

Household Hints

Holes in linoleum can be filled with a mixture of finely chopped cork and glue. Rub down with emery paper when perfectly dry and cover with paint or varnish.

. . .

When painting a room cut a large onion in two, and leave it stand all night and it will destroy the odor of the paint.

. . .

If you are painting woodwork around a window, first cover the glass with Bon-Ami then any spattered paint will wash off with Bon-Ami.

. . .

When sheets become badly worn, cut them in two in the center and sew outer edges together and hem sides and they will last for many washings.

. . .

For fruit stains make a solution of Borax and soap, then boil the fabric with this or put bowl under the fabric and pour boiling water through.
