

HATE AND SPOOKISM are adopting new faces in the USA. Old varieties like Klansmen — who transformed U.S. flag into symbol of hate, exploitation and war — have given way to astrology and witch cults. The paralyzed will of many whites is seeking energy from imaginary spirits. In California, a crazed killer, Zodiac, draws power from star worship, while popular comic strip, Dick Tracy, places the same kind of murderer before white children.

Astrology and Devil Worship: Rising Pseudo-Science and Religion For Deranged White America

The practice of witchcraft is casting its spell on thousands of white Americans today. In twentieth-century-caveman fashion, white Americans are traveling rapidly toward uncivilization. From the occult to the unreasonable they are adopting various unrealistic philosophies.

MYSTICISM is a big business. The following information was gathered from a *Wall Street Journal* article on the subject. A new New York store dealing in the occult says sales have zoomed 100 per cent in the past three years. A recently formed publishing concern specializing in mysticism now has 30 titles, ranging from an astrology primer to an occult dictionary, and are adding 8 new books a year. Hundreds of thousands of people buy computer-produced "personal" horoscopes at \$20 each.

Strange though he has always been, our former slavemaster is becoming stranger each day. Periodically, throughout history, there have been surges of interest in the occult, usually by the well-to-do, but psychologists and others suggest that there are new

explanations for the current fascination with mysticism.

"The closer we get to a controlled, totally predictable society, the more man becomes fearful of the consequences," says Mortimer R. Feinberg, a psychology professor at City University of New York. "Interest in mysticism is a regression to a childlike state of mind," Feinberg added.

Others lay the trend to increasing dissatisfaction with science and frustration over what scientists have not yet been allowed to accomplish. "We're on the moon," says one psychiatrist, "but we're also in Viet Nam."

Like a boomerang the "haunts and spooks" that "old boss" put on our ancestors' minds are coming to haunt his own children.

We find thousands of modern white Americans worshipping the devil his forefathers had taught slaves to fear.

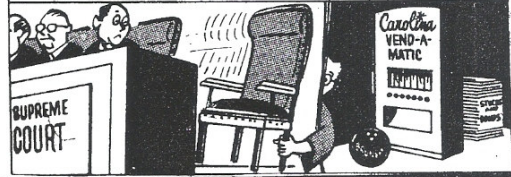

Devil worship or satanism, has now emerged as an admitted religion of Euro-America. "Rosemary's Baby" has done more for us than anything else," asserts Anton Szandor La Vey, high priest of San Francisco's Church of Satan. (He was technical

adviser and played Satan in the movie.) Mr. La Vey, a 39-year-old former lion tamer, isn't averse to publicity for the church he founded three years ago which he now brags, has 7,000 members.

"I AM very much a devil's advocate," he says with a grin. La Vey has a trim mustache and goatee and often wears horns and a black cape. "We are pleasure-seeking individuals who want to throw off the stifling factors of denial and other hypocrisies," he says. Sex plays a big part in the weekly nighttime service (a nude red-haired woman is used as the altar) but Mr. La Vey claims his religion is "nonorgiastic." The high priest says his followers cast spells "for the usual kinds of things—more money, romantic liaisons and destruction of one's enemies."

A major portion of what you see and read about is nonsense," admits Curtis Fuller, publisher of *Fate* magazine, another journal of the supernatural. Citadel Press which has about 15 books on mysticism reports sales are booming in the "college areas," particularly New York, Chicago, Boston and Southern California.

SEN. EASTLAND (D-MISS.) SAID "WE HAVE IN JUDGE HAYNORTH A MAN WHO IS PROFESSIONALLY AND ETHICALLY QUALIFIED TO TAKE HIS SEAT ON THE U.S. SUPREME COURT."

'Vietnamization' A Phony Phrase

TOKYO—The Nixon Administration's Madison Avenue slogan, "Vietnamization of the war," was denounced as a way of prolonging the U.S.'s war of aggression against Viet Nam. Chou En-lai, premier of the People's Republic of China, and Pham Van Dong, Premier of the Democratic Republic of Viet Nam ("North Viet Nam"), made the charge in a joint statement.

THE TWO leaders said that the United States is "doing its utmost to carry out the so-called 'de-Americanization' or 'Vietnamization' of the war, expand and equip the puppet troops, and strengthen the puppet regime, in an effort to drag out its war of aggression against Viet Nam, so as to

attain its criminal aim of perpetuating the forcible occupation of southern Viet Nam and the division of Viet Nam."

They reiterated their demand that Western and puppet allied forces must unconditionally pull out of Viet Nam to show they sincerely desire peace.

THE PRESENT course of slow troop withdrawal, touted by the administration, is a bone tossed to the U.S. public in hopes of silencing mounting peace protests.

The October 15 Moratorium showed that U.S. citizens can no longer be fooled by empty gestures and verbal trickery.

Korea Harassed

by U.S. H-bombs

TOKYO (LNS)—American B-52s loaded with hydrogen bombs have been flying near Communist China and North Korea on regular patrol missions according to Kyodo, the Japanese News Agency.

THE PLANES had been flown from Guam into Okinawa on the pretext of taking refuge from a typhoon last year, and remained ever since. There are reports that these planes have been engaged in bombing missions over Vietnam.

The U.S. Defense Dept.'s reticence in either confirming or denying the reports is based on the fact that they do not discuss the location of nuclear weapons or the activities of the Air Force. The State Dept. won't say anything either.

Green Berets Have Unlimited Funds?

A Chicago newspaper columnist recently reported that the 3,000 Green Berets in Viet Nam allegedly have some 50,000 native informants (spies) on their payroll.

THE FUNDS at the Green Berets' disposal and several other scandalous facts reportedly were responsible for the dropping of the murder case against the top Berets.

THEY REPORTEDLY are paid in cash with funds at the disposal of the Green Berets, who are the only ones to know how the money is used.
