

QUALIFICATION IS A MUST

ADVANCE EDUCATION!

THE BLACK MAN of America must be QUALIFIED with the most modern advanced sciences in education of the Nations in order to compete with them and enable the Black Man to go for self.

WE MUST remember, as Black People, that we have not been trying to do anything constructive for self with the education that was given to us. We cannot blame white America for not giving us a chance to educate ourselves to do something for self.

I THINK, and perhaps you and I would agree, to give the proper credit to our white slave-master's children, for they have done a lot of good for us, in the way of education.

CERTAINLY, I agree with you that white America has not given

EQUAL education to us. This is what we have been asking for all the while, but naturally we must remember that they are our white slave-masters; they are not members of our Black Nation whom we could blame for failure to perform the act of a brother.

THE WHITE slave-master's children are strangers, aliens to our own Black Nation, but yet I repeat, we should give credit to whatever good that they have given to us, before we charge them otherwise, for they cannot help from doing evil because their nature is made of evil and not of good. You expect good from the white slave-master's children and this is a mistake that you make of them. You expect from them that which nature did not give to them. The white race has the knowledge of

good and they know to do good, but they cannot do good for they are hindered by the nature in which they were made.

WHITE AMERICA has opened many branches of education that you and I could use to serve the purpose of qualifying ourselves to do something for self. There is no branch of education, business, manufacture, agriculture or chemicology that the white man has not given us the opportunity to obtain some knowledge of it.

TECHNOLOGY is what we need most now with which to build upon for self. This knowledge is available to you and me and every Black brother who has aspirations for self and his Black kind. There is other education obtainable up to college and university. I say that you should enroll in Institutes of Technology. This is what you need now

in order to qualify yourself to build a Black People and Black government for yourself.

WE ARE at the door of an advanced change of civilizations. In order to compete with the advance change of civilizations in the modern way of changing, we must qualify ourselves along with them. This means that we must seek the highest and most advanced sciences of education. We cannot do this in integrated schools. We must do this alone.

WE THANK Allah (God) for the education that the white man has given to us. We must be thankful for what they have given to us.

WE must go after higher science in mathematics and the knowledge of how to dig into the earth and bring out of it the treasures of the

earth which it holds for our necessities. We must learn how to protect our health from the enemy of our health.

WE MUST learn how to train our children into the knowledge of self and into higher education from the kindergarten to the universities. We must get away from that old kindergarten of letting our Black children lay around and play and stay there for months studying the alphabet. We must use the faster method of advanced education in order to begin our Black Children's qualification and keep them busy studying while in the classroom instead of playing.

The Filth That Produces The Filth.

Holy Quran (7:27) O children of Adam, let not the arch deceiver seduce you, as he expelled your parents from the garden, pulling off from them their clothing that he might show them their shame. He surely sees you, he as well as his hosts, from whence you see them not. Surely We have made the devils to be the friends of those who believe not.

This happened to the Black People who followed Yakub from Arabia. He pulled off, from their original Self, the clothes of Righteousness and the clothes to cover their shame; and then made them to go nude in the
