

What Islam Has Done For Me

Black Women Are "Real" Mothers of Civilization

By Sister Beverly 4X
Mosque No. 7D

For the past 400 years, the Black woman has been subjected to a brute beast—the white man. We, the original Black women of the planet Earth, have served him faithfully; he, in return, has stripped us totally of our morals.

YET WE ARE the real "mothers of civilization," as the last Messenger of Allah, the Most Honorable Elijah Muhammad, teaches. The other women of the world are more civilized, more respected and protected than we are but this can be changed.

Allah, who came in the person of Master Fard Muhammad—to whom praise is forever due—has sent us, the so-called American Negroes, one from among us whose wisdom is infinite. He is able to make us the most beautiful women the world has ever known.

In his book "Message to the Black Man," the Most Honorable Elijah Muhammad refers to us as a "crop." He said, "The woman is man's field to produce his nation. If he does not keep the enemy out of his field, he won't produce a good crop."

The Messenger of Allah is telling us in these few words how worthy and precious the female is to the Nation of Black people. One of his greatest desires is to see that all the so-called American Negro women come into their own religion, the religion of Islam—the true religion.

IN THE BOOK, Messenger Muhammad also recalls his trip to the East in 1959, and says, "Everywhere we went, the Black man had respect for his woman."

Just reading that makes me wish that all the Black women in America would follow the true Messenger of Allah. If they did so, they would be the most respected women in the world.

Messenger Muhammad has said, "Black women are the queens of the Planet Earth." Let's wake up, Black women

and, live up to our title. Reclaim our own, for Islam is truly our own.

Outlook On Life Changed Since Becoming Muslim

By Sister Jacqueline X
(Goodwin)
Mosque No. 13

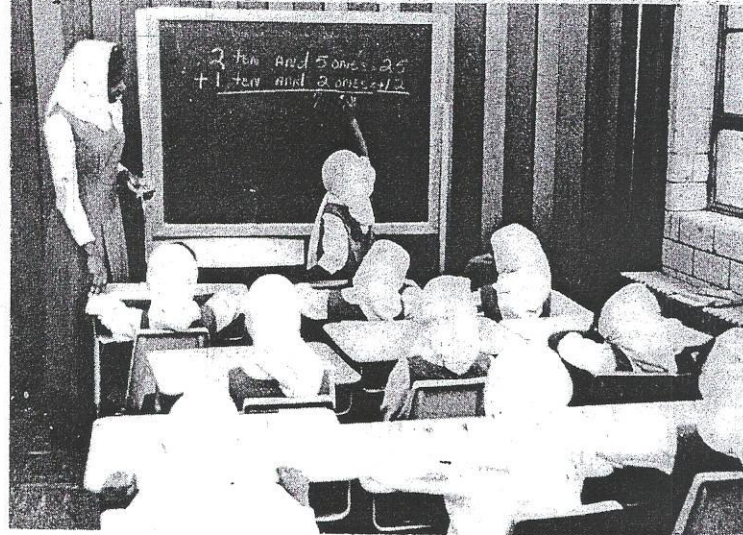

Since I have become a Muslim, my whole outlook on life has changed. I find I have more self-confidence. I find myself looking forward to the days ahead

BEFORE COMING into the knowledge of self, my attitude was different. Hearing the teachings of the Honorable Elijah Muhammad is the greatest thing that could ever happen to me. I have learned so much since becoming a follower of the Honorable Elijah Muhammad, but I realize there is so much more for me to learn.

We, the Black people in the wilderness of North America, should realize that following the devil's ways, using the devil's styles will only lead us down the devil's path. This, we know, is the path of destruction.

It pleases the devil to see Black men and women using his styles, etc., because he knows these things were not meant for the Black man. We, the followers of the Honorable Elijah Muhammad learn that we don't try to please the devil by submitting to his way.

Every Black man and woman in the hells of North America should unite behind the Honorable Elijah Muhammad in the Nation of Islam, where true happiness can be found. Without a united nation, there is no hope for the Black man in the wilderness of North America.

EDUCATIONAL PROGRAM of the Honorable Elijah Muhammad, as exemplified in this class session on the fundamentals of mathematics, has aroused interest throughout the world. It

constantly produces superior products to cope with the modern world and strive for true freedom, justice and equality for Black man in America.

Money Crisis Ruining Euro-America

(Continued from page 30)

meeting to fall completely. Nothing was settled.

On Nov. 20, a second bitter meeting was held by the same financial bosses. The U.S., Britain and France wanted West Germany to revalue the German mark. This would drive up West German prices on the world market and thus help West Germany's competitors. Germany refused and is now strong enough, thanks to the European re-building of Nazi-land, to make a refusal stand.

Germany insisted that the French devalue the franc. But any significant devaluation of the franc would make French goods cheaper on the world market and thus hurt the British pound

and eventually the dollar.

France, however, refused to change the franc, so the second meeting failed like the first one.

TODAY, the franc and dollar are still unstable. Other currencies like the Canadian dollar and Japanese yen depend on the strength of the U.S. dollar. All of the attempts to maintain their tottering economic position have led the Euro-Americans to tighten the screws on the people inside their own countries. For as the once-slaves and colonized

peoples shake off the exploitation, the rich class forced to try to apply bonds on their own people.

The exploitation-based economy of the West is in the grip of inevitable decline. When the Euro-American begin to resist the harsh economic measures applied against them by their rulers, the "the devil" or "the beast" progressive peoples refer to racist exploiters—is almost complete.
