## On Life In The Sudan

By Bayyinah Sharrieff

So many of my Black Brothers and Sisters here in North America regard Islam as being a way of belief and life for the poor and the uneducated. If those who consider themselves educated and of the so - called middle and upper classes of the Blacks in America would just take the time to read what the Honorable Elijah Muhammad writes himself, and not that which is written of him, and weigh his words to that which they have obtained from the American universities, they will not be able to find weights to balance his knowledge, wisdom and understanding.

LET THEM, who consider themselves having accomplished, leave America and travel abroad with their American identification, and live (not as a tourist) to Africa and Europe and Asia and see for themselves as they receive a true respect equal to the one who carries his own identification from his own country.

I have travelled to parts of Africa and the Near East, as well as the western civilizations of Europe and what I have lived through in my three years of life abroad all testifies to the Truth of the Teachings of the Honorable Elijah Muhammad that "Islam dignifies you."

I have lived among many Muslims in the Republic of the

Muhammad speaks Newspapers each week per man. All the bread of the brothers is employed by the Shabazz Bakery in Springfield. Bro. Franklin 2X, Bro. Josephus X, Bro. David 2X and Bro. John 4X. Bro. Isaiah X. (J.B. Bradley Studio)

Sudan and Egypt as well, the wealthy and the poor. The joy and happiness of a peace of mind and contentment which Islam brings to the True Believer cannot be measured in money.

The Honorable Elijah Muhammad teaches us that Islam improves the condition of the True Believer. He does not teach us that money has no value as many believe. He writes that heaven is a condition of life and to have a heaven on earth one must have money.

THESE BLACKS who have money here in America are worried about how they are going to keep it. Those who follow the Honorable Elijah Muhammad do not worry about this for we submit to the Will of Almighty Allah and the first thing we have been promised for accepting the teachings of Islam and putting them into practice is money, then good homes, then friendships in all walks of life.

Look at the great accomplishments in business which the Honorable Elijah Muhammad has made in spite of the uncountable false and slandering statements put out to the public on the "Black Muslims" and in spite of the many who attempt to take his life and torment his followers.

Only a man divinely missioned could accomplish such great works. Islam, which the Honorable Elijah Muhammad teaches us, brings wealth to all who believe and

an education which is so extensive that it astonishes the professors of the universities.

Islam which the Honorable Elijah Muhammad teaches us is not limited to the poor and the uneducated, it is for any who are interested in improving themselves. I thank Almighty Allah for blessing us with such a Divine Leader and Teacher, The Most Honorable Elijah Muhammad.

## The Woman in Islam

By Margary Hassain

IN the Name of Allah (God) Master Fard Muhammad, to Whom Praises are due forever:

THE WOMAN In Islam Gives all Holy Praises to Allah (God) for His Divine MESSENGER Muhammad, who is, as it is prophesied, making us the Black People in America the firm planting of Allah.

MESSENGER Muhammad teaches us at our very base, in our home, that which we must know in order to be successful rulers of the Planet Earth. The Bible teaches us that a man cannot rule a congregation of people, if he cannot rule his own home. Therefore, this verifies again, the Divine Wisdom taught to us by Messenger Muhammad, who administers to us, the Truth, our Divine Medicine — at the
