

Truth versus tradition

**By Sis. Katie X
Temple No. 2**

Webster's New Collegiate Dictionary 2nd Edition gives this definition: **Pharisaical:** "Resembling the Pharisees; outwardly but not inwardly religious; hypocritical; self-righteous and censorious of others manners and morals. This dictionary describes the Pharisees of Jesus' times as noted for insistence on the validity of the traditions of the elders. The Orthodox Muslim paper *Al - Islam* located in Washington, D.C. is running a poll suggesting that the teachings of The Last Apostle of Allah, The Most Honorable Elijah Muhammad are not true Islamic teachings, thus proving themselves the modern day Pharisees. These Muslims who befriend the enemies of Allah, who worship a spook or mystery God, and who have done nothing to uplift and help our people (so-called Negroes) out of the mud of civilization dare to attack the great work of The Honorable Elijah Muhammad.

As it is written that "He makes all things new" so is Allah, through the Honorable Elijah Muhammad bringing about a new Islam. The spooky minded Orthodox Muslim who attacks the teachings of The Honorable Elijah Muhammad is not up with the modern times. He is still living in a world where evil prevails, in a system created by the enemies of Allah and does not realize that this world is gradually being removed and a new thought, a new man, a new Islam is taking over.

Allah, in the Person of Master Fard Muhammad, to Whom praises are due forever, is the remover of the old and the creator of the new. The person who does not accept the Honorable Elijah Muhammad as The Messenger of Allah prepares himself to be removed by Almighty God Allah with the removal of the old world. True Islam as taught by the Honorable Elijah Muhammad is the qualification for entrance into the new world.

Tradition, as insisted upon by those Orthodox Muslims who oppose the last Messenger of Allah is defined by Webster (2nd Ed): "Oral transmission of information, beliefs, customs, etc. from ancestors, to posterity without written memorials; also a belief, practice, etc. so transmitted. The Honorable Elijah Muhammad has the greatest writing ever written to support his teachings - The Holy Quran. Black brothers and sisters, do not listen to those persons, Orthodox Muslims or otherwise who oppose the teachings of the Honorable Elijah Muhammad by relying on tradition.

We Black people here in America have been lynched traditionally, starved traditionally, our women raped and our men castrated traditionally.

We must no longer rely on the traditions of the white man or white oriented institutions and religions. We must accept the true teachings of the Last Messenger of Allah, The Most Honorable Elijah Muhammad. All praise is due to Allah.
