

# WHY I BELIEVE IN

## Muhammad, a Moses to America's so-called Negroes, teaches them their true religion

**B**EFORE TAKING UP this question, why I believe in Islam, it is proper at this point for me to give a brief introduction of the man responsible for my belief. I thank Al-mighty God (Allah) for such a noble man. The man whom I have in mind is Mr. Elijah Muhammad (may the peace and blessings of Allah forever be upon him).

Mr. Muhammad was born in America, state of Georgia. He was a poor hard working man, just a common worker, such as a field boy, saw miller and railroad worker. He married in Georgia and started a family there. His father was a poor Baptist minister, his grandfather was a minister also. As a young man he would often say "When I grow up I am going to be a preacher and I am going to preach the truth." Mr. Muhammad was born to be a divine teacher and leader for the American so-called Negroes. He moved from Georgia to Detroit, Michigan with his family, there he labored hard supporting them.

In 1930 Al-mighty God (Allah) came to him in the person of Fard Muhammad. All praise is due to Allah our (so-called Negroes') Savior and Deliverer. Mr. Muhammad was the first one to recognize the presence of Al-mighty God. Allah taught him for three years. Allah taught him for three years.

Our mothers and fathers were brought over here from Asia and

therefore we are Asiatics. He taught him that our religion is Islam, the religion of our mothers and fathers. He also taught the history of the Caucasian race—how they were made, when they were made, and the time of their destruction. Mr. Muhammad did not receive this revelation in a dream, trance or vision. God came to him in the person as the Bible says "God spake unto Moses face to face as a man speaketh unto his friend." (Exodus chapter 33, Verse 11.) "With him (Moses) will I (God) speak mouth to mouth." (Numbers chapter 12, Verse 8) God Al-mighty (Allah) spoke to Mr. Muhammad face to face, mouth to mouth as a man speaks to his friend. Mr. Muhammad is the so-called Negroes' Moses (Emancipator).

Mr. Muhammad's birth and life in America corresponds to David the shepherd boy. David was the only man God had qualified to defeat the great giant Goliath. Goliath was well armed and a skillful warrior. David, with full confidence in his God, and with his little sling and five smooth stones from the brook, was able to conquer the giant Goliath, the enemy of God's people. He did this by striking him in the head with one of his stones, and using the giant's own sword to take his head.

Mr. Muhammad had no schooling in the Theological seminaries. Yet with the teachings and guidance of his God (Allah), and with

his understanding he is able to conquer the false religious teachings in America, using their own Bible and teachings to show up their falsehood. Thus he is bringing understanding and salvation to his people, the American so-called Negroes, by teaching us the true religion Islam.

Mr. Muhammad is the Elijah of the Bible, the Elijah of First King Chapter 18, called for Beal's (false) prophet to prove the existence of their God, for which they were unable to do so because he did not exist. Elijah made fun of their God.

Mr. Muhammad is calling for the Christian leaders to prove the existence of their God, and the truth of their religion. There are more scriptures that could be used in connection to this brief introduction of Mr. Muhammad.

I trust that what has been said will give you a better understanding of Mr. Elijah Muhammad, the Divine Messenger of Al-mighty God, and to us the so-called Negroes of America.

Now the question, why I believe in Islam. When I consider the question within myself the reply I receive is for the same reason, for which I believe in anything else. That is to say, because it is the truth. In my opinion the central doctrine of religion is the
