As it is taught by the Messenger of Allah, The Most Honorable Elijah Muhammad, the greatest hinderance to the rise of the Black man and woman in America is their fear and love for the devil (white man).

WHENEVER I would converse with an administrator on campus about the teachings of Islam, he would listen with keen alertness until I mentioned the command of almighty God Allah that his people, the Black nation of America separated from His enemy and theirs (the white race of America). Messenger Muhammad teaches us that the Black man has been rob of the ability to visualize the building of his own nation without the aid of his made enemy, the white man.

The slavemasters systematically rob the Black man of his visionary powers and made him dumb and incline to depend upon his master for his livelihood. The Black people of America bear witness to the timely teachings of the Honorable Elijah Muhammad because whenever they are asked to go for self or to separate from the devil they immediately reply "I just can't see how that can be done." But, to those of you who can't see such a separation and the building of a great Black nation, remember

the words of the scriptures: "A people without vision perish."

HAS IT EVER occurred to you my beloved Black brothers and sisters that Allah (God) Who came in the person of Master Fard Muhammad, to Whom praises are due forever; is wise enough and superior in His wisdom such that He will and can make His people successful if we trust Him and His Messenger? David and all of the prophets before him put their trust in Allah: "O Lord my God, in thee do I put my trust: save me from all them that persecute me, and deliver me." Ps.7:1

Allah warns us against taking the devils for our friends and thinking we are right guided: "Whosoever therefore will be a friend of the world is the enemy of God." James 4:4 This world the white race has built has as its foundation the blood of Black people. In 1864 the United States Congress was petitioned to repeal section IV of the Act of congress making a distinction in the pay of Black men in the army from that of white soldiers. Here the white man practiced separatism and you did condemn him as you try to do where it concerns Messenger Muhammad. The white man boldly said with his laws that he wanted to be separated from Blacks.

AGAIN IN Frankfort, Kentucky the congress was petition to stop the murderous ventures of the Klan and replied by ignoring the pleas of Black people. He showed his former slaves that they were separate entities under his law. Now today you as Black people denounce separation with the weak-minded conclusion that the white man has changed. The white man has not changed brothers and sisters. He is using a different type of strategy, his woman, to separate you from the one Allah will bless because of their obedience to Him.

Wake up my beloved people! We must separate from this wicked people. All Praises are due to Allah.
