to bear" regarding specific issues affecting that region.

We know that as the result of the events being experienced in Rhodesia, these days, the African population is becoming aware and is manifesting in violent terms, its will to reject the well-known test of acceptability which is the agreement between the racist minority of Rhodesia and the

## United Kingdom (Great Britain).

"We also know that in Namibia the same winds of independence are spreading through the African population. We also know that in recent days the Portuguese Government has been increasing and multiplying certain desperate manoeuvres to divert international public opinion to a pseudo-independence or autonomy to be granted to the Territories of Angola and Mozambique.

For all these reasons, it is clear that now more than ever the Security Council should live up to some of its responsibilities concerning Africa, and we are gratified to note the fact that the Council itself has decided to meet in Addis Ababa, the seat of the OAU."

The Messenger of Allah Presents

# The Muslim Program

THE HONORABLE ELIJAH MUHAMMAD  
MESSENGER OF ALLAH

## What the Muslims Want

This is the question asked most frequently by both the whites and the blacks. The answers to this question I shall state as simply as possible.

1. We want freedom. We want a full and complete freedom.

2. We want justice. Equal justice under the law. We want justice applied equally to all, regardless of creed or class or color.

3. We want equality of opportunity. We want equal membership in society with the best in civilized society.

4. We want our people in America whose parents or grandparents were descendants from slaves, to be allowed to establish a separate state or territory of their own—either on this continent or elsewhere. We believe that our former slave masters are obligated to provide such land and that the area must be fertile and mineral rich. We believe that our former slave masters are obligated to maintain and supply our needs in this separate territory for the next 20 to 25 years—until we are able to produce and supply our own needs.

Since we cannot get along with them in peace and equality, after giving them 400 years of our sweat and blood and receiving in return some of the worst treatment human beings have ever experienced, we believe our contributions to this land and the suffering forced upon us by white America,

justifies our demand for complete separation in a state or territory of our own.

5. We want freedom for all Believers of Islam now held in federal prisons. We want freedom for all black men and women now under death sentence in innumerable prisons in the North as well as the South.

We want every black man and woman to have the freedom to accept or reject being separated from the slave master's children and establish a land of their own.

We know that the above plan for the solution of the black and white conflict is the best and only answer to the problem between two people.

6. We want an immediate end to the police brutality and mob attacks against the so-called Negro throughout the United States.

We believe that the Federal government should intercede to see that black men and women tried in white courts receive justice in accordance with the laws of the land—or allow us to build a new nation for ourselves, dedicated to justice, freedom and liberty.

7. As long as we are not allowed to establish a state or territory of our own, we demand not only equal justice under the laws of the United States, but equal employment opportunities—NOW!

We do not believe that after 400 years of free or nearly free labor, sweat and blood, which has helped America become rich and powerful, that so many thousands of black people should have to subsist on relief, charity or live in poor houses.

8. We want the government of the United States to exempt our people from ALL taxation as long as we are deprived of equal justice under the laws of the land.

9. We want equal education—but separate schools up to 16 for boys and 18 for girls on the condition that the girls be sent to women's colleges and universities. We want all black children educated, taught and trained by their own teachers.

Under such schooling system we believe we will make a better nation of people. The United States government should provide, free, all necessary text books and equipment, schools and college buildings. The Muslim teachers shall be left free to teach and train their people in the way of righteousness, decency and self respect.

10. We believe that intermarriage or race mixing should be prohibited. We want the religion of Islam taught without hindrance or suppression.

These are some of the things that we, the Muslims, want for our people in North America.

## What the Muslims Believe

1. WE BELIEVE in the One God Whose proper Name is Allah.

2. WE BELIEVE in the Holy Qur-an and in the Scriptures of all the Prophets of God.

3. WE BELIEVE in the truth of the Bible, but we believe that it has been tampered with and must be reinterpreted so that mankind will not be snared by the falsehoods that have been added to it.

4. WE BELIEVE in Allah's Prophets and the Scriptures they brought to the people.

5. WE BELIEVE in the resurrection of the dead—not in physical resurrection—but in mental resurrection. We believe that the so-called Negroes are most in need of mental resurrection; therefore, they will be resurrected first.

Furthermore, we believe we are the people of God's choice, as it has been written, that God would choose the rejected and the despised. We can find no other persons fitting this description in these last days more than the so-called Negroes in America. We believe in the resurrection of the righteous.

6. WE BELIEVE in the judgment; we believe this first judgment will take place as God revealed, in America.

7. WE BELIEVE this is the time in history for the

separation of the so-called Negroes and the so-called white Americans. We believe the black man should be freed in name as well as in fact. By this we mean that he should be freed from the names imposed upon him by his former slave masters. Names which identified him as being the slave master's slave. We believe that if we are free indeed, we should go in our own people's names—the black peoples of the earth.

8. WE BELIEVE in justice for all, whether in God or not; we believe as others, that we are due equal justice as human beings. We believe in equality—as a nation—of equals. We do not believe that we are equal with our slave masters in the status of "freed slaves".

We recognize and respect American citizens as independent peoples and we respect their laws which govern this nation.

9. WE BELIEVE that the offer of integration is hypocritical and is made by those who are trying to deceive the black peoples into believing that their 400-year-old open enemies of freedom, justice and equality are, all of a sudden, their "friends". Furthermore, we believe that such deception is intended to prevent black people from realizing that the time in history has arrived

for the separation from the whites of this nation.

If the white people are truthful about their professed friendship toward the so-called Negro, they can prove it by dividing up America with their slaves.

We do not believe that America will ever be able to furnish enough jobs for her own millions of unemployed, in addition to jobs for the 20,000,000 black people as well.

10. WE BELIEVE that we who declared ourselves to be righteous Muslims, should not participate in wars which take the lives of humans. We do not believe this nation should force us to take part in such wars, for we have nothing to gain from it unless America agrees to give us the necessary territory wherein we may have something to fight for.

11. WE BELIEVE our women should be respected and protected as the women of other nationalities are respected and protected.

12. WE BELIEVE that Allah (God) appeared in the Person of Master W. Fard Muhammad, July, 1930; the long-awaited "Messiah" of the Christians and the "Mahdi" of the Muslims.

We believe further and lastly that Allah is God and besides HIM there is no God and He will bring about a universal government of peace wherein we all can live in peace together.
