

Islam in Tuskegee

By ANNA KARRIEM

The Honorable Elijah Muhammad has spoken many times of the role of Black Women and of the responsibility they are most gifted to bear—that of consoler or comforter to the men of her Nation. Messenger Muhammad has been teaching us of the fall and destruction of America for the past 39 years; he is warning the Black Man and Woman of America of the consequences involved in rejecting the truth that Almighty God Allah has given him. The condition of this once powerful government worsens each year and the devil seeks to worsen the condition of the Black Nation in order that it may be destroyed with him so teaches the Honorable Elijah Muhammad.

THE WOMAN is the compliment to her Nation and the measuring instrument of its progress. If she is improperly instructed and misguided, she becomes a disgrace to her man, family and society. The White Man knows this. The Honorable Elijah Muhammad teaches us that the devil has always admired the Black Woman and he deliberately seeks ways and means to deceive her in order to cause her shame as well as make her a disgrace to the Black Man. The White Man has designed clothing that could only be referred to as a loin cloth in reality and uses it to attract the Black Woman so that she will want to walk the streets half nude as he does. Nevertheless, Messenger Muhammad continues to design beautiful garments

that hold a greater attracting force in their style. All Praises are due to Allah! I witnessed the effects of the white man's clothing industry on the Black female college student. She was the most argumentative and the most rebellious whenever another student would reiterate the

teachings of the Honorable Elijah Muhammad as he had given it to me with reference to mini skirts. Yet, my presence in long garments made them ashamed.

The magnitude and power of Allah's wisdom is drawing the Black Woman away from such indecent standards of dress and the devil knows this. Therefore, he seeks to weaken the Black family by removing the Black Woman from that sphere which is natural for her and has made her a principal constituent of the labor force. It is incumbent upon any society's success that its economic operation be controlled and channeled by men. However, the white man is putting a freeze so to speak, on the number of jobs that can be secured by the Black Man while he makes available an increasing number of jobs for the Black Woman. He is putting her in positions that make it easy for him to manipulate the Black man and the governments of other countries.

The Federal government—is seeking the assistance of the Black Woman more so than any other agency. History will bear witness that the Government of America has never sought the aid of the Black Man's Woman prior to the Black Man's demonstration of his desire to rise to a position of power and respect. Thus, the white man is attempting to put the Black Woman on display as the pace-setter of the Black Nation's economic progress and in so doing, alter that submissive quality that is a part of her nature. My Beloved Sisters, you should beware of such tendencies on the part of this government here in America. There is dignity in the work that one does for his Nation. However the strategy the devil is using is not designed to build the Black Nation. Allah looks favorably upon a prudent woman. The Honorable Elijah Muhammad is now training the wise Black Woman. All Praises Are Due To Allah.
