

# THE LOST-FOUND NATION OF ISLAM IN THE WEST

(Continued from page 21)

## ISLAM'S STRENGTH TO SURVIVE

Since the time of Prophet Muhammad (peace be upon Him) we have called our religion by the new name "Islam," but the religion itself is not new. The Holy Quran says that this is the same religion that was given to Abraham, who was a Muslim. It also says that the righteous people were named "Muslim" in this Book (Quran) and before this Book.

Muslims have the oldest principles of human belief and human action on the earth. That is the proof of those principles' strength to survive. Islam is the only way of human principles that exists today in its pure form. All other religions and beliefs have split up and divided themselves, but Islam remains whole and complete.

## CHRISTIAN DENOMINATIONS

The enemies of Allah and Islam have tried to cause or to publicize "divisions" in the religion. Writers with Western mentality do not explain that the divisions in Islam are division of thought, not religious divisions. It is a false projection to try to deceive the people into believing that different Islamic schools of thought are comparable to different Christian denominations, like Baptists, Methodists, and Catholics.

Christian denominations identify themselves by their denominational label and most of them do not accept other Christians as being legitimate believers in Christ. There are just a few Christian denominations, among the hundreds, that identify with all the rest and open their doors to all other Christians.

## THE ENEMIES OF ISLAM

When Muslims make the Hajj to Mecca, you do not see any delegation with signs identifying themselves as a different delegation from the others, because of the evil of divisiveness in religion is not allowed in Islam. All true Muslims identify themselves as one with all other Muslims all over the world.

The enemies of Islam are working hard to try to destroy us and our work of propagating the Faith of Islam in the West, although they see that they cannot hurt us with their weak, evil, poison weapons. We are determined to work

harder to open the eyes of our poor, innocent brothers and sisters to Divinely illuminated Mind.

## THE PRACTICE OF ENVY

Whenever you make progress, you must work harder than before. When you are successful you have to protect yourself and your property because you might excite the greedy appetites of those who want what you have. They do not want to see you successful or victorious, so they will try to destroy the good that you have worked hard to accomplish with the help of Almighty God.

Say: I seek refuge  
With the Lord of the Dawn,

1. From the mischief  
Of created things.
2. From the mischief  
Of darkness as it overspreads.
3. From the mischief  
Of those who practise  
Secret Arts.
4. And from the mischief  
Of the envious' one  
As he practises envy.

HOLY QURAN translation by Yusuf Ali: Sura CXIII: Verses 1-5

Brothers and Sisters, we invite you to join us in our universal mission of remaking the world.

Thank you for honoring us with your time to read these few words.

Your Brother,  
W.D. Muhammad

## THE WISDOM OF W.D. MUHAMMAD:

Allah, "Al-Rahman," creates the moral and dignified man through the free giving of His Divine Word, the Holy Qur'an. He puts the Word of Qur'an in the man and it creates him in the image and likeness of Divine.

When we say creation, in this sense, we are talking about creation that builds life in a person — a creation that feels the hardships, the miseries, and the agonies in a person. It is the human that reaches out mentally and morally to another being. It embraces that being, not just because it has a beautiful physical attraction but because it has a beautiful inward attraction. This is our real "life."

The Divine Word of Almighty Allah unlocks the mind, turns the light on in our being, and makes a spiritual sun to rise within us. It shines upon the dead matter in our mind, our soul, and our spirit. It causes us to take on form in the likeness of Divine Word which carries the germ of the Divine Mind.

If you want to be natural, you'd better start loving leadership. A leaderless people are no different

from a headless body. If you cut the head off a body, the body dies. If you cut leadership off from the people, that people will die as a body.

Whenever you try to step into the fifth of the Jinn world, you are stepping down from your elevated nature with God. Your strength is Truth (Divine Nature) and if you want to survive on this earth, you had better keep climbing up that ladder.

Why should you choose to be a servant in the devil's kingdom at a time like this when the Sun of Truth is beaming its brilliant rays of Divine Light for your glory. I am telling you what the word from heaven is saying: "Come into your power, O Mighty King, and sit on the Throne to rule all the nations."

As hard as we are working to deliver to you the Wisdom of Divine Mind, some of you retreat back into darkness and accept the invitation to come into the petty foolishness of a white mentality. You go into his cheap vices, his world of lies, and end up as a super-fly dope king or carrying a gun for some crooked-minded devil.

You don't have the sense to make a gun, but you have the wickedness and dumbness of the brain to pull the trigger. You are a slave of the devil and a pitiful brother.
