

Muslim Minister Writes to Malcolm

By John Shabazz

I would have referred to you as "Uncle Tom," Malcolm, except that it would have been an insult to all the Uncle Toms on earth to class you with them. The worst Uncle Toms you yourself ever criticized look ten feet tall beside you now.

I have to put "mister" in front of your title, because you have proven to be the number one hypocrite of all time. The worst hypocrite among Moses' followers was Korah, but he was not Moses' right-hand man — Aaron was. The worst hypocrite among Jesus' followers was Judas, but he was not Jesus' right-hand man — Peter was. And even Abd'Allah Ibn Ubbay, who was called "The CHIEF of the Hypocrites" fourteen hundred years ago in Arabia, was quite a ways down the chain of command behind such companions of Prophet Muhammad as Abu Bakr, Uthman, Umar, Ali, etc.

But YOU, Malcolm, were treated like a SON by The Messenger. You have no kick coming — he did more for you than your real parents ever could, or were inclined to do, even if they could. Then you openly confess on a nationwide television network that all the time you were being exalted to a position approximating number three man in the Universe, you were in reality a hypocrite.

That is what you were saying when you reminded Mike Wallace that when you were a Muslim you spoke for Messenger Muhammad, but now you are speaking for yourself.

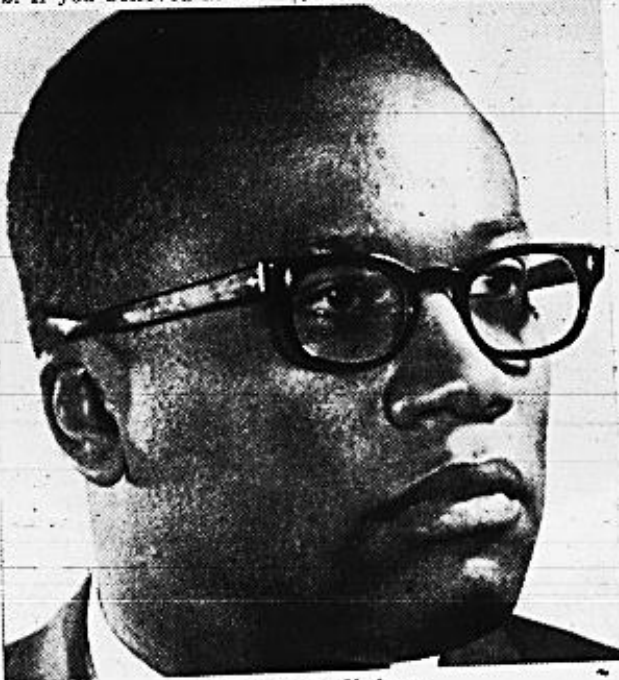

In other words, all the time you were representing the Messenger of Allah, you were speaking with your MOUTH that which was not in your HEART. This is the EXACT definition of a hypocrite.

If it were not for the Messenger, you would still be just another unheard-of penny-ante Harlem hustler. Now that you have defected, you are a FAMOUS penny-ante Harlem hustler. The Bible accurately describes you as "a dog returning to his own vomit." You've even gotten shaggy like a dog.

I spoke of "when you WERE a Muslim." This was no error on my part. You should stop lying to people in a manner designed to make them think that you are still a Muslim, even though you are not following The Messenger. THIS IS IMPOSSIBLE. A Muslim is one who submits himself ENTIRELY to the will of Allah, and it is the will of Allah that we (so-called Negroes) follow the Honorable Elijah Mu-

hammad. The Fundamental Principles of the Religion of Islam condemn you:

1. If you believed in AL-LAH, you wouldn't put your trust in guns;
2. If you believed in DI-

VINE REVELATION, you would have paid heed to what was revealed to The Messenger and what was revealed BEFORE The Messen-

BEFORE THE REVEALING of your own RISE, HYPOCRISY, and FALL;

3. If you believed in the

RESURRECTION, you would not have dived headlong back into the grave from which you were raised;

4. If you believed in the JUDGMENT, you would fear the prospect of facing God clothed in TREACHERY and DECEIT;

But this shouldn't bother you, Malcolm. Why should

you want to practice the Religion that Messenger Muhammad taught you, anyway? Since you have declared to the world that you think he was wrong about

the DEVIL, aren't you afraid he also was wrong about God?

She Slapped Back; Arrested for Assault and Loses Job

JACKSON, Miss. — A college employee here still waits trial on a charge of assault after she slapped a white man who had first slapped her more than two months ago—but 16 days after the incident, she was fired from her position.

Miss Norma Stamps, employed at Jackson State College as a departmental secretary, was waiting in line April 14 to enter a courtroom for the Beckwith trial when she was slapped by an elderly white man. She returned the slap—and was arrested, charged with assault and later released on bail.

Miss Stamps received notification April 29 of the term-

ination of her employment on April 30.

She said a supervisor told her that the president of the college had asked for Miss Stamps' resignation, warning that she would be fired otherwise.

Later, Miss Stamps said, the school president told her that she was fired for unauthorized absences despite authorized sick leaves by her physician.
