Justice on Trial

Editor's Note:—The following is a continuation of excerpts from the speech delivered by the Honorable Elijah at the recent Savior's Day Convention in Chicago.

The Messenger's Savior's Day address boldly exposes the true nature of so-called "justice" in America and during previous articles he has dealt with the true meaning of "Freedom, Justice and Equality" which is the basic foundation of Islam.

In view of the rampant rape of justice now sweeping throughout the Christian West particularly as it applies to black men, women and children, MUHAMMAD SPEAKS brings you the following special excerpts bearing on this issue.

By Elijah Muhammad
Messenger of Allah

THIS IS TO teach you of the seriousness of this day and time. Islam is here to separate, not here to unite you to evil. You are already united on the side of evil. But since you are members of righteousness, Islam has come to give to you the truth,

and separate you from the falsehood and from those who seek to keep you covered under falsehood.

He comes to save. The day has come. This is a mighty great gift: to save us from the judgment of the destruction of our enemies. And as we see today, the enemy is well aware of that. He does everything he possibly can to get us to go down with him.

It is up to you to cling to Allah, and separate yourself from the enemy of Allah. It is up to you. You want to hold friendship. You want them to think no, no, I won't leave you, while they give you hell all the time. But that is up to you. You do not look better than those who disbelieved Noah and were not getting out with him.

"We would have love for our government on earth as a freedom-loving people and grant freedom to all life..."

YOU DO NOT look any better than those who would not fly to the hills from the destruction of Sodom and Gomorrah. You do not look any better than those who fell down in the Red Sea who

would not take with Moses. You do not look any better. And the Holy Qur-an asks that question to the Messenger. He says, are your people any better than them? No. A disbeliever is the same today as that one was in Noah's time. They all do the same thing.

As you may notice, you who accept Islam, a lot of you have to fly from your home. You cannot stay home with your people. They do not like you being a Muslim. They claim they are preaching righteousness in the church — but if you start doing righteousness, living up to that which they profess to be living up to, they hate you. They tell you to get out.

They even run their teenage daughters and teenage sons away because they accept Islam. They come to us crying, telling us what you said to them, but one day you will be following them up.

ALLAH IS NOT to be mocked. He does not let you get away with it forever. For it is written that He said to the prophet that every knee will have to bow. He is a God that does not allow us to do as we please. We do as He says — or nothing.

He must be honored. He must be respected as the All Powerful, and the All Wise

One; that he has the power to force the power of the heaven to His Will. And if He has the power to force the powers of the heavens to His Will, where are you? Who are you to be the little stiff kneed?

"I say to you, my beloved brothers and sisters . . . we have a Savior to save us. He is able to . . . keep your little stomachs full right along."

If He says in the Bible, that He will make even the enemy, the dragon, the devil to lick the dust in humiliation, what are you who are following the devil? Who are you? Where is your power to resist Him when your power is in the devil? And if the devil finds himself in the power of God, where are you? Weaking to the power of God, where are you going?

THE PROPHECY of the purpose and aim of God is to save us. He comes to save us for His purpose and His aim of destruction of the enemy of truth. Your desire to integrate with white America means the destruction of you. Any black man or woman who wants to marry into

the white race does not love his or her own black race.

The white race today with its scientifically disguised murder of you under birth control—you should fly from them. Thousands of our women today are made childless because of such deceitful murders of the seed of your nation in you. Any black woman who goes to the hospital submitting to such should not remain in the society of her people.

White people know their doom, and they want you to go along with them. What right do you have to set up birth control laws? Or what right do you have to submit to such an inhuman thing as killing off your seed for the sake of white people? Why? You are not outnumbering them here. They outnumber us about nine to one.

WHAT RIGHT do you have to start killing off your own foundation? What right do you have to do so — because they say they are taking care of you? Why don't you tell them that, "I was not here until you brought me here. Now, if I am a burden to you why don't you take me back to where I came from?"

They know that is too much expense. Then you have to answer and say, "Well, you brought it on yourself. I did not come here to burden

al!

you." All of his troubles he made for himself. And now they have you blinded to the truth of self.

The Holy Qur-an says, do not fear your children. Allah has made the earth with plenty of food on it; with plenty of clothes for your babies. All you have to do is to get up and get out and get it.

FOR YEARS this earth produced more food than life could consume. This old earth can carry all the life on it and then some more if we have the thief and robber out of it. We do not have any history teaching us that once upon a time, before the making of the white race, that we had to kill off people to keep them from overpopulating the earth. We do not have that kind of prolongation of our life. We do not live that long.

"We are the elected of God, Allah, in the Person of Master Fard Muhammad, to Whom praise is due forever."

When the white man came to the West he found plenty of earth here. So much that he got greedy and hungry for all of it. He started killing off the natives here, the Indians and taking over all so that he could rule all.

He went out into the Islands of the Pacific. He found the people eating plenty. They were not saying that they had to kill theirs so that they could eat, not until he got there. He brings about hard times, even under plenty.

HE HAS plenty of food here now, but people here are starving and in the bread lines by the hundreds. And he says that "I want to send a shipload of wheat to some other country" and here is a hungry man standing in line holding his plate saying, "I want a piece of bread, Mister."

He always brings hunger and suffering in order to rule the people. Then he gets angry if other people will give you something, because that is leaving him out of the authority to rule you under home.

I say to you, my beloved brothers and sisters, here this afternoon, we have a Savior to save us. He is able to hurt an enemy and keep your little stomachs full right along. As the Bible teaches you in Isaiah, if I were hungry I would not tell you, when the cattle upon 10,000 hills are mine. This is God talking. You cannot starve God and His people.

The Honorable Elijah Muhammad

This is to teach you of the seriousness of this day and time. Islam is here to separate, not here to unite you to evil Islam has come to you to give you the truth

"But since you are members of righteousness, Islam has come to give you the truth, and separate you from the falsehood and from those who seek to keep you covered under falsehood."

HE SAYS, to you and me in the Book, my righteous servants shall eat, but you shall be hungry. The unrighteous shall be hungry, but

not the righteous. The earth is the home of the righteous. It is the property of the righteous and it is offered to the righteous today, if the righteous want to live on it.

All praise is due to Allah, come to save us, the black people of America, who are in need of someone for protection from the power under the fire whip of the rulership of the white man, because they know not any ruler that they can seek refuge. We are from the ruler. We did not send for him. He found us; we did not find him. He came

to save us, not for us to save Him. He shows His love for us, and not us for Him. He ran to us; we did not run to Him. That is a good God.

SUCCESS FOR the black man in America depends on separating you. You can never be successful in the midst of this people and with this people after the coming of God. That is the purpose of God on His coming — to separate. Separate you from that which is not your own and put you into your own and not out of your own.

Some of us love white folks so much that we say, "I do not want to go any place where white people are not." The people of Noah said that they did not want to leave in a boat with Noah — until the water was coming up.

The people of Lot said the same thing that you are saying, but when the fire started falling and the earth started breaking up the rocks, the people began to scream they would like to have gone out with Lot.
