

ALLAH PROTECTS THE RIGHTEOUS

By Bayylnah Sharrieff

Why is not the South Side of Chicago plagued with storms, high levels of air pollution and terrible mishaps?

I HAVE LIVED in the Chicago area through three winters and have heard discussions of others who have lived most of their lives on the South Side of Chicago, that the winters on the South Side are much better than they used to be.

I have heard and noticed that the south side of Chicago does not suffer much from bad snow, hail, rain nor wind storms. Of course these conditions come but they are light, or they do not stay for but a few days, not weeks and months like in the majority of the Northern cities and states.

While the coastal regions of the United States are being plagued with bad storms and wether conditions, the South Sided of Chicago is spared.

Ask yourselves this Black man on the south side of Chicago, Why are you exempted from these storms? If you will just think about this, you will have more understanding about the power of God, Whose proper Name is Allah.

YOU ARE BEING DIVINELY BLESSED, Black man, because this is where the Messenger of God lives, this is

where the Honorable Elijah Muhammad lives.

You know Black man, from those Sunday school and Bible school days that if there was one righteous one among the wicked, that God would protect that one. We know from the Bible that God loved the righteous so much that He made Noah to build an arc to ride over the surface of the waters of the flood as he destroyed the wicked.

LOOK AT LOT and those who followed him out of Sodom and Gomorrah. Take a lesson from History my Black Brothers and Sisters. This is why we have history.

All of the plagues sent on Egypt did not effect Moses and those Jews who believed in His Lord and followed him. The hail storms which destroyed Egypt's crops and cattle did not touch Moses and his followers.

ALLAH IS DIRECTING his storms to the North side of Chicago, and to the areas where the whites live and where whites are in the majority.

I think that the city of Chicago should realize this: They are Blessed by the presence of the righteous being among them, and give to him, the Honorable Elijah Muhammad.

This will however, manifest knowledge of His Divine Blessings. His presence alone

is saving the city thousands of dollars from the cleaning up of the snow and the repairing of streets.

When Nineveh learned from Jonah that they were going to be destroyed because of being unrighteous, they asked Jonah what could they do to be saved, and they did what they were told and were spared.

Allah has not in the past history ever crushed his Messenger in the presence of the unrighteous. He always sends His Messenger and his followers into safety. Allah is well able to direct His storms to whom He pleases.

Do not you think so Black Brother and Sister? Or do you think that it is because of your mechanical knowledge of building? Or does your scientific knowledge teach you that they are the ones bringing the Blessings to the South Sided of Chicago? Ask the White scientists, they will tell you.

But as the Bible teaches us in the Revelations of John that they blasphemed the very name of Allah, who had power over the plagues, they yet did not repent of their evil deeds.

Think for yourself Black Man on the South Side of Chicago. It is not just Chance that you are being saved from terrible storms, but the presence of God in His Messenger, The Honorable Elijah Muhammad.
