FROM THE HOLY QURAN, translation by Yusuf Ali, Sura 86:5-8

In the Name of Allah, the Beneficent, the Merciful; Peace and Blessings upon His Servant and His Messenger, Muhammad, forever. Amen.

As-Salaam-Alaikum

My Dear Brothers and Sisters:

I am baptizing you with the water that God has given to Me. It is the Water of Revelation, of Divine knowledge.

No matter how stony-hearted you may be towards us, under this baptism you will burst open and a testimony will spring up out of your mouth as water bursting up out of a stone.

You will bear witness, "Yes, Allah is God and Muhammad is His Messenger."

This is possible because you are not a devil. You still have something in you of the Original. You can be risen from the grave because you were not destroyed, only made dead.

But the Book says that the dead must rise. We in the Nation of

Islam bear witness that it is true because we are the fruits that have sprung up from a live tree. We know that we were once dead and that we were not a people. We were dead in the grave of the Bible.

But God's Truth coming from the lips of the Honorable Master Elijah Muhammad entered into our stony hearts and raised us up from nothing upon the surface of the earth.

The world now sees that we are a people.

### *We Will Come Back To Life*

I want you to clearly understand the reason for God's work in the first place and why He, Himself, had to do the work:

That which is from the beginning (eternity) did not have a need for anything. Only that which comes from the Original has a need for something because it has been separated from its origin.

Only that which has been sent out from God and has lost its connection with God, feels need.

That which is still connected with

God feels no need because God serves all needs and has no needs Himself. The physical sun is an example.

It gives its rays of energy to the earth. The earth receives that portion that it was separated from and is enabled to manifest its full power to grow life (vegetation, animals, and human beings.)

Without the sun the earth cannot grow life. Without God we cannot grow Divine Life on this earth. But if we are brought back in contact with the Origin (the Divine Being) and His rays shine upon our world that has been dashed away and cut off from Him, we will come back to life.

All Praise is due to Allah.

We will get that which was taken away from us in the separation (a period of time of dying and decaying away from our source). When we get that which was taken away from us, we will begin to grow Divinely in the earth. This is that time.

We will make ourselves whole again.

### *God Did Not Want To Exist Alone*

Our teachings say that God created His Works to manifest Himself as God. He was God, always has been and always will be. He is a God that hid Himself to let a particular work be done by a challenger. In the battle between the righteous force and the wicked force, His True Image will come out stronger and clearer before His creation so that He will have a witness for Himself.

He will have a reception for His Mercy, His Charity, and His Generosity.
