

MUHAMMAD SPEAKS

The Woman

By Margary Hassan
 THE WOMAN IN ISLAM gives Eternal Praises to Allah (God) Master Fard Muhammad for Messenger Muhammad.

THE WOMAN IN ISLAM is cherished, loved, honored, respected even before she becomes a wife. To add to her collection of blessings, she also has the Divine Gift of Protection. MESSENGER MUHAMMAD IS TAKING firm steps in his Divine Work of laying a foundation and building the Nation of Islam economically, and morally. His Plans and Decisions are Backed by the Supreme Wisdom of Allah (God) Himself as he works to restore the Black Man to his rightful place at the top of civilization and THE WOMAN IN ISLAM to her rightful place as Queen of the Planet Earth and the Mother of Civilization. She receives intensive training, guidance and nurturing for her role of woman, wife, mother and queen. The Plans and Will of Allah (God) for her rests in the Mind of God Himself and the Message of what Pleases Allah (God) can only be Delivered by His Messenger Muhammad.

THE WOMAN IN ISLAM Has Divine Guidance and Protection in obtaining a husband because Allah (God) Has Established the Law of Islam under which she seeks and obtains her husband. Messenger Muhammad teaches THE WOMAN IN ISLAM to keep chaste until Allah (God) sends her a husband. She asks Allah to give her her true mate... one like herself. The meeting and introduction, courtship, engagement and marriage is carried out in legitimate specified channels which bring the couple under the Divine Protection and Blessing of Allah (God) from the very beginning, and thereby guarantees the aid and Assistance of Allah (God) throughout the courtship and marriage.

IN Christianity it was almost impossible for man and woman to marry their true mate. So-called society was against them and they did not have the knowledge of themselves or their enemies. They were not worshipping and serving Allah therefore He was not Present with them to guide and protect them. WHEN two would-be good mates were attracted to one another, immediately their acquaintances preyed upon them and mocked one to the other and blocked the way for the true mates to be joined together. They urged unalike mates upon one another and the man being cowardly let go of the good mate and married to please friends who were happy while the couple lived in hell. Deprived of love and companionship in marriage one or the other had to seek happiness outside the law (marriage) causing more misery and unhappiness to the outside legally unprotected partner. All of the ways of Christianity lead to suffering and shame.

THE WOMAN IN ISLAM gives much thanks for the Law of Islam which guides, governs and protects the couple in courtship and marriage. When a Muslim man is interested in a Muslim woman he seeks her in marriage. He must inquire and pursue the relationship in legitimate channels so that all may know his honorable intentions towards the woman. The couple seeks the guidance of Allah (God) and His Messenger and not the guidance of the devil's deceives... the mockers.

THE law of Christianity deprives the man and woman of his and her rights to happiness. The Law of Islam guides the Muslim man and woman into the right way to secure lasting marital happiness. THE WOMAN IN ISLAM knows and appreciates the strong moral Law of Islam. Every government knows that with strong morals one has a strong government. When morals decay; the government crumbles. THE WOMAN IN ISLAM gives Eternal thanks to Allah (God) for His Divine Moral Bulder, Messenger Muhammad who, (Bible Jude v. 24, "... is able to keep you from falling, and to present you faultless before the presence of his (Allah's) glory with exceeding joy," ALL PRAISES TO ALLAH.

to kill himself. If he doesn't, the "goals of American Democracy will." If you doubt this assertion, look around America. You of the so-called "Black educated class" will soon have to admit that Allah is God and the Honorable Elijah Muhammad is His Last and Greatest Apostle. All praises are due to Allah.

During the summer commencement speech given by Dr. Hollis F. Price, president of LeMoyne-Owen college in Memphis, he asserted that "a society which prized material things is in a way a society without values." The speaker further said that Americans have produced a "thing culture" in which they have become preoccupied with things material and status symbols." As I reflect on Dr. Price's words, it never ceases to amaze me as to how a man as great as the Honorable Elijah Muhammad can teach for nearly 40 years that America has no values worthy of a Black Man's emulation, and still a member of the Black so-called "educated class" will stand up and say with amazement that America has BECOME PREOCCUPIED with material things! America has always been preoccupied with materialistic values. She (America) has prized material wealth since her beginning and has used it as the basis for

establishing the most brutal system of slavery ever known to the world. Why would you be amazed at such "a thing culture" developing right before your very eyes? It was greed for wealth and knowledge that prompted the white man to bring Black people to America. She fascinates Black people with her wealth so as to make her former slaves feel that the glitter on her gold is due to his (Black man's) labour in polishing it (working for the devil). This will always be a materialistic culture where it concerns Black people because we were declared MATERIAL (property) by the devil when he brought us here over four hundred years ago. Nevertheless, America, your gold is cinkered! As it is written in the Bible! It is falling against you like the walls that encased the filth of Sodom and Gomorrah. Just as gold can not be decomposed by ordinary chemical means, your measuring stick of fraud and deceit (gold) can not be broken by mere financial debts. It takes the power and

will of almighty God Allah to rust and decompose your god (Gold). As it is written in the Bible: "Ye have heaped treasures together for the last days. Behold, the hire of the labourers who have reaped down your fields which is of you kept back by fraud, crieth: and the cries of them which have reaped are entered into the ears of the Lord... Ye have lived in pleasure on earth, and been wanton; ye have nourished your hearts, as in a day of slaughter. Ye (America) have condemned and killed the just (Black people); and he doth not resist you." James 5: 3-6. The teaching of the Honorable Elijah Muhammad and the scriptures bear witness to the greatness and power of Allah to bring America and her "thing culture" to end. I forever thank Allah (God) Who came in the Person of Master Fard Muhammad, to Whom Praises are due forever, for raising from among us, the so-called Negro, one who is divinely qualified to teach us of the times. There is no need to

be amazed by what you see developing before your eyes when Allah (God) has sent a warner to us in the personage of the Most Honorable Elijah Muhammad. No, there is no need to say "WE" when referring to America's wealth and materialistic values because Black people don't own America's wealth. She has used us to help store it up. But Allah (God) owns the earth. If Black people are starting to feel materialistic; it must be as a result of imitation because it is not a realization. As a leader of a Black college you should know these things and convey them to young Black people who are crying for relevance in their lives. This is one of the tragedies of Black college leadership. Presidents always tell students to live up to the "American dream" instead of just telling it like it is. I would be very wealthy if I could count the times President Luther H. Foster has told us to promote the highest goals of American democracy. This is the same as telling a Black student
