

# MUHAMMAD: TRUE PROVEN LEADER

By Bayyinah Sharrieff

Teacher of the M.G.T. & G.C.C.

**THERE IS SOME** very foolish and irrational talk being spread about the Honorable Elijah Muhammad taking the money from his poor followers and giving it to his family and top laborers and depriving his other followers and being unjust to them. The news media only attributes the number of followers of the Honorable Elijah Muhammad to be between 8000 to 10,000. And, according to the press, they are from the poorest of the poor and from the uneducated masses of our people. How is it then that they (the supposedly have - nots) can unite together and progress to the point of being able to give enough money to the Honorable Elijah Muhammad to establish nearly a 10 million dollar value of property and enterprises, and pay off his family, and yet have enough money for themselves and improve their conditions?

Some of you criticize his use of good homes and luxury cars; while others of you are so foolish to believe that Islam deprives you of having the better things in life. We who follow the Honorable Elijah Muhammad benefit personally from following him with money, good homes and friendships in all walks of life. The money which is donated to him by his followers, he gives right back to them. He helps his followers to have, and is happy to see us have. We who follow the Honorable Elijah Muhammad, want him to have all of the best of comfort available to him for in the work of leadership which he is doing with the hard headed and rebellious people that we are. Anything to make the physical workings of life easier for him, we are happy to help him to have. We are happy and thankful that he is finally using some of that which has been donated to him, by we who love him to build himself and his family good homes. They have been living in old worn out homes far too long. He has deprived himself and gone without so long, so that his followers and the Nation could have. And we want to see him in comfort. He has sacrificed 40 years of his life to get across to our people the only solution to the Black man in America's problem.

You who speak against his building fine homes, do so through envy and jealousy.

Anyone with sight who would

look at the accomplishments that the Nation of Islam has made under the wise guidance of the Honorable Elijah Muhammad, could see that he is not putting in his pocket nor storing up in some bank nor spending foolishly the money his followers donate and give in charity to him. But was and is rather investing it where the majority of his people might benefit, in businesses and the acquisition of thousands of acres of farm land for producing the necessities of life and making them available at convenient prices for our poor Black people.

Look to the states of Michigan in the North and Georgia and Alabama in the South. Look to the dairy and poultry farms and egg factories producing thousands of eggs daily and lambs which the Muslims have under the wise Leadership of the Honorable Elijah Muhammad. It takes money and wisdom to do these things.

**THIS IS THE WAY** of a leader of a Nation; for his thoughts are with fore - sight to the successful future of his people as a whole.

Look to Africa and some of the Central and South American countries striving for their independence then struggling to establish a government. "For the people." The ones who direct the people to achieve and accomplish and improve their condition and directs them to no longer be dependent on their former colonialist and imperialistic exploiters, but to build and establish and function to produce their necessities of life independently are the True Leaders of their people.

When you elect a leader, should not you judge by the past merits and works of that person, as to whether or not you should vote for him? If he is elected, you try him for a while, and if he does not live up to his word and do for his people, you should demand that he be changed and another one tried.

Why do not you give this just chance to the Honorable Elijah Muhammad?

**YOU SAW** your so - called leaders on the Black Journal Program entitled, "Is It Too Late?," arguing and disputing one with the other, showing lack of unity before the whole country. It was a clear illustration that none of them had the true solution to the Black Man's problem in America. None of those so - called Leaders have directed the Black Man in the way of

being independent to establish themselves to function as a Nation.

This broadcast showed clearly, as the Honorable Elijah Muhammad teaches us that he has the **only solution** for the Black Man's problem in America.

The Reverend Albert B. Cleage, with all of his talking, gave you no pattern for which if logical and followed would get you anything but a quick death without fulfilling your aims of independence. What followers does he have? They are not from coast to coast of America and all over the world as are the followers of the Honorable Elijah Muhammad. The Reverend Cleage had the nerve to say that the Honorable Elijah Muhammad was begging the white man for land. Yet he also stated that for the Black man to control the businesses in his own community that he would have to boycott the white owned ones. Where would he direct the poor Black man to get his necessities of food and clothing, if he is not producing his own as the Honorable Elijah Muhammad directs us first to do? The Reverend Cleage has not done anything physical to help improve the general condition of his people. I used to attend his church and know the immoral, indecent happenings in his so - called fellowships of students and young peoples: A meeting place for indecency while carrying the title of Reverend. Reverend of what?

Baraka (LeRoi Jones) made the ridiculous statement that his organization way for "unity without uniformity," when to be in unity by the very definition of the world demands uniformity.

Charles Diggs, elected term after term to Congress, should be bearing witness to the Honorable Elijah Muhammad that the white man's politics are not for the success of the Black Man.

**WE WHO FOLLOW** the Honorable Elijah Muhammad know that the only Leader for our Black Kind in America is the Honorable Elijah Muhammad. We have 40 years of his life as a proof of his Divine Leadership and know that we who follow him are the winners.

You have been warned well by the Honorable Elijah Muhammad, now Come join with us: Come and See him for yourself February 26, 1972 and elect him to be your leader.
