

\$25,000 Reward for Information on Death of

Young Lions Won in Georgia

Muslim Minister In Winston-Salem

The strange and mysterious circumstances surrounding the death of Muslim Minister Louis X of Winston Salem, N.C. plainly belies the "easy" solution offered to the public by various officials and the white press in his locality that this faithful follower of the Honorable Elijah Muhammad had "committed suicide." The facts surrounding the life of Minister Louis and his untimely death simply do not bear this out. We do not believe that Minister Louis committed suicide.

In the interest of truth and justice, the above reward, therefore, is being posted for anyone with information leading to the arrest or conviction of anyone who might have been responsible for Minister Louis' death.

Minister Louis is alleged to have shot two persons in the head and then turned the gun on himself. Yet, neither of those allegedly shot had any head wounds and neither was confined to the hospital for any length of time.

We are investigating the death of our Minister Louis in accordance with the oath of all Muslims that "We will give our life for our brother."
