

COCKATRICE

The Honorable W.D. Muhammad
Chief Minister

whole community were unable to rejoice because they were not wholly free.

Also, something was getting ready to happen that was going to put them in more bondage and under a greater darkness than they ever had experienced before. It would be a grafted religion that would deceive the people and be beyond their scope of knowledge.

"THE SERPENT'S ROOT"

"Out of the serpent's root" lets us know that although the truth that Jesus had brought had cut down the tree (knowledge) of the wicked, its roots yet were alive. This meant that the old lying, hypocritical teaching of Jacob still was not dead.

These were the roots that had not yet manifested themselves completely, but the prophet was wise enough to see the direction in which Jacob was going. He didn't know the fullness of it, but he knew that a cockatrice was being formed.

So though the tree was dead on top of the ground, its roots of dualism yet were alive. Dualism was a philosophy built upon negativism and positivism, sex division in male and female power, a belief in warring adversaries in the godhead contending with each other for power. It also was based upon a belief in white as interpreted from light to mean that one people are superior to another because they are brighter in skin color. The root, therefore, would provide a basis for the evil rule of White Supremacy.

TRINITARIAN DOCTRINE

76. They do blaspheme who say: God is one of three, a Trinity, for there is No god except One God. If they smile at it, they will be from their word of blasphemy, Verily a grievous penalty, Will befall the blasphemers Among them.	لَا إِلَهَ إِلَّا اللَّهُ الْوَاحِدُ الْقَدِيمُ الَّذِي لَا يَأْتِيهِ الْهَوْلُ وَالْخَلْفَةُ لَا يُدْرِكُهُ الْبَصَرُ وَلَا يَحِيطُ بِحُجُوبَاتِهِ فَسَبِّحُوا لَهُ مِنْ حَمْدِ رَبِّكَ قَائِمًا وَقَائِمًا وَجَاهِدُوا بِهِ عَسَىٰ أَنْ يَكُونَ رِجْأَكُمْ إِلَى اللَّهِ وَلَا يُغْنِي عَنْكُمْ كَيْدُكُمْ إِنَّ اللَّهَ عَلِيمُ الْمُقْتَدِرِينَ
77. Why later they not to God, And call Him Trigonous? The God is One, God One, Most Merciful.	لَا إِلَهَ إِلَّا اللَّهُ الْوَاحِدُ الْقَدِيمُ الَّذِي لَا يَأْتِيهِ الْهَوْلُ وَالْخَلْفَةُ لَا يُدْرِكُهُ الْبَصَرُ وَلَا يَحِيطُ بِحُجُوبَاتِهِ فَسَبِّحُوا لَهُ مِنْ حَمْدِ رَبِّكَ قَائِمًا وَقَائِمًا وَجَاهِدُوا بِهِ عَسَىٰ أَنْ يَكُونَ رِجْأَكُمْ إِلَى اللَّهِ وَلَا يُغْنِي عَنْكُمْ كَيْدُكُمْ إِنَّ اللَّهَ عَلِيمُ الْمُقْتَدِرِينَ

Holy Quran - Yusuf Ali Translation - Surah V. Verses 76 - 77

The three - formed bird or cockatrice is the Trinitarian Doctrine. You might say, "This can't be Christianity." You don't understand the tricks of Satan. He tells you that Christianity is spiritual but he gives you a physical Christ. He puts your mind on Jesus' physical blood, heart and suffering in order to make you physical.

The Church teaches that the three forms of trinitarianism are the "father," "son" and "holy ghost" or the "three - in - one god." The Bible presents these forms in one bird, the rooster or prophet Jesus.

The father is distant from us and the New Testament doctrine in the Bible as it is preached by Christians is designed to put the father out of your mind, as evidenced by the fact that most Christians don't call on God, the father, but Jesus, the son. They call on the one that they can see with their physical eyes and that is the white man on the cross.

This is a natural weapon of deception that the wicked created and put in religion to reach all people because they realized that all people are open to God.

DESCRIPTION OF DEVELOPMENT STAGES

The wise ancient people used a bird to describe the highest form or step in the evolution of man's upward movement. A bird is able to break free of the physical gravitational pull of the earth, thus it is not held by materialism. Not only that, it also has the power to ride the air of emotionalism. The man crawls, walks and finally he is able to fly.

ROOSTER

The cock means a male chicken or rooster and cockatrice means that he would have three forms. Rooster was an old name or symbolic term for prophets or messengers of God.

A rooster is not a bird that likes to go high in the atmosphere. Some birds like to fly and soar, and they are birds who like the emotional environment, but the rooster only takes wings when it is necessary. He just has enough power to help him get off the ground to a slightly higher place such as the top of the barn where he assumes his post as the vigilant or watchman. He spots the dawn before any other chickens and he crows to announce its approach.

The prophet, imam or spiritual head is like the rooster because he sees the sign of light (knowledge) before anybody else. He announces to all of the people that light, truth, supreme wisdom or knowledge is the only way and that they can get the benefit of its early rise.

THE FRUIT OF THE COCKATRICE

Palestine, at the time of the prophet's warning against the whole community rejoicing, was not about to receive a rooster. It was about to receive a cockatrice with a fiery sword which is symbolic for the tongue.

The cockatrice would bring a body of knowledge (fruit) that was not like light but like fire. This fruit would be harmful and destructive and it would rise above all of the other knowledge of the world.

This was a prediction of the prophet that the falsehood and corruption that had been slowly
