

Baton Rouge

'We, the Muslims, have nothing to do with what happened in Baton Rouge, Louisiana.

'I do not know the Black Brothers who had this fight with our enemy. But I love all of my Black People, and my mission is to try to save my Black People. I do not want to see my Black People destroyed.

'I did not know of this trouble between these Black Brothers and our enemies, but I can say with all of my heart that I love my Black Brothers regardless to where they are.

'They were only fighting with those who were fighting with them. And that is THE LAW OF NATURE.'

The Honorable Elijah Muhammad
Messenger of Allah
