

Islam In Tuskegee

Federal and state officials legislate laws that boldly state in the most satirical terms that they do not want to go to school or live with Black people, old or young. The government of America is trying to "force integration" a would-be gesture of sincerity and friendship. As Messenger Muhammad teaches and as the government of America is well aware, integration between Black and white people is divinely prohibited. If we reason logically, it is impossible to integrate parts or elements that are unlike in nature as Messenger Muhammad has so diligently taught over the years. The unlike elements will remain in their original state because there are no bonds between them for the purpose of uniting the elements: they have nothing in common. people until we show more love for self. The Brothers and Sisters had begun to talk of the importance of the Black Man showing more respect for the

woman of his nation and of the Black woman reciprocating this respect in order that future generations of Black people may progress as a united people.

In a class I attended on the campus of Tuskegee Institute, the complete evaluation of each student depended in part on his participation in class discussion of various controversial issues which were related to our textbook content and current issues. The sociology class was 99 per cent Black exclusive of one devil (white student) in the class. The class had begun to discuss what they felt to be possible routes to the unification of Black People in America. It was agreed among us as Black Students that we would never become a united

The devil (white student) interrupted the discussion by stating that "I feel that you all are asking for a utopian way of life. Blacks and Whites should unite if there is to be progress in America. Of course, I feel that the Black Man should lead since he has been so deprived and the white man should follow." The devil's comments cause immediate disorder in the class. I watched the Black students dispute with each other over the devil's reasoning and the words of the

Honorable Elijah Muhammad, Messenger of Allah (God) (echoed so clearly in my ears) "When the devil (white man) is allowed to come among the righteous people (Black People) he quickly causes disagreement and fighting among them." There were some students in the class who did not want the white Man's help in gaining freedom and there were those students who

were attracted by the devil's reasoning and agreed with him. I asked to be recognized by the instructor and proceeded to ask the devil and his sympathizers if they had ever read or heard of the white man assisting the Black Man in the building of any government or civilization?

If anyone have some back issues of **Muhammad Speaks** Newspapers, please contact the Mosque in your city. Let them know how many you have, and we can go from there.

Count the papers you have stashed away, and say to yourself, "This is how much I have let the Messenger and my people down." It is indeed sad

The Devil (White Student) did not answer my question nor did the Black students who were in agreement with him. I knew as well as he that white people had never helped the Black Nation achieve the pinnacle of independence and success as Messenger Muhammad has taught me.

I FURTHER told the class that which Messenger Muhammad has told white America: "When you left your home in Europe and went to Africa, you found Black people there; when you traveled to Australia you found the Aboriginal Black people there and when you came to the Americas as it is called today, you found the Black Man here." Almighty God Allah has sent His Messenger to teach us of the steps necessary for the Black Nation to take in order to regain the power and civilization it once had. Messenger Muhammad teaches us that everything that white people have acquired in the way of wisdom to build and create a civilization was extracted from the Black Man; even the white-race exists as an extraction from Black.

The steel he uses to destroy the Black Nation is a product of the Black Man's Knowledge. Some of the so-called terrorist organizations such as the Klu Klux Klan who devote their limited time to killing and brutalizing Black people, extracted the name of the

organization from a consonant blend taken from the Black Man's Original language of Arabic. The Swahili language encompasses many words which are formed with the consonants 'K' and 'L', for the language is Arabic-Bantu based. Thus the devil went back to the language of the Black Nation to get a shield for "his brand of law and order" in addition to the hoods that shield their cowardly faces.

As I spoke to the class, the power of Allah (God) was very visible in the faces of the students. Some of those who were rebellious at the start of the discussion became submissive to the extent that they applauded and showed the pride on their faces at having been told a little of their glorious past as Messenger Muhammad has so conscientiously taught us. All Praises are due to Allah!

THE DEVIL did not say anything to me, but turned to the Black man who instructed the class and said "this is the kind of racism that keeps Blacks and whites apart." I agree with the devil if we would substitute the word 'TRUTH' in place of 'racism'. The instructor agreed, naturally, and threatened me with dismissal from class which would disqualify me for graduation. As a student of the Honorable Elijah Muhammad, Messenger of Allah, such a threat carried no weight because I was already enrolled in a school of unlimited wisdom (Islam). The wisdom of Tuskegee Institute ends when a student is graduated.
