F CREATION

END OF TIME FOR THE JINN

We want the Jinn type people of all races and colors to know that the time is out for the world of the Jinn (Caucasian mentality). This is the prophesied time of God, the time of Divine.

Although Divine is Original, It doesn't manifest Itself first in the world. It manifests only after the destructive power of the Jinn has reached its fullness and accomplished all that it has power to accomplish.

The Divine is from the beginning and Its origin is God, Himself. It comes out from God and manifests Itself in the world as a sleeping germ. When Divine hears the trumpet blast of God saying that it is the end of time for the Jinn, It rises up into Its power and begins to take over Its rightful rulership of the world.

PURPOSE OF PROPHETS AND MESSENGERS

Before the final day of the Jinn, we have the Divine in us rising up ever so often to check his wildness. It points out the destructive, evil, and savage nature in him. It warns the people of the quick coming of their "Doom's Day" if they continue to follow the Jinn. That has been the purpose of the Prophets and the Messengers of God.

They warn the people about following the path that leads to destruction but they also tell them to learn from the evil of the Jinn so that they can grow in knowledge. Then when the day comes for the righteous to come into power, they will have already grown into some Divine strength.

The Divine World has been growing from a sleep-like state gradually into full strength so it would be ready to rule when the time comes.

GRAFTED MIND OF THE JINN

The Jinn is born out of the womb of fiery passions of the physical body. Even though they learn to control the hot winds or fires of the physical body with knowledge, they never leave that nature or form of opposing the natural nature of God. When they grow to the degree that they can control their flaming passions of physical desires, they belong to the race we call "devil" or "Satan."

The devil beast of grafted, white Caucasian mentality rules all the colors of people of the Jinn race. Your mind, Black Brother and Sister, has not been created to be successful with Jinn tools of lies, wickedness, vices, and criminal activity. Their minds have been grafted to be successful at these evils and all that they are taught from the pulpit on down was designed to make them powerful contenders against the Truth and Righteousness of God.

YOUR STRENGTH IS TRUTH

Whenever you try to step into the filth of the Jinn world, you are stepping down from your elevated nature with God. Your strength is Truth (Divine Nature) and if you want to survive on this earth, you had better keep climbing up that ladder.

Why should you choose to be a servant in the devil's kingdom at a time like this when the Sun of Truth is beaming its brilliant rays of Divine Light for your glory. I am telling you what the word from heaven is saying: "Come into your power, O Mighty King, and sit on the Throne to rule all the nations."

WE CANNOT BE DESTROYED

As hard as we are working to deliver to you the Wisdom of Divine Mind, some of you retreat back into darkness and accept the invitation to come into the petty foolishness of

a white mentality. You go into his cheap vices, his world of lies, and end up as a super-fly dope king or carrying a gun for some crooked-minded devil.

You don't have the sense to make a gun, but you have the wickedness and dumbness of the brain to pull the trigger. You are a slave of the devil and a pitiful brother.

TIME IS OUT FOR FOOLISHNESS

I want all crooked-minded and evil, weak devils who think they can destroy the Nation of Islam to know that their evil desire is hopeless. There is no way to destroy the Nation of Islam. If they have so much power, I would like to see them try to repair the damage that Almighty God has hurled against their world.

The Nation of Islam will grow into its Divine form with the Power and Protection of the Wisdom of God, Himself. No one can guide us but God, Himself.

Accept the Wisdom and the Guidance of Almighty God, Himself, and take your rightful place in the glorious Heaven of Eternal Life. You have been created to be the Crown of Creation.

Thank you for honoring us with your time to read these few words.

As-Salaam-Alaikum
