

COMING OF THE SON OF MAN

Cont'd.

(Continued from page 21)

The Son of Man is born clean and pure and he's not born just to be another child because he is born to rule. In Judaism, the child's head is anointed and he is pronounced king because he is accepted as the authority. His people believe that as such he has become grown in knowledge and that he is the Son of Man.

However, the Jews have misinterpreted this to mean that the individual is the Son of God. That's how Christians got mixed up with the idea that Jesus is the Son of God.

Christians lost the Supreme Wisdom that the idea expressed from the mind contains the mind although it may not contain the whole mind. If you want to see a person's mind, look at his message because the mind of the speaker exists in his message.

The mind of God exists in His revelation and God's revelation is the Divine Mind. So, the prophet is not a son of God but he is a son of Divine Revelation because Divine Revelation produces him.

MAN CREATED ON A HIGHER LEVEL

The first revelation of the Holy Quran is, "Read in the name of your Lord who created the man from a small clot." The Scripture goes on to say, "Read in the name of your Lord who is full of unlimited bounty." Lord here means that God has formed you and then developed you until you got strong enough for Him to leave you, and you were able to manage materially by yourself.

God created man from a semen drop and from the germs in the womb which together formed a clot. The clot shows that a form is being born. Yet, man should not think that that is the limit of God's ability to create.

God creates the human being on a higher level. He enables him to grow economically, intellectually,

morally, spiritually and socially.

DIVINE MIND IN MAN'S REACH

In the last revelation of the Holy Quran it says, "Say to Israel," but the man couldn't say anything to Israel before he had read something from the Divine. The last revelation of the Holy Quran wants to connect the man with something that he has been missing; that is, you can't say until you read.

The Divine body of truth (Holy Quran) is available to anyone who can read and if an individual can't read, the Holy Quran still is within his reach. Anyone who can recite what has been written can bring it to him. The Divine Mind that is in the reach of all of us is the Holy Quran.

DIVINE TRUTH PRODUCED JESUS

The Divine Mind or the Divine Truth that produced Jesus was the pure scripture that God revealed to him in the body of corrupt scripture that the Jews and other people had during Jesus' time. He studied the Divine Truth that was revealed to him in the knowledge that was available in the world in his days.

Jesus didn't come into the world complete. Like everybody else, Jesus came into the world, studied and grew. The Book is telling us in plain and simple language that Jesus was no freak of nature. He loved God and the Divine Truth, and he studied that truth, became sanctified and grew in knowledge. That's how Jesus became the Son of Divine Mind or the Son of Man since the Divine Mind is an expression of the realities that is God himself.

EXPRESSION OF DIVINE REALITY

We are using the term "expression" rather than the word "manifestation" because manifestation has been corrupted in theology to mean incarnation.

When we say that God

manifested, we do not mean that He incarnated. Some people may think that we mean that God is in the flesh body and that He walks around in that flesh body. Also, they may think that we are saying that His presence and His world are limited to the particular flesh body.

When we say that God manifested, we mean that that body of knowledge (Divine Truth) that enables us to see God is an expression of His very presence, reality, and being.

GOD'S MIND RULES SON-OF-MAN

If Divine Truth is received into any person and that individual conforms his mind in perfect accord with that Divine Truth, then it is Divine Truth that is living within the person. The individual lives on Divine Truth and he is dominated and ruled by Divine Truth.

When a person has no conflict between his own mind and that body of Divine Truth, he can be called a person who is an expression or manifestation of the presence of Divine Truth in himself. We don't mean that the person is God, the Creator or the very Being that started the universe into existence. We mean that the Creator's mind as it is contained in the Divine body of knowledge (Divine Revelation) is in that person.

God's mind dominates the individual who receives Divine Truth and is in accord with that truth. In dominating the man, God's mind rules out everything else that is in the individual. When Truth rules in a person, he is walking truth or walking Divine Revelation, which means that he truly is the Son of Divine Revelation or the Son of Man.

Thank you for honoring us with your time to read these few words.
