In the Name of Allah, the Beneficent, the Merciful; Peace and Blessings upon His Servant and His Messenger, Muhammad, forever. Amen. There is no God but Allah; Muhammad is the Messenger of Allah.

As-Salaam-Alaikum

My Dear Brothers and Sisters,

The best way to worship Almighty God is to try to grow your mind (your inner being) in accord with the natural growth pattern established for human beings by God. To properly grow yourself as a human being, you have to grow morally, intellectually, and spiritually. These three areas of growth are the three fundamental elements in your human makeup.

THREE-IN-ONE GOD

The Christians wrongly identified these three fundamental elements as the "three-in-one god." The Prophet Jesus preached, "At that day ye shall know that I am in my Father, and ye in me, and I am in you." (St. John 15:20) He was referring to three persons or bodies: God, himself, and the people.

In this concept of three-in-one, God was the Creator, the son (Jesus) was the will of God manifested in the flesh form that

had grown out of bondage to the flesh, and the people represented those people who were in bondage to the flesh.

GROWTH PATTERN OF HUMAN BEINGS

This same three-in-one concept can be seen in the natural growth pattern of human beings. As a person beginning your growth movement, you struggle under the pull (desire) of the flesh. You can only survive this powerful attraction by developing moral strength. Then you move up from a simple moral body to an

intellectual body. At the intellectual level of growth; you have something to depend upon other than just a moral code. Then you will not do things that are improper because you are too intelligent to lower your standards of behavior or to lower your dignity.

THE PATH TO GOD

From the intellectual development, you move on up to the divine development, or the spiritual development. When you reach the level of spiritual development, you
