

Sisters, join the Great Class

By Bayyinah Sharrieff

Teacher of the M.G.T. & G.C.C

So many times the women who follow the Honorable Elijah Muhammad are asked, what is the M.G.T. & G.C.C.? These letters represent the Muslim Girls Training and General Civilization Class. All of the women who join the Nation of Islam under the guidance of the Honorable Elijah Muhammad are members of this Class.

WHAT DO YOU learn in this Class? That which is needed to raise us to the highest form of civilization; spiritually, morally and physically. It is a reforming Class under the direction and guidance of the Honorable Elijah Muhammad.

After being born and raised in this corrupt, immoral, debased, uncivilized society of North America, our people need reforming: a total melting down of our immoral habits, customs, gestures, mannerisms, our way of thinking of bad, evil (tricks to outwit, or do harm to our brother) was/is needed and a recasting into a totally new and different die, a die of goodness, perfection, love, unity, interest and care of our own kind: Knowledge, wisdom, and understanding of life and all of it's intricate sciences, a restoration of the Natural Order of Things.

A General Civilization Training is so much needed by our Black kind in America. Reader, I have gone to Africa and studied in the Sudan practically two years, and I

have traveled in Egypt, Greece, Italy, France, Denmark, Sweden, Germany, Switzerland, Luxembourg, and can truly tell you that to go as a Black American with an American passport, and all of the so-called customs, and habits, inherent in the American society, you are not accepted as an equal. No! You are not accepted as a morally clean and decent person (the American style of dress demoralizes its wearer). You are not regarded as a member of a highly civilized society.

I recall here a conversation I had with one of my Sudanese friend's father about permitting her brother to study in America. He said that he would never let his son go to that infidel's country (America) and come back corrupted. Even the Black Africans in Europe do not regard Blacks holding American passports as their equals.

Reader, I have seen and experienced this plain Truth, which the Honorable Elijah

Muhammad teaches us; that the poor Black man of America is the most despised and rejected person on the Planet Earth.

I have lived among the women of all of the above mentioned countries, and can say from this experience that we Black people as a whole are in dire need of a total reformation to be accepted as an equal with the Best of civilizations, and this is what the Honorable Elijah Muhammad is doing with the women who follow him and are members of this M.G.T. & G.C.C. Class.

Prior to my joining the Nation of Islam, and following the Honorable Elijah Muhammad, I was a member of numerous clubs, societies, and organizations both in and out of America. But never before have I ever witnessed or been a part of such a great Class, **GENERAL CIVILIZATION CLASS** for the improvement of and the reforming of Character for the Woman in the pursuit of Knowledge, Wisdom, and Understanding.

Black Sister, join the Honorable Elijah Muhammad if you are truly interested in yourself. Wearing your so-called Afro hair style and dress will not get you recognition as a member of the best of societies. I know, take time and come to Muhammad's Mosques of Islam. Learn about yourself, join Messenger Muhammad and become a member of this Great Class. Stop wasting your life in

Sisterhood

The women under guidance of Messenger Elijah Muhammad experience a sincere love, devotion and respect for a sister believer that has never been experienced by the Black Woman in the hells of North America. We want for a sister believer what we would want for ourselves, knowing that Allah (God) blesses all in His own Divine way.

THE MOST Honorable Elijah Muhammad has lifted the Black Woman here in America to a status not equalled by anyone. Under the guidance of Allah (God) through His Messenger, the Muslim woman who is a follower of Messenger Elijah Muhammad is not seen without a long (to the ankle) garment and a head covering. This alone will tell the world that she is not following the devil (whiteman), or his indecent styles.

Black women of America you

useless sport and play. Think about yourself.

Join us! Unite with us! and raise yourself to a place of high world respect and honor by following the Honorable Elijah Muhammad.
