

# White Man Visi

By  
Elijah Muhammad  
Messenger of Allah

By the heaven full of paths (ways). (see Holy Qur-an Chapter 51:7). See Maulana Muhammad Ali's footnote to this verse (footnote 2345), in which he explains that it refers to planets and stars of the heavens and that before the Revelation of the Holy Qur-an to Muhammad 1300 years ago, astronomers previously did not have the knowledge of the heavenly bodies and of their rotations, the stars and their distances, and why these things were mentioned in the Scripture in such a vague way that people were without the knowledge of how to use Astronomy with spiritual truth.

**HE APPLIES** the meanings of these bodies that rotate in their orbits and stars, as things which serve as signs of things among men—especially what

we may expect to take place in the vanishing of the present world of wickedness.

As Allah Has created the heavens and the earth in Truth, in the days of the Judgment of this world, the Truth of these planets will become clearer to those who seek Truth and have the gift of insight and bear witness to the truth of the Resurrection and judgment of this world.

The Bible (Isaiah 14:14-15) refers to the enemy (the devil) as ascending above the clouds into the heavens. And, the Holy Qur-an teaches, in another place, that when Allah gets ready to destroy a people, He opens up the secret of the heavens to the people who are about to be destroyed.

**THIS OPENING** up of the secret of the heavens and their ways or their rotations should serve as a warning or a lesson to the "would be" enemy of Allah (that he has not a possible chance of winning

in a war against such a powerful Creator Who holds the power and force of the heavens and the earth). The enemy is subjected to the nature of the heavens and the earth which he did not create and has not the power to force them into subjection to the enemy's will. The white man is fulfilling this prophecy that is written of him (the things that he will do). It is beyond a shadow of a doubt! You cannot make lies out of God's words, communicated to His Prophets. It is impossible!

We see the travel of the white man to a part of this earth that just a few years ago he did not know. But, just remember that he is still in the orbit of the earth when he orbits the moon, which is a part of the earth that was taken away from the earth by the Black Man, 66 trillion years ago, so Master Fard Muhammad (God in Person) taught me.

243,000 miles is no distance at all, compared to the distance of planets which runs into millions,

hundreds of millions, and billions of miles and which contains life.

One fourth of a million miles is no distance at all—you have not left the earth.

**THESE ARE** the signs of the Judgment of this world. And, the heavens being filled with paths or ways is to teach the enemy that by no means can he—or will he ever—be able to compete with the Creator of heaven and earth (the Black Man).

The Holy Qur-an reads: We created the heavens and the earth. We made man and we know what his mind suggests to him.

How can you win against a foreknowing God Who Listens to all you think about or plan to do? We would be making fools of ourselves to attempt to compete with God.
