

Islam in Tuskegee

By Sister Ann L. Karriem
Mosque No. 5

The governing body of a nation represents the voices and will of the people. Whenever a certain class of people impose their will upon all under their influence and those peoples of other nations, discontent, corruption, and vio-

lence will ensue. History serves as a valid record with reference to Germany, France, Britain and the United States, that it is the doom of any nation when she seeks to subjugate and enslave the people of her nation or of others. It is interesting to note how students on the campus of Tuskegee Institute are systematically taught the rudiments of government in political science classes. Yet, when the courses have terminated, the Black students that were enrolled in these classes still have no desire to build a government for themselves! Through intelligent reasoning, it would be natural to conclude that there is something wrong with the manner of instruction. The black man of America has witnessed nothing other than oppression under the government of America.

student go in continued praise of the government of America if he has been taught by a wise Teacher. The Coming of Allah (God) is making all that is a symbol of America fade in to oblivion under the mighty weight of Islam and the Black man's God. The greatest representative of this weight is the Messenger of Allah, The Honorable Elijah Muhammad. He has come as a warner to all of Black America and to tell us of the new government that will be upon his shoulders and of the peace and happiness it will nurture. The magnitude and nobility of his work has earned him praise from Allah (God) and the Islamic world: " . . . His name shall be called Wonderful! . . ."

The Messenger of Allah is doing that which so-called Negro leaders are talking of doing; his works are an attribute of the title of "Honorable" which has been given to him by his Beloved Followers as well as those who recognize the timeliness of his works and teachings.

Almighty God Allah Who Came in the Person of Master Fard Muhammad, to Whom praises are due forever, has said that Islam, His religion, would make all things new. How can a black
