

Can America Exist? Part II

God Blessed America

By

Elijah Muhammad

Messenger of Allah

The coming of the white man to the Western Hemisphere was for the purpose of expansion away from his brethren in Europe. Europe was divinely given to the white race as a home when they were driven out of Arabia six thousand years ago to abide there on that continent until their day of reckoning comes to them.

THESE ARE the days of reckoning for the white race as their religious scholars and scientists agree. But because of their nature (evil) they cannot help doing evil things against the righteous. They make war against the righteous (the Black Man) to prevent him from accepting righteousness and the doings of righteousness.

Today the Black Man in America is a prey into the strong, powerful hands of his enemies (the children of their slavemasters).

For 400 years the slavemasters have mistreated their slaves and now in the day of their redemption they are doing everything possible to deceive them from accepting their salvation that Allah now offers to the Black Man of America.

So strong is Allah's love for us that He now desires nothing but a total destruction of America.

They hate me with a bloody hatred and they try to kill me for teaching the truth to my people. They do not want the Black Man of America to enjoy Freedom, Justice, and Equality.

Look what they did to Martin Luther King, a man who was trying to be their brother, a man who publicly taught that they did not want to draw the white man's blood. He said if there was any blood to be spilled, let it be the Black Man's blood. His word came true. Poor Man.

He was without the knowledge of self, his God and Religion and so filled with fear of his 400 year old enemies, that he could never get salvation for his people from their enemies.

AMERICA has been blessed ever since her fathers came across the Atlantic out of the confines of Europe until this day. Now for her evil done to her slaves, God threatens her with total destruction.

America and Germany are the most evil of the

white race. These two governments have been blessed but they have not shown any worthwhile respect to Allah for His Blessings.

Allah caused people out of all Nations of the earth to come to America (They came seeking a heaven in her but those who came were evil too), as the Revelation in symbolic language teaches (Revelation 18:2) "And he cried mightily with a strong voice, saying, Babylon (America) the great is fallen, is fallen, and is become the habitation of devils, and the hold of every foul spirit, and a cage of every unclean and hateful bird." There are no people nor country on the earth who will fill this prophecy better than America and her people.

She has become a house filled with evil practices with every member of the nations taking part.

Yet, she has been blessed with her great harvest of food, which is enough to feed the nations of the earth; with her great advancement into the heights of mechanical knowledge and with her great wealth in silver and gold that enabled her once upon a time to command the value of silver and gold of the world. But, as it is written, in all of this growing up of wealth and power, the ax of justice was laid at the root of this great tree of prosperity and authority of the nations of the earth to be used by a Holy One to put a stop to their evil practices and injustices to the righteous.

America has prospered from the labor of her Black slaves. She pays the Black Man high wages and salaries and then takes them back from him through high cost of living. This high cost of living or trying to live according to the way the white man lives, keeps the Black Man down. And, when he has acquired the education of the white man but is unable to compete with the white man, he has become dissatisfied to the degree of creating trouble to find a way to self prosperity against the will of the white man which is to keep the Black Man in a condition of poverty, want and disrecognition as an equal human being. Yet, while the white man teaches that all human beings are created accordingly, at the same time he robs the Black Man of a chance to be the equal of other human beings.

CAN AMERICA EXIST with all of her wicked doings against the Black Man of America, while keeping the Black Man in America in a state of inequality with other human beings?

(TO BE CONTINUED)
