MUHAMMADS

# The Black woman

By Dorothy Wedad  
Part II

The Honorable Elijah Muhammad, Messenger of Allah—Who came in the Person of Master Fard Muhammad, to Whom Praise is due forever—has been teaching for more than 40 years that the devil (white man) will do anything he can to destroy the Black man in America. The passing of legislation to legalize abortion is among the white man's latest tricks to destroy the Black man in America.

The Birth Control Pill was very popular at one time but Black women began to have side effects which put a cancer scare into them. So, being the devil, he said "well if I can't prevent them from conceiving, I'll make abortion legal, and I'll kill them before they can be born." So, he tricked the Black woman into believing that pregnancy in its early stages was really "nothing."

Knowing that by nature, the Black woman would never outright kill her baby, he painted a false picture of "nothingness" to this small mass of life which had not yet taken form. The Most Honorable Elijah Muhammad teaches us that at the very minute of conception, a human life begins.

As the Messenger teaches us, the devil, knows that we are righteous people by nature, so, he attempted to ease the Black woman's conscience by telling her she was not wrong to have an abortion because she was destroying a "Nothing." But the poor Black sister did not think. She should have asked a woman who had felt life within her body, whether that was the movement of a "Nothing," or she should have touched herself, for she too was once a "Nothing."

No Black Mother would kill her child after hearing its cry, touching its tiny hands and feet. Then why Black sister, would you snuff out its tiny life before it is born? Many say their husbands do not want the baby or they can't afford it. This only points up how sick we are as a people and how badly we need to be operated on by the Messenger of Allah to remove these diseased devil's thoughts from our brain.

Here is the Black man, the creator of heaven and earth, who has been so thoroughly robbed of the knowledge of self by the devil (white man) that he would destroy that which he created.

Until Almighty God Allah Came in the Person of Master Fard Muhammad and raised up the Honorable Elijah Muhammad we were less than dumb animals. They at least will fight till death to defend their young, but not us. We have been so destroyed by this devil, white man, that we kill our young in anyway we can, before they even have a chance to live.

Every Black woman in America should flee to Messenger Muhammad. He is the only one who can save us from this white man's tricknology. Tell the white man we are not interested in women's liberation—another trick to steer our minds from motherhood.

We have nothing to be liberated from. How can we be liberated from having children when by the very laws of creation, this was our purpose. The Muslim woman is happy to rediscover herself.

The Messenger teaches her that she is man's heaven, and he teaches her how to go about making heaven for her husband. She learns to submit to her husband and to love and comfort him and treat him kindly and in turn he is her protector and her provider. This makes for a happy Muslim family when everyone is functioning in his own capacity.

**ALL BLACK WOMEN** who read this, who have birth control pills in their possession—give them back to the devil. Tell him to give them to his own woman. Tell him to perform abortion and butcher up his own women. Be aware of his trick to remove your organs under pretense that they are diseased beyond repair. Give him back his heavy duty jobs of carrying mail, bricklaying, taxi-driving and other jobs that men should be doing which cause you to have female troubles and be harassed by every man on the street.

Let us stop trying to do men's work and leave these jobs for Black men. If the Black woman would stay in her place, men could find work, and support them like they should. Take an about face right now Black woman and follow Messenger Muhammad to self dignification.

## Life of dignity for Black woman

As a Black Woman in Islam, under the teachings of the Most Honorable Elijah Muhammad, my plan, purpose, and desire in life is to serve Allah with honor and graciousness and represent the Black Woman, "The Mother of Civilization."

Before coming into the blessing of understanding, I was lost from my own, The Nation of Islam. It is a necessity for building a strong healthy nation of peace, love and unity.

I had been lost from thousands of Black men and women that I can claim as my own brothers and sisters. I can only give thanks and praises to Allah for raising in our midst, such a Divine leader and teacher as the Honorable Elijah Muhammad. All praises are due to Allah for such an inspirational leader, The Messenger of Allah.

For those of us, who have not yet, felt the inner comfort of being truly respected and protected, by Black men, then I can only say: The followers of this great man are Black men of The Highest Glow of Excellence.

The Nation of Islam is truly a blessed Nation to have perfected such unity among Black men and women. A nation that has such Supreme knowledge, devotion, and leadership.
