(New Haven, Conn.)

Visiting Muslims from Sudan and Pakistan, anxious to meet followers of the Honorable Elijah Muhammad in America, were honored at a dinner sponsored by Muhammad's Mosque No. 40 here in New Haven, Conn.

A STATE Department representative contacted Muhammad's Mosque in New Haven and informed Minis-

ter Abdul Karriem of the presence of the brothers from the East, and of their desire to meet Muslims of America.

Minister Karriem initiated preparations to meet and entertain the visitors. The site selected for the occasion was the fashionable downtown Kasey's Restaurant.

Resplendently attired in the national uniform of the Fruit of Islam, followers of the Honorable Elijah Muhammad attending the dinner included Minister John B. X, Lt. Henry X, of Muhammad's Mosque No. 13, Springfield, Mass.; Minister Abdul Karriem and Secretary Clarence B. X of Muhammad's Mosque No. 40.

The Sudanese and Pakistani visitors had many questions concerning the program of the Messenger of Allah. The guests were surprised to learn that MUHAMMAD SPEAKS newspaper has a distribution of more than one million copies per month. They registered further astonishment at the frequent utilization of broadcasting media by the Last Messenger of Allah to reach his people in the wilderness of North America.

THE BROTHERS from the East were extremely interested in gauging the esteem in which the Holy Apostle of Allah is held by his followers. Minister Abdul and Minister John B. X explained the respect and devotion which the Honorable Elijah Muhammad merits by his virtue and the shining example of truth and righteousness he demonstrates for his followers.

It was pointed out also that the Messenger of Allah is the answer to the prayers of Abraham and Ishmael, as shown in the Holy Qur-an, Chapter 2, Section 15, Verse 129.

The brothers from Sudan and Pakistan listened intently while the ministers described the formidable task which had faced the Honorable Elijah Muhammad as he embarked on his mission to return the "Lost Sheep" to Allah and their own.

The ministers outlined the problems encountered in attempting to turn the so-called Negroes to the East, and instill in them love, compassion and respect for themselves and their black brothers and sisters around the world.
